October 2011

NH Project Goal & Partners

- Goal: Deliver “One Touch” healthy and energy efficient homes treatment through coordinated service delivery and referral.
 - NH Housing
 - HHS: Lead, asthma, health visitors
 - Weatherization
 - State IPM

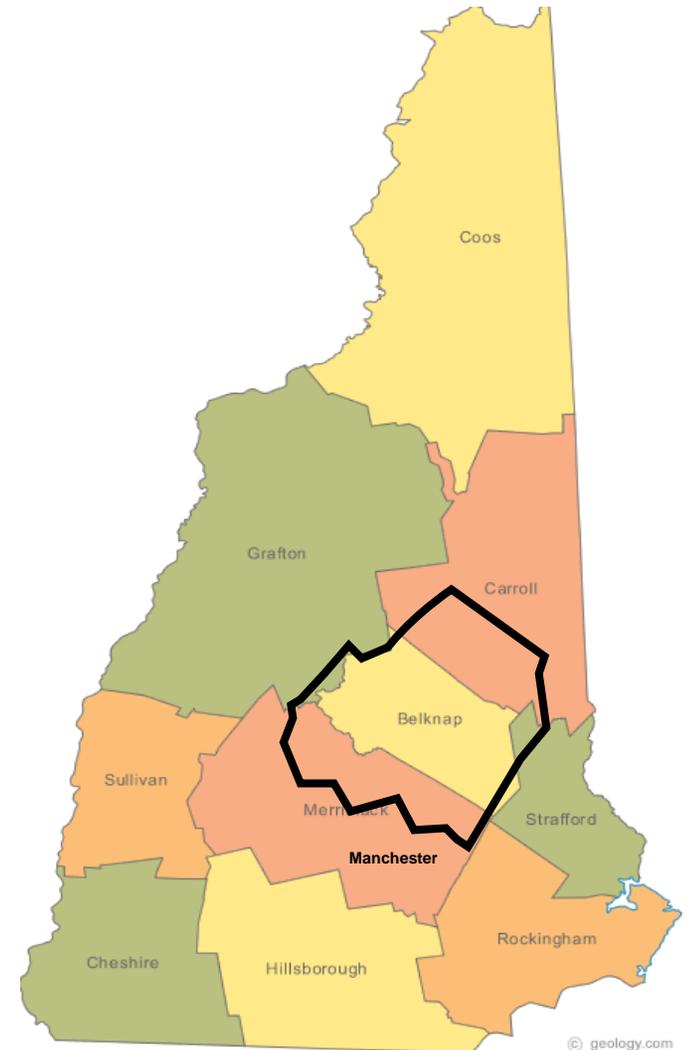

The Opportunity

Issue	Families Touched/Year	Program Provides Home Visits or Repairs
Health	1800	Asthma, Lead Poisoning, Head Start, Home Visiting
Housing	<500	Housing Rehab, Lead Hazard Control
Energy	1800 (1,000 low income)	Weatherization, Utility-Funded Energy Upgrades

