# Provider Quals Overview

Last month, the group discussed the different places that provider requirements are located.

# Existing Provider Qualifications

Many provider qualifications exist in state regulations. Let's review those...

## HE-M 507

### Community Participation Services

- Requires staff be at least 18
- Requires the provider agency to obtain references, complete criminal record checks, complete a motor vehicles record check
- Prohibits employment by felons or people with some misdemeanors
- Staff must be trained with regard to their client's rights and safety, health conditions, communication needs, behavioral supports, individual service agreement
- Inexperienced staff are required to work with another staff member during their orientation
- Requires special trainings within the first 6-months, including an overview of developmental disabilities

## HE-M 518

### Employment Professionals

- Requires the provider agency to obtain references, complete criminal record checks
- Prohibits employment by felons or people with some misdemeanors
- Staff must complete a training that meets national competencies for job development and job coaching OR be a Certified Employment Services Professional
- Staff must obtain 12 hours of continuing education in relevant subject areas
- Staff must be trained on task analysis, business understanding, systematic instruction, building natural supports, fading plan implementation, communication, and independence

# Day Services Provider Qualifications Discussion

## Community Participation Services

- No requirements above and beyond what is in rule
- Should current requirements change or be added to?

## Transitional Employment Services

- Supported employment (transitional employment is not a current service) requirements are not above and beyond what is outlined in rule.
- Should current requirements change or be added to?

## Supported Employment Services

- No requirements above and beyond what is in rule
- Should current requirements change or be added to?

## Adult Medical Day Services

- This is not a current waiver service. What requirements should be in place?
