FOR

**Recovery Housing Services and Supports
For Individuals with Opioid Use Disorder**

October 22, 2018

REQUEST FOR APPLICATIONS

1. Request for Services

- 1.1. This Request for Applications (RFA) is published to solicit applications from vendors to provide Recovery Housing services and supports to individuals with OUD (Opioid Use Disorder) who need housing in a supported, safe recovery housing environment.
- 1.2. The Department is seeking vendors who align services with the ten (10) Guiding Principles of Recovery, as defined by SAMHSA, who have the following experience and skills:
 - 1.2.1. Ability to establish and maintain a Recovery Housing facility that is compliant with the National Alliance for Recovery Residences (NARR) principles and standards.
 - 1.2.2. Ability to deliver recovery-oriented support services to individuals with OUD.

1.3. Purpose

The mission of the New Hampshire DHHS, Division for Behavioral Health, Bureau of Drug and Alcohol Services, is to assist individuals, families, and communities in reducing alcohol and other drug use disorders, thereby increasing opportunities for citizens to achieve health and independence.

The State of New Hampshire application for funding through the Substance Abuse and Mental Health Services Administration (SAMHSA) State Opioid Response (SOR) grant opportunity was awarded in September 2018.

New Hampshire's SOR projects will use evidence-based methods to expand treatment, recovery and prevention services to individuals with Opioid Use Disorder (OUD) in NH. These critical funds will strengthen established programs that have had a positive impact on the opioid crisis as well as expand the capacity for programs that have shown promise in helping individuals battling an opioid misuse issue and combatting the epidemic in NH.

In 2017, NH had 488 opioid-related deaths, 2,774 emergency Naloxone (Narcan) administrations, and 6,684 emergency department opioid related visits. NH is ranked as having the third highest overdose rate in the country at 39 individuals per 100,000 populations.

This Request for Applications (RFA) is one of the projects that will be implemented under the State Opioid Response funding.

1.4. Target Populations

The Department recognizes that NH has minimal capacity to serve individuals in need of recovery housing options. There is even less access for specialty populations that may have complex backgrounds or gender-specific housing requirements. For this reason, the Department intends to fund up to four (4) recovery houses statewide to serve specific populations with OUD, including:

- 1.4.1. One (1) Recovery Residence for females only with OUD. This residence must have staff, house managers, or peers in recovery with enhanced training in delivery of trauma-informed support. This residence shall include all supports of a Recovery Residence in compliance with the appropriate NARR standard.
- 1.4.2. One (1) Recovery Residence for individuals with OUD, tailored for those who have complex criminal backgrounds, including those that limit their access to other publicly funded housing options, with all the support of a Recovery Residence in compliance with the appropriate NARR standard.
- 1.4.3. Two (2) Recovery Residences to serve the general population of individuals with Opioid Use Disorder (OUD) who are in need of housing in a supported, safe, recovery housing environment in compliance with the appropriate NARR standard.

1.5. Scope of Services

- 1.5.1. The selected Vendor(s) must provide a physical recovery housing facility which includes, but may not be limited to:

- 1.5.6. The selected Vendor(s) must ensure that all house managers and/or staff are trained to deliver Naloxone in the case of an overdose.
- 1.5.7. The selected Vendor(s) must meet all information security and privacy requirements as set by the Department.

1.6. Requirements

- 1.6.1. The selected Vendor(s) must register with the State of New Hampshire, Bureau of Drug and Alcohol Services in accordance with current NH Administrative Rules.

Funds may be utilized to support recovery housing operations, staff, and supportive services provided to residents. Funds may also be set-aside at the Vendor(s) discretion to cover resident costs not otherwise covered by other payers for costs associated with transportation, medication co-pays, treatment deductibles, childcare, etc.

Delivery of the Application shall be at the Applicant's expense. The time of receipt shall be considered when an Application has been received by DHHS, in accordance with its established policies. The State accepts no responsibility for mislabeled mail. Any and all damage that may occur due to shipping shall be the Applicant's responsibility.
- 2.2.3. Applicants shall be presumed to be in agreement with the terms and conditions of the RFA and the sample contract in Appendix B, unless Applicant takes specific exception to one or more conditions through specifying these on Appendix A. For instructions see Appendix A.

2.3. Contract Monitoring Provisions

- 2.3.1. All Applicants must complete Appendix D Contract Monitoring Provisions.
 - 2.3.1.1. The Department will determine if enhanced contract monitoring is necessary for any selected Vendor(s).

2.4. Compliance

- 2.4.1. Applicants must be in compliance with applicable federal and state laws, rules and regulations, and applicable policies and procedures adopted by the Department of Health and Human Services currently in effect, and as they may be adopted or amended during the contract period.

