1. INTRODUCTION

1.1. Purpose and Overview

The purpose of this Request for Proposals (RFP) is to solicit proposals from qualified applicants to operate an incidence-based statewide cancer registry system to collect statewide data on new cancer cases diagnosed among New Hampshire residents. There is no active follow-up on patients. Currently, the Department of Health and Human Services (DHHS) receives about 8,000 cases per year.

The goal of this RFP is to contract with a vendor that will conduct statewide cancer data collection, data processing, quality assurance and database management activities for the New Hampshire State Cancer Registry in accordance with DHHS rules and regulations, and National Standards. The collected data is used for various purposes, such as:

- Analyzing cancer trends, including cancer incidence, and mortality rates to help inform program planning and evaluation.
- By researchers locally and nationally to help identify causes and inform treatment of cancers.
- To help respond to public concerns about potential cancer clusters and to assist with investigations.

DHHS provides data annually to the Centers for Disease Control and Prevention (CDC) and the National Program for Cancer Registry (NPCR). NPCR and the North American Association of Central Cancer Registries (NAACCR) provide assessments of New Hampshire’s data quality and completeness. The New Hampshire DHHS has been awarded the gold certification consistently by NAACCR as one of the best quality Cancer Registries in the country.

1.3. Contract Period

The Contract resulting from this RFP will be effective November 1, 2016, or upon Governor & Executive Council approval, whichever is later through June 30, 2018.
The Department may extend contracted services for up to two (2) additional years, contingent upon satisfactory vendor performance, continued funding and Governor and Executive Council approval.

2. BACKGROUND AND REQUIRED SERVICES

2.1. New Hampshire DHHS Division of Public Health Services

The mission of the New Hampshire Department of Health and Human Services (DHHS), Division of Public Health Services (DPHS) is to assure the health and well-being of communities and populations in New Hampshire by promoting and protecting the physical, mental and environmental health of its citizens, by preventing disease, injury, disability and death, and preparing for public health emergencies.

Cancer became a reportable disease in New Hampshire in 1985, and since 1986 the New Hampshire State Cancer Registry (NHSCR) has been charged with identifying all new cases of cancer occurring among New Hampshire residents.

The CDC through the National Program of Cancer Registries (NPCR) grants monies to the DHHS to run the NHSCR. In turn, this grant and matching money from the state are used to support the registry activities and to assure the quality of the data collected.

2.2. Results

NHSCR receives reports from hospital registrars operating in all large hospitals, from physician practices, freestanding radiation and surgical oncology centers, out-of-state pathology laboratories, and other sources, as required by New Hampshire state law. NHSCR also receives reports of cancer cases from other sources in New Hampshire including New Hampshire Division of Vital Records Administration, and other state cancer registries. NHSCR identifies cases that are reported from New Hampshire institutions, but which represent cancers occurring in residents of other states. NHSCR subsequently transmits these reports to the appropriate cancer registries for the states of Massachusetts, Vermont, Maine, Rhode Island, Connecticut, New York and Florida. Ultimately, the NHSCR develops a file of new cancer cases occurring in a given year among New Hampshire residents. These cases form the basis of the NHSCR data file and are used by the DHHS and others through data-use agreements to inform programming, analyze trends in cancer incidence and mortality, and to respond to public concerns regarding cancer clusters.

NHSCR participates in the NPCR annual call for data. NPCR annually assesses the completeness of the data reported by state cancer registries and periodically conducts audits of data quality. In addition to the NPCR, NHSCR also participates in the North American Association of Central Cancer Registries (NAACCR) call for data. NAACCR provides an assessment of data completeness and quality for central cancer registries. In the past 10 years, NHSCR has remained one of the top population based state cancer registries in the United States, in terms of both its data quality and completeness, as assessed by the independent sources. This would not have been possible without the help and collaboration of numerous individuals; most notably, are cancer registrars and medical information staff in hospitals and other facilities throughout New Hampshire and the professional staff of DHHS.
DHHS in association with the New Hampshire Comprehensive Cancer Collaboration (NHCCC) and other partners in public health and cancer control have developed The State Cancer Plan, 2015-2020 (available at: http://www.nhcancerplan.org/nhccc/publications/nhcancerplanbook.pdf). NHSCR, with rich sources of information, has played a key role in developing the goals and objectives for this plan. DHHS staff, in association with NHSCR staff, also conducts special studies of cancer, by using the NHSCR database as a starting point for a more focused analysis of cancer and disease by socio-demographic, health care, and costs. The registry is also the source for cases for potential enrollment in studies of cancer epidemiology, and it also serves as a source of data for scientists engaged in other types of investigation like linkage studies.