Pilot Efforts

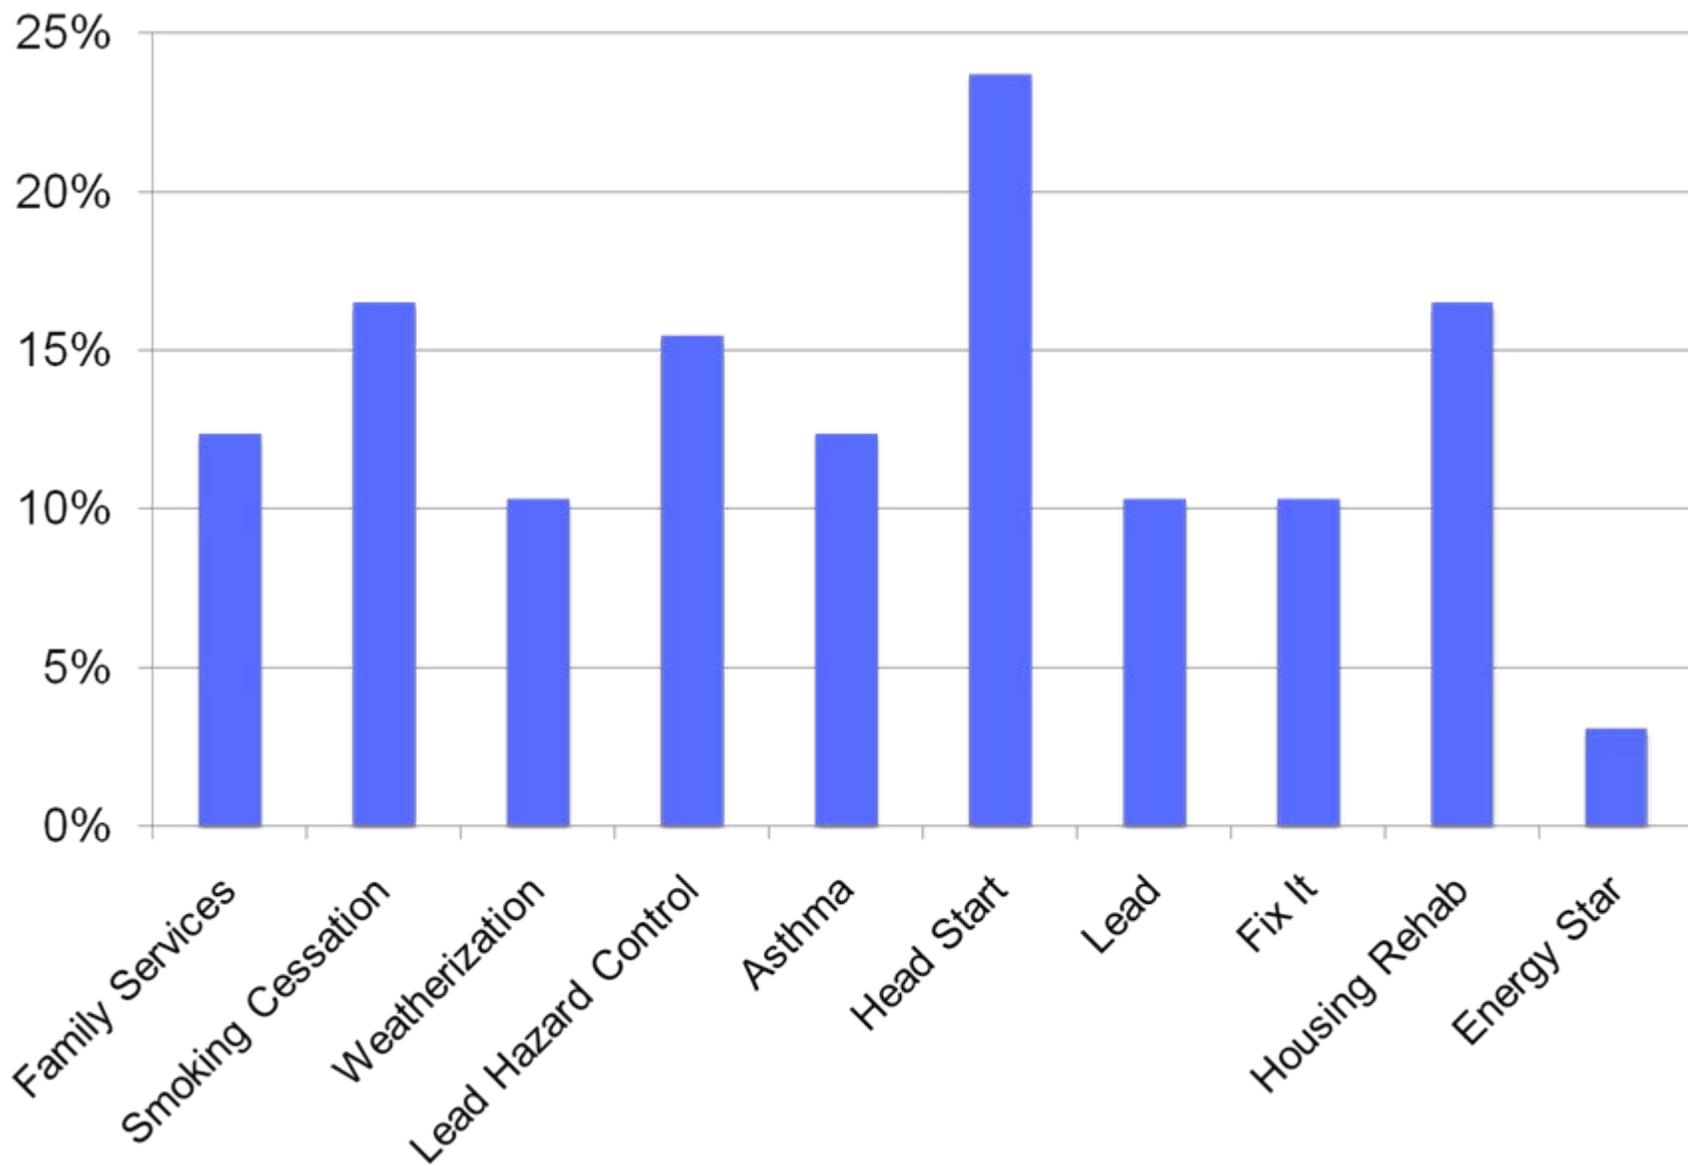

- Developed Health Housing and Energy Efficiency Check Up Forms
- Piloted in Manchester and Belknap Merrimack CAP -- > 90 Homes
- **Manchester:** asthma, health visiting, lead, housing rehab, Weatherization
- **Belknap Merrimack:** Head Start, Weatherization
- Strongly embraced by programs
- Adds 15 minutes per visit
- Resulted in significant referrals

City of Manchester

- 95 units
- Nine partnering agencies
- 127 referrals
- Adds 15 minutes to each home visit
- Referrals tracked on Google.docs

