1.1.1.1. Community-based services including, but not limited to Opioid Treatment Programs (Required scope/questions for all vendors); and

1.1.1.2. Services specifically designed for pregnant and postpartum women (Optional, but highly desired scope/questions).

1.1.2. The Department is seeking one or more Vendors to provide services for each of the seven (7) Integrated Delivery Networks (IDN) regions, listed in Appendix G. Vendors may submit a proposal for:

1.1.2.1. Only community-based services.

1.1.2.2. Providing services to pregnant or postpartum women (Optional, but highly desired with additional questions in its own section of the scope).

1.1.3. Vendors may apply for one or more IDN regions, outlined in Appendix G.

1.1.4. For-profit companies may apply.

1.1.5. To encourage vendors to provide services in IDN Region 1 (consisting of Greater Monadnock, Greater Sullivan County, Upper Valley) and IDN Region 7 (consisting of North Country Regional Public Health Network (RPHN) and Carrol County RPHN) which have the least access to MAT:

1.1.5.1. Additional funding will be available to selected vendors as outlined in Section 4, Finance.

1.1.5.2. Additional points will be awarded for vendor proposals that provide services in either or both of these IDN Regions, giving the vendor the potential for a higher total score and thereby a higher likelihood of being selected for the regions indicated.
1.1.6. **Proposal per region with unique services vs consolidated proposals:**

   1.1.6.1. If the services you propose to provide vary between regions you are submitting a proposal for, **submit a separate proposal for each region that has unique services.** Specify the region covered on the cover page of your proposal and in your answer to Question #1.

   1.1.6.2. If your proposal is uniform for some or all regions applied for and there is no change in your answers between regions, submit one proposal for all regions that have uniform answers under the one proposal and specify the regions covered on the cover page of your proposal and in your answer to Question #1.

1.1.7. **To encourage vendors to provide services specifically designed for pregnant and postpartum women with OUD:**

   1.1.7.1. Additional funding will be available to selected vendors as outlined in Section 4, Finance.

   1.1.7.2. Additional points will be awarded for vendor proposals that provide services specifically designed for pregnant and postpartum women, giving the vendor the potential for a higher total score and thereby a higher likelihood of being selected for the regions indicated.

**CBT** – Cognitive Behavioral Therapy

**CDC** – Center for Disease Control

EHR – Electronic Health Record

GPRA – Government Performance and Results Modernization Act of 2010 survey for SAMHSA funded treatment programs.

Integrated Delivery Network (IDN) - Regional provider networks that participate in the New Hampshire Building Capacity for Transformation 1115 Medicaid Waiver projects. IDNs are made up of multiple community-based social service organizations, hospitals, county facilities, primary care providers, and behavioral health providers (both mental health and substance use disorder), who partner to design and implement projects to build behavioral health capacity, promote integration of primary care and behavioral health, facilitate smooth transitions in care, and prepare for alternative payment models.

Infant Safe Plan of Care (ISPOC) - Birthing hospitals work with families and DCYF to develop an ISPOC for families whose infant may be born affected by substance misuse or withdrawal symptoms resulting from prenatal drug exposure or to fetal alcohol exposure. The ISPOC assesses the immediate safety factors, strengths, challenges and needs for the infant and family/caregiver.

Integrated Delivery Networks (IDN) – Regional provider networks that participate in the New Hampshire Building Capacity for Transformation 1115 Medicaid Waiver projects. IDNs are made up of multiple community-based social service organizations, hospitals, county facilities, primary care providers, and behavioral health providers (both mental health and substance use disorder), who partner to design and implement projects to build behavioral health capacity, promote integration of primary care and behavioral health, facilitate smooth transitions in care, and prepare for alternative payment models.

MAT – Medication Assisted Treatment

New Hampshire Alcohol and Drug Treatment Locator (http://www.nhtreatment.org) – The state supported online directory of SUD treatment and RSS providers.

NNEPQIN – The Northern New England Perinatal Quality Improvement Network

OB/GYN – Obstetric and Gynecologic

Opioid Treatment Program - Medication assisted treatment programs that are approved by SAMHSA, DEA, and DHHS to provide treatment with methadone and other medications. This is the only setting in which methadone can be offered for the treatment of opioid use disorder. OUD – Opioid Use Disorder

Resiliency and Recovery Oriented Systems of Care (RROSC) – Networks of organizations, agencies, and community members that coordinate a wide spectrum of services to prevent, intervene in, and treat substance use problems and disorders. RROSCs support person-centered and self-directed approaches to care that build on the strengths and resilience of individuals, families, and communities to take responsibility for their sustained health, wellness, and recovery from alcohol and drug use disorders. In New Hampshire, this is operationalized by the Continuum of care model. More information can be found at:

