** Important Notice **

COVID-19 Vaccine and Administration POS Billing Guidance

Updated September 1, 2021
New Eligibility Groups
Additional and Booster Dose Billing
New Hampshire Medicaid Pharmacy Program
(Fee-for-Service and Managed Care)

New Hampshire Fee-for Service Medicaid remains committed to ensuring New Hampshire Medicaid recipients receive medically necessary care during the 2019 novel coronavirus (COVID-19) state of emergency, including preventive services to reduce and slow the spread of the disease.

As a reminder, New Hampshire Medicaid Fee-for Service will reimburse Pharmacies for **all eligible** Medicaid recipients for COVID vaccines through Point of Sale.

- New Hampshire Fee-for Service Medicaid will be reimbursing Pharmacies at Point of Sale for COVID vaccines for the following **additional** eligibility groups: Family Planning Expansion and COVID Test.

Coverage of the COVID vaccines for the 2 new eligibility groups was effective as of 3/11/2021.

- **Additional Dose, Booster Dose**: Pharmacies must submit a SCC = 7 (NCPDP Field # 420-DK, Medically Necessary) to receive an administration fee of **$40.00** for additional doses of the COVID vaccines when determined to be medically necessary. The SCC = 7 will also be necessary for processing claims for the booster vaccine initiative in compliance with CDC guidance.

Coverage of the additional doses of the COVID vaccines will begin 9/1/2021 with an effective date of 8/12/2021.

Pharmacies needing assistance may call the
Magellan Call Center at (866) 675-7755.

Sincerely,
Magellan Medicaid Administration, Inc.
