**One way trip is from a location where an individual enters the vehicle to another location where the individual exits the vehicle along the fixed route schedule. See Section 1.3.3.4.

A critical component of the Departments statewide delivery system is to ensure the ability to direct resources to where they are most needed in the most efficient and effective way possible. The Department reserves the right to modify the vendors request for the number of units to be awarded.

Applicants are required to complete Appendix D – Application for Service Units. See Section 3 of this document.

The Department will prorate the monthly units for number of months in the resulting contract.
