No.	Question	Answer
1.	How was the calculation of three fiscal years determined?	SFY 2019 is for 9 months (10/1/18 – 6/30/2019) SFY 2020 is for a full 12 months (7/1/2019 – 6/30/2020) SFY 2021 is for 3 months (7/1/2020 – 9/30/2020)
2.	Why is the third year 75% less than the previous two years?	The supplemental funding for program evaluation ends January 31, 2019. This funding was to assist in developing an evaluation plan that should be able to be implemented without additional funding.  SFY means State Fiscal Year which is a period from July 1 through June 30 of the following year. The third year is only for three months from July 1, 2020-September 30, 2020.
3.	Is it the expectation of the State of New Hampshire that all the programming and evaluation under scope of services accomplished in FY19 and FY20 will continue in FY21 with three quarters less of the funding level from previous years?	It is expected that the programming and evaluation will continue until the completion date of September 30, 2020 which is only 3 months into SFY2021. The State reserves the option to renew the contract for 2 additional years which could extend the contract past that date and would add funding.