The New Hampshire DHHS has been awarded the gold certification consistently by NAACCR as one of the best quality Cancer Registries in the country.
3. STATEMENT OF WORK

(“Health Facilities” shall be defined as any governmental or private agency, department, institution, clinic, hospital, health maintenance organization, association, physician, hospice, freestanding radiation oncology, medical oncology group, in-state or out-of-state hospital pathology laboratory, nursing homes, and home health services or other similar unit that diagnoses or provides treatment for cancer.)

3.2.3 Inform the DHHS of facilities that remain out of compliance with reporting requirements despite contractor notification in the following situations:
   1. Denial or lack of access to pathology reports or medical records;
   2. Lack of submission of reports within 1 month of expected date; and
   3. Lack of response to letter or other formal inquiry within 1 month.

3.2.4 Collect additional follow-up data relating to treatment and disease status of Breast and Colorectal cancer cases diagnosed in 2011 for the Patient Centered Outcomes (PCO).

4. 97% pass a CDC-prescribed set of standard edits.
   i. Maintain the NHSCR database from a physical location within a seventy five (75) mile radius of the DHHS, located in Concord. The rationale for this requirement is that the DHHS provides technical and administrative oversight of the NHSCR operations which includes on-site visits to the NHSCR contractor. In addition, appropriate contractor personnel are required to attend regular meetings with DHHS staff as well as other meetings as necessary.
   ii. Allow full participation of the DHHS in the ongoing, onsite operations of the contractor including interacting directly with contractor staff, viewing abstract processing, participating in customizing registry software selecting edits, aspects of database management, system security, and quality assurance that the DHHS deems necessary.

3.17. Compliance

3.17.1. Culturally and Linguistically Appropriate Standards

The New Hampshire Department of Health and Human Services (DHHS) is committed to reducing health disparities in New Hampshire. DHHS recognizes that culture and language can have a considerable impact on how individuals access and respond to health and human services. Culturally and linguistically diverse populations experience barriers in their efforts to access services. As a result, DHHS is strongly committed to providing culturally and linguistically competent programs and services for its clients, and as a means of ensuring access to quality care for all. As part of that commitment DHHS continuously strives to improve existing programs and services, and to bring them in line with current best practices.

3.17.1.1. DHHS requires all contractors and sub-recipients to provide culturally and linguistically appropriate programs and services in compliance with all applicable federal civil rights laws, which may include: Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and the Rehabilitation Act of 1973. Collectively, these laws prohibit discrimination on the grounds of race, color, national origin, disability, age, sex, and religion.

3.17.1.2. There are numerous resources available to help recipients increase their ability to meet the needs of culturally, racially and linguistically diverse clients. Some of the main information sources are listed in the Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Section of the RFP, and, in the Vendor/RFP section of the DHHS website.

3.17.1.3. A key Title VI guidance is the National Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards), developed by the U.S. Department of Health and Human Services in 2000. The CLAS Standards provide specific steps that organizations may take to make their services more culturally and linguistically appropriate. The enhanced CLAS standards, released in 2013, promote effective communication not only with persons with Limited English Proficiency, but also with persons who have other communication needs. The enhanced Standards provide a framework for organizations to best serve the nation’s increasingly diverse communities.

3.17.1.4. Bidders are expected to consider the need for language services for individuals with Limited English Proficiency as well as other communication needs, served or likely to be encountered in the eligible service population, both in developing their budgets and in conducting their programs and activities.