SAMHSA – Substance Abuse and Mental Health Services Administration

SBIRT – Screening, Brief Intervention, and Referral to Treatment

SFY – State Fiscal Year, a term that begins July 1 and ends June 30

3.8.2. Culturally and Linguistically Appropriate Standards

3.8.2.1. The New Hampshire Department of Health and Human Services (DHHS) is committed to reducing health disparities in New Hampshire. DHHS recognizes that culture and language can have a considerable impact on how individuals access and respond to health and human services. Culturally and linguistically diverse populations experience barriers in their efforts to access services. As a result, DHHS is strongly committed to providing culturally and linguistically competent programs and services for its clients, and as a means of ensuring access to quality care for all. As part of that commitment DHHS continuously strives to improve existing programs and services, and to bring them in line with current best practices.
3.8.2.2. DHHS requires all contractors and sub-recipients to provide culturally and linguistically appropriate programs and services in compliance with all applicable federal civil rights laws, which may include: Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and the Rehabilitation Act of 1973. Collectively, these laws prohibit discrimination on the grounds of race, color, national origin, disability, age, sex, and religion.

3.8.2.3. There are numerous resources available to help recipients increase their ability to meet the needs of culturally, racially and linguistically diverse clients. Some of the main information sources are listed in the Bidder’s Reference Guide for Completing the Culturally and Linguistically Appropriate Services Section of the RFP, and, in the Vendor/RFP section of the DHHS website.

3.8.2.4. A key Title VI guidance is the National Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards), developed by the U.S. Department of Health and Human Services in 2000. The CLAS Standards provide specific steps that organizations may take to make their services more culturally and linguistically appropriate. The enhanced CLAS standards, released in 2013, promote effective communication not only with persons with Limited English Proficiency, but also with persons who have other communication needs. The enhanced Standards provide a framework for organizations to best serve the nation’s increasingly diverse communities.

3.8.2.5. Bidders are expected to consider the need for language services for individuals with Limited English Proficiency as well as other communication needs, served or likely to be encountered in the eligible service population, both in developing their budgets and in conducting their programs and activities.

3.8.2.6. Successful applicants will be:

3.8.2.6.1. Required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council;
3.8.2.6.2. Monitored on their Federal civil rights compliance using the Federal Civil Rights Compliance Checklist, which can be found in the Vendor/RFP section of the DHHS website.

3.8.2.7. The guidance that accompanies Title VI of the Civil Rights Act of 1964 requires recipients to take reasonable steps to ensure meaningful access to their programs and services by persons with Limited English Proficiency (LEP persons). The extent of an organization’s obligation to provide LEP services is based on an individualized assessment involving the balancing of four factors:

3.8.2.7.1. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program or services (this includes minor children served by the program who have LEP parent(s) or guardian(s) in need of language assistance);

3.8.2.7.2. The frequency with which LEP individuals come in contact with the program, activity or service;

3.8.2.7.3. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service;

3.8.2.7.4. The resources available to the organization to provide language assistance.

3.8.2.8. **Bidders are required to complete the TWO (2) steps listed in the Appendix C to this RFP, as part of their Proposal.** Completion of these two items is required not only because the provision of language and/or communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Bidders’ program design, which in turn, will allow Bidders to put forth the best possible Proposal.

3.8.2.9. For guidance on completing the two steps in Appendix C, please refer to Bidder’s Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFP, which is posted on the DHHS website. [http://www.dhhs.nh.gov/business/forms.htm](http://www.dhhs.nh.gov/business/forms.htm).

3.8.3.1. All Bidders must complete Appendix F Contract Monitoring Provisions.
3.8.3.2. The Department will determine if enhanced monitoring is necessary for any selected Vendors.

Key personnel shall be available for interviews.

8.1.1. Contract Terms and Conditions

The State of New Hampshire sample contract is attached; Bidder shall agree to contractual requirements as set forth in the Appendix B Sample Contract.
8.1.2. Liquidated Damages

The State intends to negotiate with the awarded vendor to include liquidated damages in the Contract in the event any deliverables are not met.

The Department and the Contractor agree that the actual damages that the Department will sustain in the event the Vendor fails to maintain the required performance standards throughout the life of the contract will be uncertain in amount and difficult and impracticable to determine. The Contractor acknowledges and agrees that any failure to achieve required performance levels by the Contractor will more than likely substantially delay and disrupt the Department’s operations. Therefore the parties agree that liquidated damages shall be determined as part of the contract specifications.