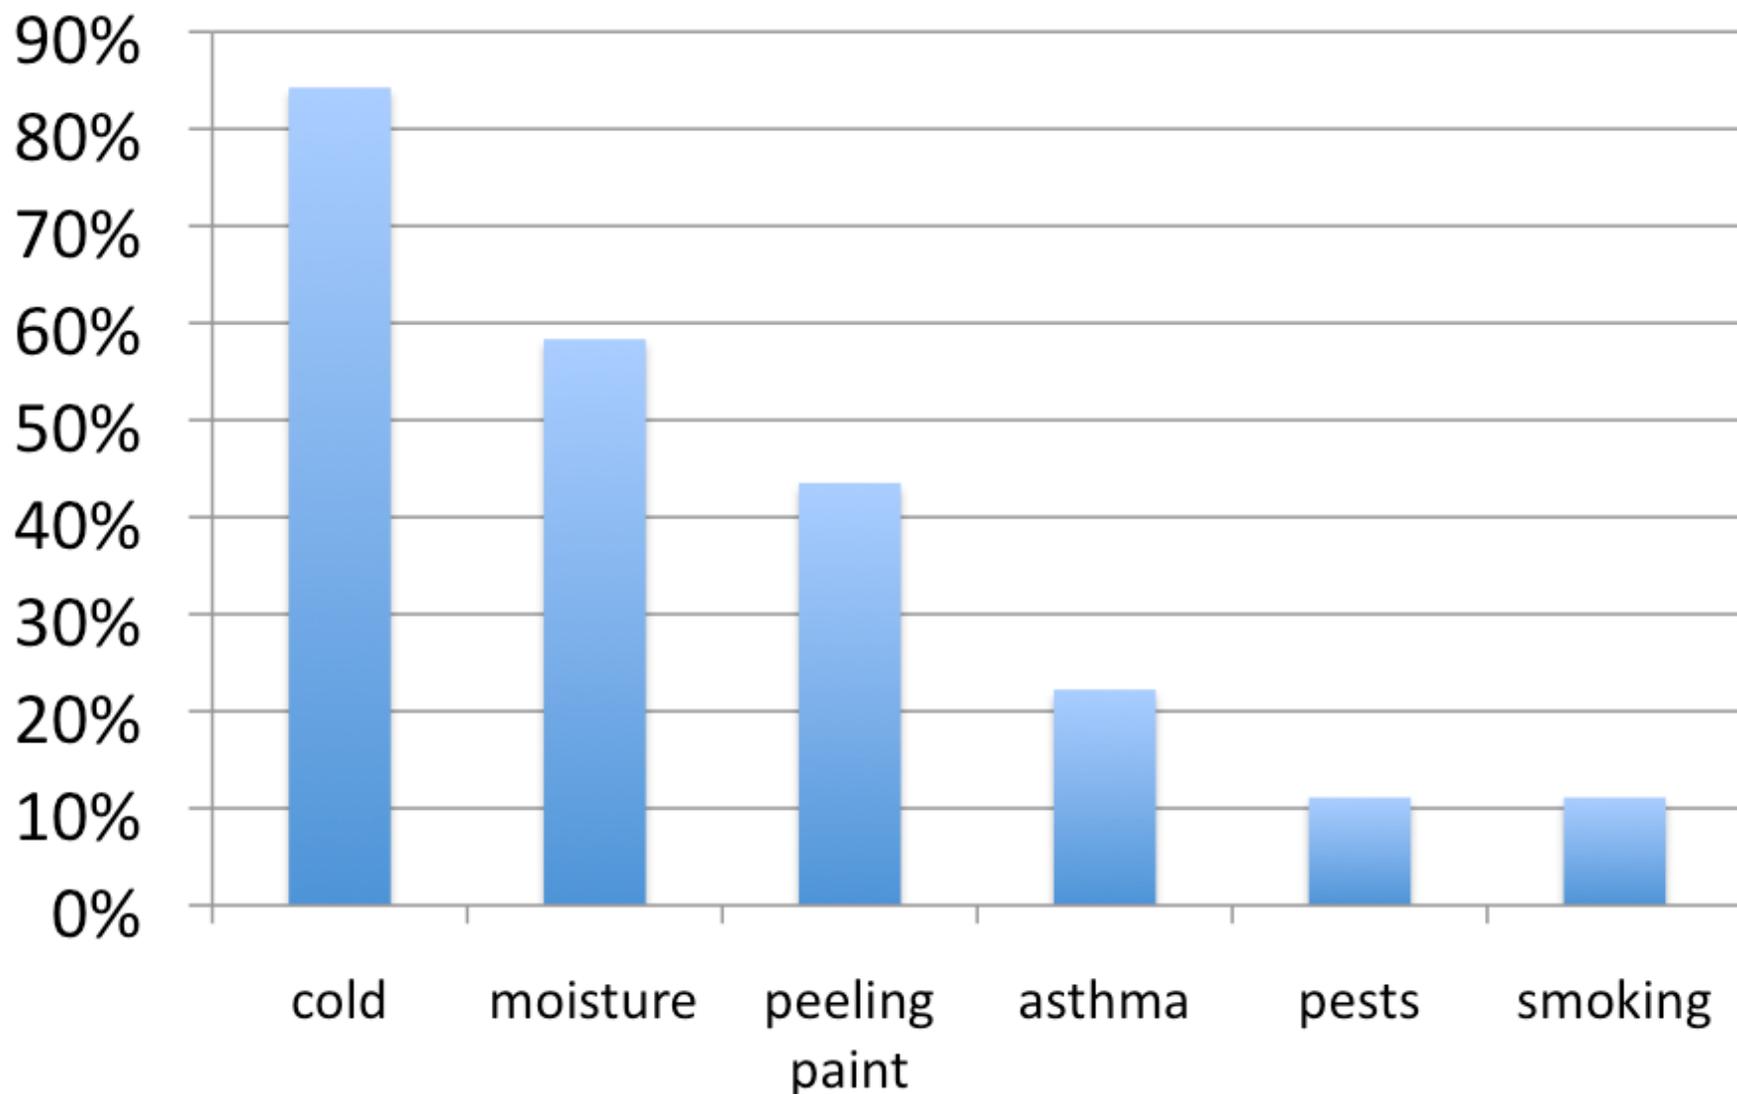

% of Manchester Units With Referrals

Manchester Successes

- City is completed HH Strategic Plan
- Health, housing & Code partners completed HH Training
- One-Touch Partners meet regularly
- Partners have taken ownership & modified EE & HH Checkup forms
- Designed 2-Sided Partner Referral page