3.17.1.5. Successful applicants will be:

a. Required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council;

b. Monitored on their Federal civil rights compliance using the Federal Civil Rights Compliance Checklist, which can be found in the Vendor/RFP section of the DHHS website.
3.17.1.6. The guidance that accompanies Title VI of the Civil Rights Act of 1964 requires recipients to take reasonable steps to ensure meaningful access to their programs and services by persons with Limited English Proficiency (LEP persons). The extent of an organization’s obligation to provide LEP services is based on an individualized assessment involving the balancing of four factors:

c. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program or services (this includes minor children served by the program who have LEP parent(s) or guardian(s) in need of language assistance);

d. The frequency with which LEP individuals come in contact with the program, activity or service;

e. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service;

f. The resources available to the organization to provide language assistance.

3.17.1.7. Bidders are required to complete the TWO (2) steps listed in the Appendix C to this RFP, as part of their Proposal. Completion of these two items is required not only because the provision of language and/or communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Bidders’ program design, which in turn, will allow Bidders to put forth the best possible Proposal.

For guidance on completing the two steps in Appendix C, please refer to Bidder’s Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFP, which is posted on the DHHS website. Delivery of the Proposals shall be at the Bidder’s expense. The time of receipt shall be considered when a Proposal has been officially documented by DHHS, in accordance with its established policies, as having been received at the location designated above. The State accepts no responsibility for mislabeled mail. Any and all damage that may occur due to shipping shall be the Bidder’s responsibility.

6.7. **Compliance**

Bidders must be in compliance with applicable federal and state laws, rules and regulations, and applicable policies and procedures adopted by the Department of Health and Human Services currently in effect, and as they may be adopted or amended during the contract period.

6.8. **Non-Collusion**

The Bidder’s required signature on the Transmittal Cover Letter for a Proposal submitted in response to this RFP guarantees that the prices, terms and conditions, and services quoted have been established without collusion with other Bidders and without effort to preclude DHHS from obtaining the best possible competitive proposal.
6.9. Collaborative Proposals

Proposals must be submitted by one organization. Any collaborating organization must be designated as subcontractor subject to the terms of Exhibit C Special Provisions (see Appendix B: Contract Minimum Requirements).

6.10. Validity of Proposals

This period may be extended by mutual written agreement between the Bidder and DHHS.

6.11. Property of Department

All material property submitted and received in response to this RFP will become the property of DHHS and will not be returned to the Bidder. DHHS reserves the right to use any information presented in any Proposal provided that its use does not violate any copyrights or other provisions of law.

Prior to the Technical and Cost Proposal Submission Deadline specified in Section 6.2, Procurement Timetable, a submitted Letter of Intent or Proposal may be withdrawn by submitting a written request for its withdrawal to the Procurement Coordinator specified in Section 6.1.

6.13. Public Disclosure

A Proposal must remain confidential until the Governor and Executive Council have approved a contract as a result of this RFP. A Bidder’s disclosure or distribution of Proposals other than to the State will be grounds for disqualification.

The content of each Bidder’s Proposal and addenda thereto, will become public information once the Governor and Executive Council have approved a contract. Any information submitted as part of a bid in response to this RFP may be subject to public disclosure under RSA 91-A. In addition, in accordance with RSA 9-F:1, any contract entered into as a result of this RFP will be made accessible to the public online via the website Transparent NH (www.nh.gov/transparentnh/). Accordingly, business financial information and proprietary information such as trade secrets, business and financials models and forecasts, and proprietary formulas may be exempt from public disclosure under RSA 91-A:5, IV.

