

New Hampshire WIC PROGRAM APPROVED FORMULAS

Standard Contract Infant Formulas

The New Hampshire WIC Program provides **Abbott Similac Advance** as the standard iron-fortified milk-based formula and **Similac Soy Isomil** as the standard soy-based formula for an infant's first year, per parental choice.

Similac Sensitive, Similac Total Comfort and Similac Spit Up are offered as alternate contract milk-based formulas; they contain 19 calories/ounce at standard dilution and require medical documentation--USDA requires standard infant formula provided by WIC to contain 20 calories/ounce. Medical documentation also is required for premature infants needing Similac Soy Isomil.

Similac Advance

Similac Soy Isomil (soy-based)

ALTERNATE formulas with medical documentation:

Similac Sensitive

Similac Total Comfort

Similac Spit Up
