2. BACKGROUND AND REQUIRED SERVICES

2.1. New Hampshire DHHS, Bureau of Drug and Alcohol Services

The Department of Health and Human Services’ mission is to join communities and families in providing opportunities for citizens to achieve health and independence. The Bureau of Drug and Alcohol Services contributes to this mission, in part, by providing resources that develop and deliver substance use disorder (SUD) prevention, treatment and recovery support services.

The Bureau’s responsibility is to develop the Alcohol and Other Drug (AOD) Continuum of Care System to ensure the citizens of New Hampshire receive quality prevention, intervention, treatment, and recovery support services that meet their needs. The continued improvement, transformation and integration of AOD services with primary care and behavioral healthcare requires a system that is effectively supported and evaluated; an adequate size and trained workforce; and use of data to drive the decision-making process. In this system, research and outcome measures will inform the development of the most efficacious practices.

2.2. Background

New Hampshire, like many other states, is struggling with a lack of workforce capacity to provide needed AOD prevention, intervention, treatment, and recovery support services to meet the growing need. High turnover rates, worker shortages, an aging workforce, inadequate compensation, and stigma have created a workforce crisis in the field.

The continued improvement and transformation of the Continuum of Care and integration of AOD prevention, intervention, treatment and recovery support services with primary and behavioral healthcare depend entirely on a workforce that is adequate in size and effectively trained and supported to meet the needs of individuals who will seek substance use disorder services. Additionally, the necessary knowledge base for providing alcohol and other drug services has grown dramatically over the past several years. Research and outcome measures are informing the development of the most efficacious practices; new and current alcohol and drug and other professionals need access to this information. More information is available in the NH Governor’s Commission on Alcohol and Drug Abuse Prevention, Treatment, and Recovery State Fiscal Year 2017 Annual Report which can be found at: [https://www.dhhs.nh.gov/dcbcs/bdas/documents/gc-annual-report.pdf](https://www.dhhs.nh.gov/dcbcs/bdas/documents/gc-annual-report.pdf).

Over the past several years, training and technical assistance has helped providers build internal capacity and increase knowledge and expertise regarding the changing environment of health care, addictions, and recovery systems. Additionally, program evaluation and data collection, analysis, interpretation, reporting, and support have been provided to translate federal, regional, and local data into formats understood by state officials, services providers, and the general public.

8. MANDATORY BUSINESS SPECIFICATIONS

8.1. Contract Terms, Conditions and Liquidated Damages, Forms

8.1.1. Contract Terms and Conditions

The State of New Hampshire sample contract is attached; Bidder to agree to minimum requirement as set forth in the Appendix B.

8.1.2. Liquidated Damages

The State may negotiate with the awarded vendor to include liquidated damages in the Contract in the event any deliverables are not met.

The Department and the Contractor agree that the actual damages that the Department will sustain in the event the Vendor fails to maintain the required performance standards throughout the life of the contract will be uncertain in amount and difficult and impracticable to determine. The Contractor acknowledges and agrees that any failure to achieve required performance levels by the Contractor will more than likely substantially delay and disrupt the Department’s operations. Therefore the parties agree that liquidated damages shall be determined as part of the contract specifications.

Assessment of liquidated damages shall be in addition to, and not in lieu of, such other remedies as may be available to the Department. Except and to the extent expressly provided herein, the Department shall be entitled to recover liquidated damages applicable to any given incident.

The Department will determine compliance and assessment of liquidated damages as often as it deems reasonable necessary to ensure required performance standards are met. Amounts due the State as liquidated damages may be deducted by the State from any fees payable to the Contractor and any amount outstanding over and above the amounts deducted from the invoice will be promptly tendered by check from the Contractor to the State.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services’ (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participant,” “person,” “primary covered transaction,” “principal,” “proposal,” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions,” provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and
information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS
13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor’s business associate agreements with Contractor’s intended business associates, who will be receiving PHI.
pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.

j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual’s request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual’s request as required by such law and notify Covered Entity of such response as soon as practicable.

l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business
Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) **Obligations of Covered Entity**

a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate’s use or disclosure of PHI.

b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate’s use or disclosure of PHI.

(5) **Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity’s knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) **Miscellaneous**

a. **Definitions and Regulatory References.** All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

b. **Amendment.** Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.

c. **Data Ownership.** The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

d. **Interpretation.** The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.
e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.

f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

APPENDIX C

Addendum to Culturally and Linguistically Appropriate Services (CLAS) Section of RFP for Purpose of Documenting Title VI Compliance

All DHHS bidders are required to complete the following two (2) steps as part of their proposal:

1. Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;
2. Taking into account the outcome of the four-factor analysis, respond to the questions below.

Background:

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure meaningful access by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The key to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The starting point for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients does not diminish the obligation covered entities have to address those needs.
Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person’s limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as then there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

**BIDDER STEP #1 – Individualized Assessment Using Four-Factor Analysis**

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

1. The **number** or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
2. The **frequency** with which LEP individuals come in contact with the program, activity or service;
3. The **importance** or impact of the contact upon the lives of the person(s) served by the program, activity or service;
4. The **resources** available to the organization to provide effective language assistance.

This addendum was created to facilitate bidders’ application of the four-factor analysis to the services they provide. At this stage, bidders are not required to submit their four-factor analysis as part of their proposal. However, **successful bidders will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council.** For further guidance, please see the Bidder’s Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFP, which is available in the Vendor/RFP Section of the DHHS website.

