

ADDENDUM #1

On April 9, 2018, the New Hampshire Department of Health and Human Services, Division of Public Services, published a Request for Applications seeking proposals from vendors with the expertise and capacity to identify and process shortage designations and conduct an overall statewide primary care assessment that identifies communities with the greatest unmet health care needs, disparities and health workforce shortages; and to also identify key barriers to access to health care for these communities.

The Department is publishing this addendum to:

1. **Delete and replace Section 6, Proposal Process, Paragraph 6.2, Procurement Timetable, with the following:**

6.2 Procurement Timetable

Procurement Timetable		
<i>All times are according to Eastern Time. DHHS reserves the right to modify these dates at its sole discretion.</i>