Assessment of liquidated damages shall be in addition to, and not in lieu of, such other remedies as may be available to the Department. Except and to the extent expressly provided herein, the Department shall be entitled to recover liquidated damages applicable to any given incident.

The Department will determine compliance and assessment of liquidated damages as often as it deems reasonable necessary to ensure required performance standards are met. Amounts due the State as liquidated damages may be deducted by the State from any fees payable to the Contractor and any amount outstanding over and above the amounts deducted from the invoice will be promptly tendered by check from the Contractor to the State.

The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.

4. Fair Hearings: The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:

   7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services’ (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participant,” “person,” “primary covered transaction,” “principal,” “proposal,” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions,” provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and
information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

   11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Addendum to Culturally and Linguistically Appropriate Services (CLAS) Section of RFP for Purpose of Documenting Title VI Compliance

All DHHS bidders are required to complete the following two (2) steps as part of their proposal:

1. Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;
2. Taking into account the outcome of the four-factor analysis, respond to the questions below.

Background:

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure meaningful access by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The key to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The starting point for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients does not diminish the obligation covered entities have to address those needs.
APPENDIX C

Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person's limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as then there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

BIDDER STEP #1 – Individualized Assessment Using Four-Factor Analysis

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

1. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
2. The frequency with which LEP individuals come in contact with the program, activity or service;
3. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service;
4. The resources available to the organization to provide effective language assistance.

This addendum was created to facilitate bidders' application of the four-factor analysis to the services they provide. At this stage, bidders are not required to submit their four-factor analysis as part of their proposal. However, successful bidders will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council. For further guidance, please see the Bidder’s Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFP, which is available in the Vendor/RFP Section of the DHHS website.
## APPENDIX C

**Important Items to Consider When Evaluating the Four Factors.**

### Factor #1 The number or proportion of LEP persons served or encountered in the population that is eligible for the program.

<table>
<thead>
<tr>
<th>Considerations:</th>
</tr>
</thead>
<tbody>
<tr>
<td>- The eligible population is specific to the program, activity or service. It includes LEP persons serviced by the program, as well as those directly affected by the program, activity or service.</td>
</tr>
<tr>
<td>- Organizations are required <strong>not only</strong> to examine data on LEP persons served by their program, but also those in the community who are <strong>eligible</strong> for the program (but who are not currently served or participating in the program due to existing language barriers).</td>
</tr>
<tr>
<td>- Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.</td>
</tr>
<tr>
<td>- Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.</td>
</tr>
<tr>
<td>- An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.</td>
</tr>
<tr>
<td>- It is important to remember that the <strong>focus</strong> of the analysis is on the lack of English proficiency, not the ability to speak more than one language.</td>
</tr>
</tbody>
</table>

### Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.

| - The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily. |
| - Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program. |
| - The resulting plan may be as simple as being prepared to use a telephone interpreter service. |
| - The key is to have a plan in place. |
## APPENDIX C

<table>
<thead>
<tr>
<th>Factor #3 The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.</th>
</tr>
</thead>
</table>
| 1. The more important a recipient’s activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.  
2. When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient’s health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time. |

<table>
<thead>
<tr>
<th>Factor #4 The resources available to the organization to provide effective language assistance.</th>
</tr>
</thead>
</table>
| 1. A recipient’s level of resources and the costs of providing language assistance services is another factor to consider in the analysis.  
2. Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;  
3. Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations. |
BIDDER STEP #2 - Required Questions Relating to Language Assistance Measures

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (Do not attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

<table>
<thead>
<tr>
<th>1. IDENTIFICATION OF LEP PERSONS SERVED OR LIKELY TO BE ENCOUNTERED IN YOUR PROGRAM</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Do you make an effort to identify LEP persons served in your program? (One way to identify LEP persons served in your program is to collect data on ethnicity, race, and/or preferred language.)</td>
</tr>
<tr>
<td>b. Do you make an effort to identify LEP persons likely to be encountered in the population eligible for your program or service? (One way to identify LEP persons likely to be encountered is by examining external data sources, such as Census data)</td>
</tr>
<tr>
<td>c. Does you make an effort to use data to identify new and emerging population or community needs?</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>2. NOTICE OF AVAILABILITY OF LANGUAGE ASSISTANCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do you inform all applicants / clients of their right to receive language / communication assistance services at no cost? (Or, do you have procedures in place to notify LEP applicants / clients of their right to receive assistance, if needed?) Example: One way to notify clients about the availability of language assistance is through the use of an “I Speak” card.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>3. STAFF TRAINING</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do you provide training to personnel at all levels of your organization on federal civil rights laws compliance and the procedures for providing language assistance to LEP persons, if needed?</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>4. PROVISION OF LANGUAGE ASSISTANCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do you provide language assistance to LEP persons, free of charge, in a timely manner? (Or, do you have procedures in place to provide language assistance to LEP persons, if needed)</td>
</tr>
</tbody>
</table>
In general, covered entities are required to provide two types of language assistance: (1) oral interpretation and (2) translation of written materials. Oral interpretation may be carried out by contracted in-person or remote interpreters, and/or bi-lingual staff. (Examples of written materials you may need to translate include vital documents such as consent forms and statements of rights.)