<tr>
<td>• Organizations are required not only to examine data on LEP persons served by their program, but also those in the community who are eligible for the program (but who are not currently served or participating in the program due to existing language barriers).</td>

<tr>
<td>• Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.</td>
</tr>
<tr>
<td>• Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.</td>
</tr>
<tr>
<td>• An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.</td>
</tr>
<tr>
<td>• It is important to remember that the focus of the analysis is on the lack of English proficiency, not the ability to speak more than one language.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.</th>
</tr>
</thead>
<tbody>
<tr>
<td>• The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily.</td>
</tr>
<tr>
<td>• Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program.</td>
</tr>
<tr>
<td>• The resulting plan may be as simple as being prepared to use a telephone interpreter service.</td>
</tr>
<tr>
<td>• The key is to have a plan in place.</td>
</tr>
</tbody>
</table>
### APPENDIX C

<table>
<thead>
<tr>
<th>Factor #3 The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.</th>
</tr>
</thead>
<tbody>
<tr>
<td>• The more important a recipient’s activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.</td>
</tr>
<tr>
<td>• When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient’s health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Factor #4 The resources available to the organization to provide effective language assistance.</th>
</tr>
</thead>
<tbody>
<tr>
<td>• A recipient’s level of resources and the costs of providing language assistance services is another factor to consider in the analysis.</td>
</tr>
<tr>
<td>• Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;</td>
</tr>
<tr>
<td>• Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations.</td>
</tr>

APPENDIX C

**BIDDER STEP #2 - Required Questions Relating to Language Assistance Measures**

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (Do not attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

<td>Yes</td>
</tr>
<tr>
<td>b. Do you make an effort to identify LEP persons likely to be encountered in the population eligible for your program or service? (One way to identify LEP persons likely to be encountered is by examining external data sources, such as Census data)</td>
<td>Yes</td>
</tr>
<tr>
<td>c. Does you make an effort to use data to identify new and emerging population or community needs?</td>

<tbody>
<tr>
<td>b. As a general rule, does your organization avoid the use of family members, friends, and other untested individual to provide interpretation services?</td>

<tr>
<td>c. Does your organization have a policy and procedure in place to handle client requests to use a family member, friend, or other untested individual to provide interpretation services?</td>
<td>Yes</td>
<td>No</td>
</tr>
<tr>
<td>d. Do you make an effort to verify the accuracy of any translated materials used in your program (or use only professionally certified translators)? (Note: Depending on the outcome of the four-factor analysis, N/A (Not applicable) may be an acceptable response to this question.)</td>
<td>Yes</td>
<td>No</td>
</tr>

### 6. MONITORING OF SERVICES PROVIDED

| Does you make an effort to periodically evaluate the effectiveness of any language assistance services provided, and make modifications, as needed? | Yes | No |
| If there is a designated staff member who carries out the evaluation function? If so, please provide the person’s title: | Yes | No |

2. Vendor Identification & Risk Assessment

2.1. The Department shall identify ALL vendors receiving federal, general, or other funds as either a Subrecipient or a Contractor, as defined in Section 1, above and in 2 CFR 200.330.

2.2. The Department shall complete a risk assessment of all Subrecipients to evaluate their risk of noncompliance with federal and state statutes and regulations as well as the terms and conditions of the contract.

2.3. The Department shall assess vendor risk utilizing multiple factors that include, but are not limited to:
   2.3.1. Grant management experience.
   2.3.2. Documented history of non-performance or non-compliance.

3.2.1. Requesting vendors to provide fiscal reports and documentation behind reports to the Department for review.
3.2.2. Reviewing vendor reporting processes and systems for data integrity.
3.2.3. Performing file reviews to ensure vendor compliance with state and federal laws and rules in the administration of the contract.
3.2.4. Conducting site visits to assess vendor compliance with applicable contract objectives and requirements.
3.2.5. Reviewing vendor expenditure details to ensure all expenditures are allowable and in compliance with Federal and State laws and other applicable policies or rules.
3.2.6. Providing targeted training or technical assistance to vendors.
3.2.7. Reviewing monthly financial data to assess vendor financial solvency.

3.3. The Department shall conduct contract monitoring activities as specified in resulting contracts.

4. **Vendor Disqualification**

4.1. The Department reserves the right to disqualify vendors from selection based on the results of the risk assessment described in Section 2, above.

4.2. The Department reserves the right to disqualify vendors who refuse to complete and return the Management Questionnaire on Page 3 and 4 of Appendix F, Contract Monitoring.

4.3. The Department intends to only disqualify a vendor who poses an unmanageable degree of programmatic or financial risk that, in the Department’s opinion, could greatly inhibit the vendor’s ability to execute the provisions of the contract.

4.4. The Department considers an unmanageable degree of risk to be present when:

4.4.1. The vendor appears to be financially insolvent based on the Department’s analysis of the vendor’s audited financial statements.
4.4.2. The identified programmatic risks would, in the Department’s opinion, severely inhibit the vendor to execute the contract in accordance with the requirements therein.

4.5. In the event that the Department disqualifies a vendor from selection, the vendor shall have no right to appeal the Department’s decision. Any review shall be in accordance with NH. RSA 21-G:37, IV.
