RFP# 16-DHHS-DCBCS-BDAS-03

No.	Question	Answer
1.	Is post-discharge contact with a client a violation of 42 CFR, Part 2?	As long as the Vendor's agency is contacting the client (and not calling the client's employer, spouse, or another person to try to find the client), there is no violation because there is no disclosure of client information to anyone except for the client.
2.	What is under sealed cover, in Section 7.1.1 Overview, 4 <sup>th</sup> bullet that reads, "Proposals should be received by the date and time specified in the Procurement Timetable identified in Section 6.2 and delivered, under sealed cover, to Procurement Coordinator identified in Section 6.1."	Sealed cover means that the original and copies of the Technical Proposals shall be packaged/boxed together, sealed and labeled according to Section 7.1.3. Likewise, the original and copies of the Cost Proposals shall be packaged/boxed together, sealed, and labeled according to Section 7.1.4.
3.	Is BDAS requiring the Transitional Living Services program to be Licensed as a Rehabilitation Facility?	See RFP Section 3.6.4
