## 1. INTRODUCTION

### 1.1. Purpose and Overview

This Request for Proposal (RFP) is published to solicit proposals from vendors to provide educational programs and develop professional partnerships that encompass prevention programs, court diversion programs, and programs that offer alternative dispositions for juveniles in an effort to prevent out-of-home placements of children and reduce the number of child protection cases.

The Department intends to award two (2) contracts for services in this RFP as follows:

- One (1) contract for services in the Winnepesaukee Public Health Region (See Appendix G).
- One (1) contract for services in the City of Manchester for a total of two (2) contract awards.

### 1.2. Request for Proposal Terminology

**ACF-** Administration for Children and Families

**Bidder** – Organization submitting a proposal in response to the RFP

**BSL** – Boundary Spanning Leadership framework: The capability of service providers and community partners to establish direction, alignment, and commitment across service boundaries in support of a higher vision or goal, in this case public health prevention and development of protective factors in families ages 0-8 (Center for Creative Leadership, 2016).

**DHHS** – Department of Health and Human Services

**Evidence-based practices-** Evidence based practices are those that have empirical research supporting their efficacy. This RFP requires the vendor to propose an array of community based, evidence based practices that have been shown to reduce child maltreatment, improve parent-child interactions, improve skills for regulating behavior and coping adaptively, and/or facilitate improved coordination of services and referrals. Descriptions of evidence based services can be found at the [California Evidence-Based Clearinghouse for Child Welfare](#) ; [Child Welfare Information Gateway Prevention Evidence-Based Practice Registries](#) ; and at [Home Visiting Evidence of Effectiveness](#) .

**PDSA-R Cycle** – Plan-Do-Study-Act-Revise is a tool used to plan, implement, study the results, and modify what changes need to be made in effort to achieve a change in condition. It is a process commonly used in health care and public health prevention practice. For more information, please visit, the [Institute for Healthcare Improvement](#) .

**Practice Profile-** Practice Profiles are used in human service and educational settings to map core components of program models, how the components relate to desired outcomes; and expectations for use in practice. Practice

Profiles are helpful in making essential functions in evidence-based strategies, roles, and responsibilities clear and concise for sound implementation. For more information visit The [National Implementation Research Network's Active Implementation HUB](#).

**Protective factors** – The conditions or attributes in individuals, families, communities, or the larger society that, when present, mitigate or eliminate risk in families and communities that, when present, increase the health and well-being of children and families. Protective factors help parents to find resources, supports, or coping strategies that allow them to parent effectively, even under stress. Protective Factors include: Nurturing and Attachment; Knowledge of Parenting and of Child and Youth Development; Parental Resilience; Social Connections; Concrete Supports for Parents; and Social and Emotional Competence of Children.

**RFP** – Request for Proposals. A Request for Proposals means an invitation to submit a proposal to provide specified goods or services, where the particulars of the goods or services and the price are proposed by the vendor and, for proposals meeting or exceeding specifications, selection is according to identified criteria as provided by RSA 21-I:22-a and RSA 21-I:22-b.

### **2.1. New Hampshire DHHS Division of Public Health Services and Division for Children, Youth and Families**

- 2.1.1. - 3.5.1. The selected Vendor(s) must meet all information security and privacy requirements as set by the Department.

#### 3.5.2. Culturally and Linguistically Appropriate Services

- 3.5.2.1. The New Hampshire Department of Health and Human Services (DHHS) is committed to reducing health disparities in New Hampshire. DHHS recognizes that culture and language can have a considerable impact on how individuals access and respond to health and human services. Culturally and linguistically diverse populations experience barriers in their efforts to access services. As a result, DHHS is strongly committed to providing culturally and linguistically competent programs and services for its clients, and as a means of ensuring access to quality care for all. As part of that commitment DHHS continuously strives to improve existing programs and services, and to bring them in line with current best practices.
- 3.5.2.2. DHHS requires all contractors and sub-recipients to provide culturally and linguistically appropriate programs and services in compliance with all applicable federal civil rights laws, which may include: Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and the Rehabilitation Act of 1973. Collectively, these laws prohibit discrimination on the grounds of race, color, national origin, disability, age, sex, and religion.
- 3.5.2.3. There are numerous resources available to help recipients increase their ability to meet the needs of culturally, racially and linguistically diverse clients. Some of the main information sources are listed in the Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Section of the RFP, and, in the Vendor/RFP section of the DHHS website.
- 3.5.2.4. A key Title VI guidance is the National Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards), developed by the U.S. Department of Health and Human Services in 2000. The CLAS Standards provide specific steps that organizations may take

to make their services more culturally and linguistically appropriate. The enhanced CLAS standards, released in 2013, promote effective communication not only with persons with Limited English Proficiency, but also with persons who have other communication needs. The enhanced Standards provide a framework for organizations to best serve the nation's increasingly diverse communities.

