2018	540-500382	Social Service Contracts	\$25,000
2019	540-500382	Social Service Contracts	\$ 6,250
		Total	\$50,000

EXPLANATION

The purpose of this request is to purchase personal emergency response systems that allow elderly adults to secure and maintain maximum independence and dignity. Participants receive a personal emergency response device that they can use to summon the contractor for emergency assistance. The contractor will provide 24/7 monitoring services for a fee of \$30 per client, per month.

The personal emergency response systems provided through this agreement assist eligible individuals to live as independently as possible in safety and with dignity. The Department will measure the contractor's performance based upon the following: The contractor will conduct client surveys on the quality of the services to ensure satisfactory services to the elderly population. Additionally, the contractor will be collecting and reporting data on the number of clients served; the number of hours spent on delivering services to clients; and the locations of the clients receiving services. Information collected by the contractor will be used by the Department to understand gaps in service delivery and to be better informed to engage in more meaningful discussions about this important response system that helps elderly adults remain in their homes and stay connected to their communities.

This contract was competitively bid. A Request for Applications was available on the Department of Health and Human Services' website from July 19, 2016 through August 16, 2016. Two (2) applications were received in response to the Request for Applications. The applications were evaluated based upon the criteria published in the Request for Applications by a team of individuals with program specific knowledge and expertise. GTI, Inc. d/b/a/ Link to Life was selected. The bid summary is attached.

As referenced in the Request for Application and in Exhibit C-1 of this contract, this competitively procured Agreement has the option to be extended for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council.

Should the Governor and Executive Council not authorize this agreement, personal emergency response systems provided to low income, elderly clients may be reduced, or eliminated, to an extent that it could jeopardize their ability to remain in their homes and in their communities. This could result in the need for more costly long-term care services in traditional nursing homes or community based care programs. Personal emergency response systems allow the elderly adults to secure and maintain independence, health, and quality of life while remaining in their own homes and communities.

Area served: Statewide

Sources of Funds are 64% General Funds and 36% Federal Funds. CFDA # 93.044, United States Department of Health and Human Services, Administration for Community Living, Older Americans Act Title III, Grants for State and Community Programs on Aging – Title IIIB, FAIN #17AANHT3SS.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I.