2.4.2. Culturally and Linguistically Appropriate Standards

- 2.4.2.1. The New Hampshire Department of Health and Human Services (DHHS) is committed to reducing health disparities in New Hampshire. DHHS recognizes that culture and language can have a considerable impact on how individuals access and respond to health and human services. Culturally and linguistically diverse populations experience barriers in their efforts to access services. As a result, DHHS is strongly committed to providing culturally and linguistically competent programs and services for its clients, and as a means of ensuring access to quality care for all. As part of that commitment DHHS continuously strives to improve existing programs and services, and to bring them in line with current best practices.
- 2.4.2.2. DHHS requires all contractors and sub-recipients to provide culturally and linguistically appropriate programs and services in compliance with all applicable federal civil rights laws, which may include: Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and the Rehabilitation Act of 1973. Collectively, these laws prohibit discrimination on the grounds of race, color, national origin, disability, age, sex, and religion.
- 2.4.2.3. There are numerous resources available to help recipients increase their ability to meet the needs of culturally, racially and linguistically diverse clients. Some of the main information sources are listed in the Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Section of the RFP, and, in the Vendor/RFP section of the DHHS website.
- 2.4.2.4. A key Title VI guidance is the National Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards), developed by the U.S. Department of Health and Human Services in 2000. The CLAS Standards provide specific steps that organizations may take to make their services more culturally and linguistically appropriate. The enhanced CLAS standards, released in 2013, promote effective communication not only with persons with Limited English Proficiency, but also with persons who have other communication needs. The enhanced Standards provide a framework for organizations to best serve the nation's increasingly diverse communities.
- 2.4.2.5. Applicants are expected to consider the need for language services for individuals with Limited English Proficiency as well as other communication needs, served or likely to be encountered in the eligible service population, both in developing their budgets and in conducting their programs and activities.

2.4.3. Successful Applicants will be:

- 2.4.3.1. Required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council; and
- 2.4.3.2. Monitored on their Federal civil rights compliance using the Federal Civil Rights Compliance Checklist, which can be found in the Vendor/RFP section of the DHHS website.
- 2.4.4. The guidance that accompanies Title VI of the Civil Rights Act of 1964 requires recipients to take reasonable steps to ensure meaningful access to their programs and services by persons with Limited English Proficiency (LEP persons). The extent of an organization's obligation to provide LEP services is based on an individualized assessment involving the balancing of four factors:
 - 2.4.4.1. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program or services (this includes minor children served by the program who have LEP parent(s) or guardian(s) in need of language assistance);
 - 2.4.4.2. The frequency with which LEP individuals come in contact with the program, activity or service;
 - 2.4.4.3. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service; and
 - 2.4.4.4. The resources available to the organization to provide language assistance.
- 2.4.5. **Applicants are required to complete the TWO (2) steps listed in the Appendix C to this RFA, as part of their Application.** Completion of these two items is required not only because the provision of language and/or communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Applicants' program design, which in turn, will allow Applicants to put forth the best possible Application.
- 2.4.6. For guidance on completing the two steps in Appendix C, please refer to Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFA, which is posted on the DHHS website. <http://www.dhhs.nh.gov/business/forms.htm>.

2.5. Non-Collusion

- 2.5.1. The Applicant's required signature on the Transmittal Cover Letter for an Application submitted in response to this RFA guarantees that the prices, terms and conditions, and services have been established without collusion with other Applicants and without effort to preclude DHHS from obtaining the best possible Application.

2.6. Applicant Withdrawal

- 2.6.1. Prior to the Closing Date for receipt of Applications, an Application may be withdrawn by submitting a written request for its withdrawal to Procurement Coordinator identified in Section 3.3.2.