Insofar as a Bidder seeks to maintain the confidentiality of its confidential commercial, financial or personnel information, the Bidder must clearly identify in writing the information it claims to be confidential and explain the reasons such information should be considered confidential. This should be done by separate letter identifying by page number and proposal section number the specific information the Bidder claims to be exempt from public disclosure pursuant to RSA 91-A:5.
Each Bidder acknowledges that DHHS is subject to the Right-to-Know Law New Hampshire RSA Chapter 91-A. DHHS shall maintain the confidentiality of the identified confidential information insofar as it is consistent with applicable laws or regulations, including but not limited to New Hampshire RSA Chapter 91-A. In the event DHHS receives a request for the information identified by a Bidder as confidential, DHHS shall notify the Bidder and specify the date DHHS intends to release the requested information. Any effort to prohibit or enjoin the release of the information shall be the Bidder's responsibility and at the Bidder's sole expense. If the Bidder fails to obtain a court order enjoining the disclosure, DHHS may release the information on the date DHHS specified in its notice to the Bidder without incurring any liability to the Bidder.

Notwithstanding any other provision of this RFP, this RFP does not commit DHHS to award a contract. DHHS reserves the right to reject any and all Proposals or any portions thereof, at any time and to cancel this RFP and to solicit new Proposals under a new bid process.

6.15. Liability

By submitting a Letter of Intent to submit a Proposal in response to this RFP, a Bidder agrees that in no event shall the State be either responsible for or held liable for any costs incurred by a Bidder in the preparation or submittal of or otherwise in connection with a Proposal, or for work performed prior to the Effective Date of a resulting contract.

6.16. Request for Additional Information or Materials

During the period from the Technical and Cost Proposal Submission Deadline, specified in Section 6.2, Procurement Timeline, to the date of Contractor selection, DHHS may request of any Bidder additional information or materials needed to clarify information presented in the Proposal. Such a request will be issued in writing and will not provide a Bidder with an opportunity to change, extend, or otherwise amend its Proposal in intent or substance. Key personnel shall be available for interviews.

6.17. Oral Presentations and Discussions

DHHS reserves the right to require some or all Bidders to make oral presentations of their Proposal. Any and all costs associated with an oral presentation shall be borne entirely by the Bidder. Bidders may be requested to provide demonstrations of any proposed automated systems. Such a request will be in writing and will not provide a Bidder with an opportunity to change, extend, or otherwise amend its proposal in intent or substance.

6.18. Contract Negotiations and Unsuccessful Bidder Notice

If a Bidder(s) is selected, the State will notify the Successful Bidder(s) in writing of their selection and the State’s desire to enter into contract negotiations. Until the State successfully completes negotiations with the selected Bidder(s), all submitted Proposals remain eligible for selection by the State. In the event contract negotiations are unsuccessful with the selected Bidder(s), the evaluation team may recommend another Bidder(s).
In order to protect the integrity of the bidding process, notwithstanding RSA 91-A:4, no information shall be available to the public, or to the members of the general court or its staff, concerning specific responses to requests for bids (RFBs), requests for proposals (RFPs), requests for applications (RFAs), or similar requests for submission for the purpose of procuring goods or services or awarding contracts from the time the request is made public until the closing date for responses except that information specifically allowed by RSA 21-G:37.

6.19. **Scope of Award and Contract Award Notice**

DHHS reserves the right to award a service, part of a service, group of services, or total Proposal and to reject any and all Proposals in whole or in part. The notice of the intended contract award will be sent by certified mail or overnight mail to the selected Bidder. A contract award is contingent on approval by the Governor and Executive Council.

If a contract is awarded, the Bidder must obtain written consent from the State before any public announcement or news release is issued pertaining to any contract award.

6.20. **Site Visits**

The Department may, at its sole discretion, at any time prior to contract award, conduct a site visit at the bidder’s location or at any other location deemed appropriate by the Department, in order to determine the bidder’s capacity to satisfy the terms of this RFP/RFB/RFA. The Department may also require the bidder to produce additional documents, records, or materials relevant to determining the bidder’s capacity to satisfy the terms of this RFP/RFB/RFA. Any and all costs associated with any site visit or requests for documents shall be borne entirely by the bidder.

6.21. **Protest of Intended Award**

Any challenge of an award made or otherwise related to this RFP shall be governed by RSA 21-G:37, and the procedures and terms of this RFP. The procedure set forth in RSA 21-G:37, IV, shall be the sole remedy available to challenge any award resulting from this RFP. In the event that any legal action is brought challenging this RFP and selection process, outside of the review process identified in RSA 21-G:37, IV, and in the event that the State of New Hampshire prevails, the challenger agrees to pay all expenses of such action, including attorney’s fees and costs at all stages of litigation.

