

April 4, 2016

Dear Ms. Fournier,

Goodwin Community Health is submitting a non-binding letter of intent as the Integrated Delivery Network (IDN) Administrative Lead Organization for Region 7. As you know, we are trying to come to consensus with Strafford and Rockingham County providers to submit one application, but in the meantime, there are several agencies located in Strafford County submitting this non-binding letter of intent and I believe one has from Rockingham County.

I will be the contact person: Janet Laatsch, CEO, [jlaatsch@goodwinch.org](mailto:jlaatsch@goodwinch.org), 603-516-2550, 311 Route 108, Somersworth, NH 03878.

Goodwin hosted a meeting March 24<sup>th</sup> with the following IDN partners attending with the exception of a last minute cancel from Homemakers of Strafford County. All have agreed to participate or, in the case of Homemakers of Strafford County, a preliminary conversation took place. Partnering Provider list:

- Community Partners
- Frisbie Memorial Hospital
- Wentworth Douglas Hospital
- Strafford County CAP
- Southeastern New Hampshire Services
- Cornerstone VNA
- Homemakers of Strafford County
- Tri-City Consumers Action
- Strafford County Facilities
- Strafford County Public health Network

Thank you for all of your work on the 1115 waiver.

Sincerely,

A handwritten signature in cursive script that reads "Janet Laatsch".

Janet Laatsch
