

**New Hampshire Department of Health and Human Services
Integrated Medication Assisted Treatment for
Pregnant and Postpartum Women
RFP-2018-BDAS-05-INTEG**

ADDENDUM #1

On August 28, 2017, the New Hampshire Department of Health and Human Services published a request for applications, requesting applications from vendors who are qualified to provide integrated obstetric, primary care, pediatric, and Medication Assisted Treatment (MAT) for pregnant and postpartum women with substance use disorder (SUD).

The Department is publishing this addendum to:

1. Add Section 4, Finance, Paragraph 4.2, Funding Guidelines, Subparagraph 4.2.3 as follows:

- 4.2.3** Funds are anticipated to be available in the amount of \$1,412,393 per State Fiscal Year for a total amount of \$2,824,786 for the two year term. Vendors are expected to provide their best price as the budget submitted with their proposal is scored as part of the proposal evaluation.
