AGENDA TOPICS

Time allotted | 1 hour | Agenda topic Introductions and Presentation on Suicide Prevention |

Katherine Cox highlighted some of the takeaways from the recent Suicide Prevention Conference.

- There is an increased risk of suicide in the LGBTQIA+ community
- Younger Adults are the hardest to engage in services, but also the most at risk.
- Gate Keeper training is expanding to coaches, librarians, and PTO's in some communities in NH.
- Teens have expressed the text feature of 988.

Rapid Response Data can be found at the end of these minutes.

At 2:13 p.m., the meeting was put into a non-public session. The statement was read by Jo Porter. Seconded by Jennie Duval. Vote yes by all present.

"I move to enter into non-public session for the purposes of, including but not limited to, discussing matters pertaining to a fatality review during which it is anticipated that information and issues will be discussed which would likely adversely affect the reputation of persons. Further, it is anticipated that there will be discussions about, including but not limited to, documents pertaining to internal personnel practices, confidential information, personnel, medical and other files and information whose disclosure would constitute an invasion of privacy all pursuant to RSA-91-A:3, II © and RSA 91-A:5, IV"

Time allotted | 2 hours | Agenda topic: Case Reviews: Suicides | Presenter Various Members

This portion of the meeting is non-public and the records are sealed.

Meeting has put back into public session at 3:33 pm.

"I move to seal the minutes of the non-public session because the disclosure of those minutes would likely adversely affect the reputation of persons and there was a discussion about, including but not limited to, documents pertaining to internal personnel practices, confidential information, personnel, medical, and any other files and information whose disclosure would constitute an invasion of privacy"

"The minutes are now sealed"

The statement was read by Jo Porter. Seconded by Jennie Duval. Yes by all present. The meeting was open to other business, but there was none.

New Hampshire Rapid Response

New Hampshire's Rapid Response crisis system officially launched on January 1st, 2022. The below data spans **January 2022 through March 2023**. This data is preliminary but being shared to illustrate that the system is up and running and available statewide and across the lifespan.

WHAT IS IT?

The New Hampshire Rapid Response system is comprised of three components: Centralized Access Point, Mobile Crisis Response Teams, and location-based services. These services, in the most simple of terms, are meant to provide people in NH with:

Someone to call, text or chat

Someone to respond

Somewhere to go

38,605 CONTACTS

January 2022–March 2023 the access point assisted individuals 38,605 times via phone, text, and/or chat.

YOUTH & ADULTS

On average, **17%** of contacts with the access point were under 18 years old and **83%** were over 18

MOBILE DISPATCHES

On average, **23%** of access point interactions state-wide resulted in mobile dispatches

Youth & Adults

On average, **40%** of contacts resulted in mobile dispatches for youth and **20%** of contacts resulted in mobile dispatches for adults

NH Rapid Response created an opportunity to strengthen the community-based crisis response system designed to care for NH children, youth, adults, and families experiencing a mental health and or substance use crisis. Many dedicated professionals who work in NH's behavioral health system are dedicated to successfully implementing this new model. While Rapid Response is now live and partners have worked hard to get to this point, system improvement continues to ensure each communities' unique needs are being met. Please reach out; engage early and often.