Percent of Concord Units with Risks

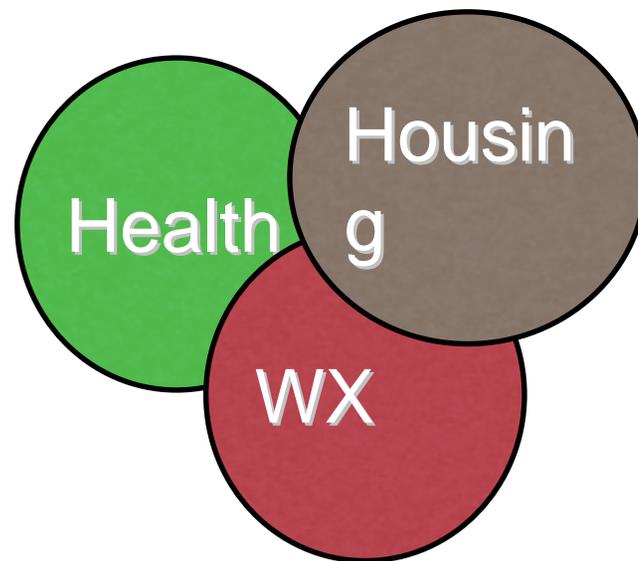

Opportunities for Improvement

- Google.docs is blocked by IT personnel of key partners
- Need further partner education to ensure successful referrals
- Initial enthusiasm for some partners is wearing

Referral Commitments

- Lead, MCH to track referrals
- MOU - Health, Housing, & Weatherization
- Lead One Touch Sub-grants
- NH Housing to integrate HH and EE with housing assessments
- Head Start to encourage HH & EE referrals

HH Repair Commitments

- Lead Hazard Control Grant -- owner 10% match to fund HH
- Lead Poisoning Prevention, Housing Rehab, MCH -- identify and leverage funds for HH and EE
- WX to add **moisture** and **pest repairs** to audits and work practices, pending state funded IPM project

Omaha Project

- Facilitate collaboration among health, housing, energy organizations to deliver “One Touch” healthy and energy efficient homes treatments
- Omaha Partners
 - City Lead Hazard Control Grant Program & CLPP
 - Douglass County CLPP
 - City Housing Rehab
 - Weatherization
 - reEnergize – DOE Better Buildings Project
 - Omaha Healthy Kids Alliance
 - Omaha Public Power District
 - Habitat for Humanity
 - ReBuilding Together
 - Head Start

Omaha, NE

The Opportunity

Issue	Families Touched/Year	Program Provides Home Visits or Repairs
Health	2200	Lead, Head Start, Home Visiting (#'s not included)
Housing	200	Housing Rehab & Repairs
Energy	1150 (400 low income)	Weatherization, reEnergize, Utility-Funded Upgrades

Omaha Progress

- HH Checklists done in >70 units
- 45 min/unit as initial reEnergize site visit
- Participating Partners
 - » reEnergize
 - » Omaha Healthy Kids
 - » Weatherization
 - » Omaha Lead Hazard Control Grant Program
 - » Omaha Rehab
 - » Douglass County Lead
- HH embedded in reEnergize; city coordinates data and referrals
- Partners signing One Touch Compact

What is SHHIP?

The Safe and Healthy Homes Investment Partnership (SHHIP) is a **federal certification** that recognizes local governments and their non-profit partners that are **working together** to provide **citizen centered building based** interventions.

SHHIP Model

SHHIP is based on best practices pioneered by :

- HUD Healthy Homes Demonstration Grantees
- The Green and Healthy Homes Initiative
- The CT Efficiency Healthy Homes Initiative
- the One Touch Healthy Homes Intervention Program

Moving Forward

- Finalize NH Commitments
 - Move One Touch to NH Regions
 - Apply for SHHIP designation
 - Spread The Word.... One Touch can happen without significant new funding
