Care Notes

*To all that is sacred in the universe;
Today I ask for strength as I face my
current situation. May the Spirit of Life
fill me with healing in body, mind, and
spirit, that I may have the courage to let
go of all harmful behaviors, thoughts, and
beliefs.*

*Grant me the ability to begin anew
today.*

*Let new life fill all the dark places within
me, setting me free to forgive myself and
others, accept help and hope, and
welcome opportunities for growth and
recovery.*

Amen.

Healing

Life's not about expecting, hoping and wishing, it's about doing, being and becoming. It's about the choices you've just made, and the ones you're about to make, it's about the things you choose to say - today. It's about what you're gonna do after you finish reading this.