2.7. Public Disclosure

- 2.7.1. The content of a bidder's Application must remain confidential until the Governor and Executive Council have approved a contract as a result of this RFA. A Bidder's disclosure or distribution of the contents of its Application, other than to the State, will be grounds for disqualification at the State's sole discretion.
- 2.7.2. The content of each Application and addenda thereto will become public information once the Governor and Executive Council have approved a contract. Any information submitted as part of an Application in response to this RFA may be subject to public disclosure under RSA 91-A. In addition, in accordance with RSA 9-F:1, any contract entered into as a result of this RFA will be made accessible to the public online via the website Transparent NH (www.nh.gov/transparentnh/). Accordingly, business financial information and proprietary information such as trade secrets, business and financials models and forecasts, and proprietary formulas may be exempt from public disclosure under RSA 91-A:5, IV.
- 2.7.3. Insofar as an Applicant seeks to maintain the confidentiality of its confidential commercial, financial or personnel information, the Applicant must clearly identify in writing the information it claims to be confidential and explain the reasons such information should be considered confidential. This should be done by separate letter identifying by page number and Application section the specific information the Applicant claims to be exempt from public disclosure pursuant to RSA 91-A:5.
- 2.7.4. Each Applicant acknowledges that DHHS is subject to the Right-to-Know Law New Hampshire RSA Chapter 91-A. DHHS shall maintain the confidentiality of the identified confidential information insofar as it is consistent with applicable laws or regulations, including but not limited to New Hampshire RSA Chapter 91-A. In the event DHHS receives a request for the information identified by an Applicant as confidential, DHHS shall notify the Applicant and specify the date DHHS intends to release the requested information. Any effort to prohibit or enjoin the release of the information shall be the Applicant's responsibility and at the Applicant's sole expense. If the Applicant fails to obtain a court order enjoining the disclosure, DHHS may release the information on the date DHHS specified in its notice to the Applicant without incurring any liability to the Applicant.

2.8. Non-Commitment

- 2.8.1. Notwithstanding any other provision of this RFA, this RFA does not commit DHHS to award a Contract. DHHS reserves the right to reject any and all Applications or any portions thereof, at any time and to cancel this RFA and to solicit new Applications under a new Application process.

2.9. Liability

- 2.9.1. By submitting an Application in response to this RFA, an Applicant agrees that in no event shall the State be either responsible for or held liable for any costs incurred by an Applicant in the preparation or submittal of or otherwise in connection with an Application, or for work performed prior to the Effective Date of a resulting contract.

2.10. Request for Additional Information or Materials

- 2.10.1. During the period from date of Application submission to the date of Contractor selection, DHHS may request of any Applicant additional information or materials needed to clarify information presented in the Application. Key personnel shall be available for interviews.

2.11. Oral Presentations and Discussions

- 2.11.1. DHHS reserves the right to require some or all Applicants to make oral presentations of their Application. Any and all costs associated with an oral presentation shall be borne entirely by the Applicant.

2.12. Contract Negotiations and Unsuccessful Applicant Notice

- 2.12.1. If an Applicant(s) is selected, the State will notify the successful Applicant(s) in writing of their selection and the State's desire to enter into contract negotiations. Until the State successfully completes negotiations with the selected Applicant(s), all submitted Applications remain eligible for selection by the State. In the event contract negotiations are unsuccessful with the selected Applicant(s), the evaluation team may recommend another Applicant(s).
- 2.12.2. In order to protect the integrity of the bidding process, notwithstanding RSA 91-A:4, no information shall be available to the public, or to the members of the general court or its staff, concerning specific responses to requests for bids (RFBs), requests for proposals (RFPs), requests for Applications (RFAs), or similar requests for submission for the purpose of procuring goods or services or awarding contracts from the time the request is made public until the closing date for responses except that information specifically allowed by RSA 21-G:37.

2.13. Scope of Award and Contract Award Notice

- 2.13.1. DHHS reserves the right to award a service, part of a service, group of services, or total services and to reject any and all Applications in whole or in part. A contract award is contingent on approval by the Governor and Executive Council.

2.14. Site Visits

- 2.14.1. The Department may, at its sole discretion, at any time prior to contract award, conduct a site visit at the bidder's location or at any other location deemed appropriate by the Department, in order to determine the bidder's capacity to satisfy the terms of this RFP/RFB/RFA. The Department may also require the bidder to produce additional documents, records, or materials relevant to determining the bidder's capacity to satisfy the terms of this RFP/RFB/RFA. Any and all costs associated with any site visit or requests for documents shall be borne entirely by the bidder.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

New Hampshire Department of Health and Human Services**Exhibit K****DHHS Information Security Requirements**

request for disclosure on the basis that it is required by law, in response to a subpoena, etc., without first notifying DHHS so that DHHS has an opportunity to consent or object to the disclosure.

3. If DHHS notifies the Contractor that DHHS has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Contractor must be bound by such additional restrictions and must not disclose PHI in violation of such additional restrictions and must abide by any additional security safeguards.
4. The Contractor agrees that DHHS Data or derivative there from disclosed to an End User must only be used pursuant to the terms of this Contract.
5. The Contractor agrees DHHS Data obtained under this Contract may not be used for any other purposes that are not indicated in this Contract.
6. The Contractor agrees to grant access to the data to the authorized representatives of DHHS for the purpose of inspecting to confirm compliance with the terms of this Contract.