The State of New Hampshire sample contract is attached; Bidder to agree to minimum requirement as set forth in the Appendix B.

8.1.2. Penalties
The State intends to negotiate with the awarded vendor to include liquidated damages in the Contract in the event any deliverables are not met.

The Department and the Contractor agree that the actual damages that the Department will sustain in the event the Vendor fails to maintain the required performance standards throughout the life of the contract will be uncertain in amount and difficult and impracticable to determine. The Contractor acknowledges and agrees that any failure to achieve required performance levels by the Contractor will more than likely substantially delay and disrupt the Department’s operations. Therefore the parties agree that liquidated damages shall be determined as part of the contract specifications.

Assessment of liquidated damages shall be in addition to, and not in lieu of, such other remedies as may be available to the Department. Except and to the extent expressly provided herein, the Department shall be entitled to recover liquidated damages applicable to any given incident.

The Department will determine compliance and assessment of liquidated damages as often as it deems reasonable necessary to ensure required performance standards are met. Amounts due the State as liquidated damages may be deducted by the State from any fees payable to the Contractor and any amount outstanding over and above the amounts deducted from the invoice will be promptly tendered by check from the Contractor to the State.

Prior to subcontracting, the Contractor shall evaluate the subcontractor’s ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor’s performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION
1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services’ (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions,” provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and
information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS
11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
   11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
   11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
   11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification; and
   11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS
13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
   13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
   13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled “Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions,” without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.

b. Business Associate may use or disclose PHI:
   I. For the proper management and administration of the Business Associate;
   II. As required by law, pursuant to the terms set forth in paragraph d. below; or
   III. For data aggregation purposes for the health care operations of Covered Entity.

c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.

d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business
Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) **Obligations and Activities of Business Associate.**

a. The Business Associate shall notify the Covered Entity’s Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.

b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
- The unauthorized person used the protected health information or to whom the disclosure was made;
- Whether the protected health information was actually acquired or viewed
- The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.

d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity’s compliance with HIPAA and the Privacy and Security Rule.

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor’s business associate agreements with Contractor’s intended business associates, who will be receiving PHI
pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate’s compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual’s request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual’s request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business
Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) **Obligations of Covered Entity**

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate’s use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate’s use or disclosure of PHI.

(5) **Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity’s knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) **Miscellaneous**

a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.
e. **Segregation.** If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. **Survival.** Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Addendum to Culturally and Linguistically Appropriate Services (CLAS) Section of RFP for Purpose of Documenting Title VI Compliance

All DHHS bidders are required to complete the following two (2) steps as part of their proposal:

1. Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;
2. Taking into account the outcome of the four-factor analysis, respond to the questions below.

Background:

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure meaningful access by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The key to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The starting point for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients does not diminish the obligation covered entities have to address those needs.
APPENDIX C

Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person’s limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as then there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

BIDDER STEP #1 – Individualized Assessment Using Four-Factor Analysis

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

(1) The **number** or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
(2) The **frequency** with which LEP individuals come in contact with the program, activity or service;
(3) The **importance** or impact of the contact upon the lives of the person(s) served by the program, activity or service;
(4) The **resources** available to the organization to provide effective language assistance.

This addendum was created to facilitate bidders’ application of the four-factor analysis to the services they provide. At this stage, bidders are not required to submit their four-factor analysis as part of their proposal. **However, successful bidders will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council.** For further guidance, please see the Bidder’s Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFP, which is available in the Vendor/RFP Section of the DHHS website.
Important Items to Consider When Evaluating the Four Factors.

### Factor #1 The number or proportion of LEP persons served or encountered in the population that is eligible for the program.

**Considerations:**
- The eligible population is specific to the program, activity or service. It includes LEP persons serviced by the program, as well as those directly affected by the program, activity or service.
- Organizations are required not only to examine data on LEP persons served by their program, but also those in the community who are eligible for the program (but who are not currently served or participating in the program due to existing language barriers).
- Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.
- Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.
- An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.
- It is important to remember that the focus of the analysis is on the lack of English proficiency, not the ability to speak more than one language.

### Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.

- The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily.
- Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program.
- The resulting plan may be as simple as being prepared to use a telephone interpreter service.
- The key is to have a plan in place.
<table>
<thead>
<tr>
<th>Factor #3</th>
<th>The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>The more important a recipient’s activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.</td>
</tr>
<tr>
<td></td>
<td>When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient’s health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Factor #4</th>
<th>The resources available to the organization to provide effective language assistance.</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>A recipient’s level of resources and the costs of providing language assistance services is another factor to consider in the analysis.</td>
</tr>
<tr>
<td></td>
<td>Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;</td>
</tr>
<tr>
<td></td>
<td>Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations.</td>
</tr>
</tbody>
</table>
**BIDDER STEP #2 - Required Questions Relating to Language Assistance Measures**

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (Do not attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

<table>
<thead>
<tr>
<th>1. IDENTIFICATION OF LEP PERSONS SERVED OR LIKELY TO BE ENCOUNTERED IN YOUR PROGRAM</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Do you make an effort to identify LEP persons served in your program? (One way to identify LEP persons served in your program is to collect data on ethnicity, race, and/or preferred language.)</td>
</tr>
<tr>
<td>b. Do you make an effort to identify LEP persons likely to be encountered in the population eligible for your program or service? (One way to identify LEP persons likely to be encountered is by examining external data sources, such as Census data)</td>
</tr>
<tr>
<td>c. Does you make an effort to use data to identify new and emerging population or community needs?</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>2. NOTICE OF AVAILABILITY OF LANGUAGE ASSISTANCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do you inform all applicants / clients of their right to receive language / communication assistance services at no cost? (Or, do you have procedures in place to notify LEP applicants / clients of their right to receive assistance, if needed?) Example: One way to notify clients about the availability of language assistance is through the use of an “I Speak” card.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>3. STAFF TRAINING</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do you provide training to personnel at all levels of your organization on federal civil rights laws compliance and the procedures for providing language assistance to LEP persons, if needed?</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>4. PROVISION OF LANGUAGE ASSISTANCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do you provide language assistance to LEP persons, free of charge, in a timely manner? (Or, do you have procedures in place to provide language assistance to LEP persons, if needed)</td>
</tr>
</tbody>
</table>
In general, covered entities are required to provide two types of language assistance: (1) oral interpretation and (2) translation of written materials. Oral interpretation may be carried out by contracted in-person or remote interpreters, and/or bi-lingual staff. (Examples of written materials you may need to translate include vital documents such as consent forms and statements of rights.)

<table>
<thead>
<tr>
<th>5. ENSURING COMPETENCY OF INTERPRETERS USED IN PROGRAM AND THE ACCURACY OF TRANSLATED MATERIALS</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Do you make effort to assess the language fluency of all interpreters used in your program to determine their level of competence in their specific field of service? (Note: A way to fulfill this requirement is to use certified interpreters only.)</td>
</tr>
<tr>
<td>b. As a general rule, does your organization avoid the use of family members, friends, and other untested individual to provide interpretation services?</td>
</tr>
<tr>
<td>c. Does your organization have a policy and procedure in place to handle client requests to use a family member, friend, or other untested individual to provide interpretation services?</td>
</tr>
<tr>
<td>d. Do you make an effort to verify the accuracy of any translated materials used in your program (or use only professionally certified translators)? (Note: Depending on the outcome of the four-factor analysis, N/A (Not applicable) may be an acceptable response to this question.)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>6. MONITORING OF SERVICES PROVIDED</th>
</tr>
</thead>
<tbody>
<tr>
<td>Does you make an effort to periodically evaluate the effectiveness of any language assistance services provided, and make modifications, as needed?</td>
</tr>
<tr>
<td>If there is a designated staff member who carries out the evaluation function? If so, please provide the person’s title:</td>
</tr>
</tbody>
</table>