### 5. ENSURING COMPETENCY OF INTERPRETERS USED IN PROGRAM AND THE ACCURACY OF TRANSLATED MATERIALS

<table>
<thead>
<tr>
<th>a. Do you make effort to assess the language fluency of all interpreters used in your program to determine their level of competence in their specific field of service? (Note: A way to fulfill this requirement is to use certified interpreters only.)</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>b. As a general rule, does your organization avoid the use of family members, friends, and other untested individual to provide interpretation services?</td>
<td>Yes</td>
<td>No</td>
</tr>
<tr>
<td>c. Does your organization have a policy and procedure in place to handle client requests to use a family member, friend, or other untested individual to provide interpretation services?</td>
<td>Yes</td>
<td>No</td>
</tr>
<tr>
<td>d. Do you make an effort to verify the accuracy of any translated materials used in your program (or use only professionally certified translators)? (Note: Depending on the outcome of the four-factor analysis, N/A (Not applicable) may be an acceptable response to this question.</td>
<td>Yes</td>
<td>No</td>
</tr>
</tbody>
</table>

### 6. MONITORING OF SERVICES PROVIDED

Does you make an effort to periodically evaluate the effectiveness of any language assistance services provided, and make modifications, as needed? Yes No

   1.4.4. Provides goods or services that are ancillary to the operation of the Federal program; and
   1.4.5. Is not subject to compliance requirements of the Federal program as a result of the agreement, though similar requirements may apply for other reasons.

2. Vendor Identification & Risk Assessment

2.1. The Department shall identify ALL vendors receiving federal, general, or other funds as either a Subrecipient or a Contractor, as defined in Section 1, above and in 2 CFR 200.330.

2.2. The Department shall complete a risk assessment of Subrecipients to evaluate their risk of non-compliance with Federal and State statutes and regulations, as well as the terms and conditions of the contract.

2.3. The Department shall assess vendor risk utilizing multiple factors that include, but are not limited to:
   2.3.1. Grant management experience.

3.2. The Department shall incorporate contract monitoring procedures and activities into final contracts to address identified risks, which may include but are not limited to:

   3.2.1. Requesting vendors to provide fiscal reports and documentation behind reports to the Department for review.
   3.2.2. Reviewing vendor reporting processes and systems for data integrity.
   3.2.3. Performing file reviews to ensure vendor compliance with state and federal laws and rules in the administration of the contract.
   3.2.4. Conducting site visits to assess vendor compliance with applicable contract objectives and requirements.
   3.2.5. Reviewing vendor expenditure details to ensure all expenditures are allowable and in compliance with Federal and State laws and other applicable policies or rules.
   3.2.6. Providing targeted training or technical assistance to vendors.
   3.2.7. Reviewing monthly financial data to assess vendor financial solvency.

3.3. The Department shall conduct contract monitoring activities as specified in resulting contracts.

4. **Vendor Disqualification**

4.1. The Department reserves the right to disqualify vendors from selection based on the results of the risk assessment described in Section 2 above.

4.2. The Department reserves the right to disqualify vendors who refuse to complete and return the Management Questionnaire on Page 3 and 4 of Appendix F, Contract Monitoring.

4.3. The Department intends to only disqualify a vendor that, based on the results of the risk assessment described in Section 2 above, poses an unmanageable degree of programmatic and/or financial risk that may greatly inhibit the vendor’s ability to execute the provisions of the contract.

4.4. The Department considers an unmanageable degree of risk to be present when:

   4.4.1. The vendor appears to be financially unstable based on the Department’s analysis of the vendor’s audited financial statements; and/or
   4.4.2. The identified programmatic risks may severely inhibit the vendor’s ability to execute the contract in accordance with the requirements therein.

4.5. In the event that the Department disqualifies a vendor from selection, the vendor shall have no right to appeal the Department’s decision. Any review shall be in accordance with NH. RSA 21-G:37, IV.