II. METHODS OF SECURE TRANSMISSION OF DATA

1. Application Encryption. If End User is transmitting DHHS data containing Confidential Data between applications, the Contractor attests the applications have been evaluated by an expert knowledgeable in cyber security and that said application's encryption capabilities ensure secure transmission via the internet.
2. Computer Disks and Portable Storage Devices. End User may not use computer disks or portable storage devices, such as a thumb drive, as a method of transmitting DHHS data.
3. Encrypted Email. End User may only employ email to transmit Confidential Data if email is encrypted and being sent to and being received by email addresses of persons authorized to receive such information.

APPENDIX C

Addendum to CLAS Section of RFA for Purpose of Documenting Title VI Compliance

All DHHS applicants are required to complete the following two (2) steps as part of their application:

- (1) Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;
- (2) Taking into account the outcome of the four-factor analysis, respond to the questions below.

Background:

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure **meaningful access** by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The **key** to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The **starting point** for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients **does not diminish** the obligation covered entities have to address those needs.

APPENDIX C

Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person's limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as then there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

Applicant STEP #1 – Individualized Assessment Using Four-Factor Analysis

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

- (1) The **number** or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
- (2) The **frequency** with which LEP individuals come in contact with the program, activity or service;
- (3) The **importance** or impact of the contact upon the lives of the person(s) served by the program, activity or service;
- (4) The **resources** available to the organization to provide effective language assistance.

This addendum was created to facilitate an applicant's application of the four-factor analysis to the services they provide. At this stage, applicants are not required to submit their four-factor analysis as part of their application. **However, successful applicants will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council.** For further guidance, please see the Bidder's Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFA, which is available in the Vendor/RFP Section of the DHHS website.

APPENDIX C

Important Items to Consider When Evaluating the Four Factors.

Factor #1 The number or proportion of LEP persons served or encountered in the population that is eligible for the program.

Considerations:

- The eligible population is specific to the program, activity or service. It includes LEP persons serviced by the program, as well as those directly affected by the program, activity or service.
- Organizations are required not only to examine data on LEP persons served by their program, but also those in the community who are **eligible** for the program (but who are not currently served or participating in the program due to existing language barriers).
- Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.
- Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.
- An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.
- It is important to remember that the **focus** of the analysis is on the lack of English proficiency, not the ability to speak more than one language.

Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.

- The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily.
- Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program.
- The resulting plan may be as simple as being prepared to use a telephone interpreter service.
- The key is to have a plan in place.

APPENDIX C

Factor #3 The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.
<ul style="list-style-type: none">• The more important a recipient's activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.• When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient's health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time.
Factor #4 The resources available to the organization to provide effective language assistance.
<ul style="list-style-type: none">• A recipient's level of resources and the costs of providing language assistance services is another factor to consider in the analysis.• Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;• Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations.

APPENDIX C

Applicant STEP #2 - Required Questions Relating to Language Assistance Measures

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (**Do not** attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

1. IDENTIFICATION OF LEP PERSONS SERVED OR LIKELY TO BE ENCOUNTERED IN YOUR PROGRAM		
a. Do you make an effort to identify LEP persons served in your program? (One way to identify LEP persons served in your program is to collect data on ethnicity, race, and/or preferred language.)	Yes	No
b. Do you make an effort to identify LEP persons likely to be encountered in the population eligible for your program or service? (One way to identify LEP persons likely to be encountered is by examining external data sources, such as Census data)	Yes	No
c. Does you make an effort to use data to identify new and emerging population or community needs?	Yes	No
2. NOTICE OF AVAILABILITY OF LANGUAGE ASSISTANCE		
Do you inform all applicants / clients of their right to receive language / communication assistance services at no cost? (Or, do you have procedures in place to notify LEP applicants / clients of their right to receive assistance, if needed?) <u>Example:</u> One way to notify clients about the availability of language assistance is through the use of an "I Speak" card.	Yes	No
3. STAFF TRAINING		
Do you provide training to personnel at all levels of your organization on federal civil rights laws compliance and the procedures for providing language assistance to LEP persons, if needed?	Yes	No
4. PROVISION OF LANGUAGE ASSISTANCE		
Do you provide language assistance to LEP persons, free of charge, in a timely manner? (Or, do you have procedures in place to provide language	Yes	No

APPENDIX C

assistance to LEP persons, if needed) In general, covered entities are required to provide two types of language assistance: (1) oral interpretation and (2) translation of written materials. Oral interpretation may be carried out by contracted in-person or remote interpreters, and/or bi-lingual staff. <u>(Examples</u> of written materials you may need to translate include vital documents such as consent forms and statements of rights.)