- 3.5.2.5. Bidders are expected to consider the need for language services for individuals with Limited English Proficiency as well as other communication needs, served or likely to be encountered in the eligible service population, both in developing their budgets and in conducting their programs and activities.
- 3.5.2.6. Successful applicants will be:
  - 3.5.2.6.1. Required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council;
  - 3.5.2.6.2. Monitored on their Federal civil rights compliance using the Federal Civil Rights Compliance Checklist, which can be found in the Vendor/RFP section of the DHHS website.
- 3.5.2.7. The guidance that accompanies Title VI of the Civil Rights Act of 1964 requires recipients to take reasonable steps to ensure meaningful access to their programs and services by persons with Limited English Proficiency (LEP persons). The extent of an organization's obligation to provide LEP services is based on an individualized assessment involving the balancing of four factors:
  - 3.5.2.7.1. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program or services (this includes minor children served by the program who have LEP parent(s) or guardian(s) in need of language assistance);
  - 3.5.2.7.2. The frequency with which LEP individuals come in contact with the program, activity or service;
  - 3.5.2.7.3. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service;

3.5.2.7.4. The resources available to the organization to provide language assistance.

3.5.2.8. **Bidders are required to complete the TWO (2) steps listed in the Appendix C to this RFP, as part of their Proposal.** Completion of these two items is required not only because the provision of language and/or communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Bidders' program design, which in turn, will allow Bidders to put forth the best possible Proposal.

3.5.2.9. For guidance on completing the two steps in Appendix C, please refer to Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFP, which is posted on the DHHS website. <http://www.dhhs.nh.gov/business/forms.htm>.

### 3.5.3. **Contract Monitoring Provisions**

3.5.3.1. All Bidders must complete Appendix F Contract Monitoring Provisions.

3.5.3.2. The Department will determine if enhanced monitoring is necessary for any selected Vendor(s).

The content of each Bidder's Proposal, and addenda thereto, will become public information once the Governor and Executive Council have approved a contract. Any information submitted as part of a bid in response to this RFP may be subject to public disclosure under RSA 91-A. Insofar as a Bidder seeks to maintain the confidentiality of its confidential commercial, financial or personnel information, the Bidder must clearly identify in writing the information it claims to be confidential and explain the reasons such information should be considered confidential. This should be done by separate letter identifying by page number and proposal section number the specific information the Bidder claims to be exempt from public disclosure pursuant to RSA 91-A:5.

Each Bidder acknowledges that DHHS is subject to the Right-to-Know Law New Hampshire RSA Chapter 91-A. DHHS shall maintain the confidentiality of the identified confidential information insofar as it is consistent with applicable laws or regulations, including but not limited to New Hampshire RSA Chapter

91-A. In the event DHHS receives a request for the information identified by a Bidder as confidential, DHHS shall notify the Bidder and specify the date DHHS intends to release the requested information. Any effort to prohibit or enjoin the release of the information shall be the Bidder's responsibility and at the Bidder's sole expense. If the Bidder fails to obtain a court order enjoining the disclosure, DHHS may release the information on the date DHHS specified in its notice to the Bidder without incurring any liability to the Bidder.

#### **6.14. Non-Commitment**

Notwithstanding any other provision of this RFP, this RFP does not commit DHHS to award a contract. DHHS reserves the right to reject any and all Proposals or any portions thereof, at any time and to cancel this RFP and to solicit new Proposals under a new bid process.

#### **6.15. Liability**

By submitting a Letter of Intent to submit a Proposal in response to this RFP, a Bidder agrees that in no event shall the State be either responsible for or held liable for any costs incurred by a Bidder in the preparation or submittal of or otherwise in connection with a Proposal, or for work performed prior to the Effective Date of a resulting contract.

#### **6.16. Request for Additional Information or Materials**

During the period from the Technical and Cost Proposal Submission Deadline, specified in Section 6.2, Procurement Timeline, to the date of Contractor selection, DHHS may request of any Bidder additional information or materials needed to clarify information presented in the Proposal. Such a request will be issued in writing and will not provide a Bidder with an opportunity to change, extend, or otherwise amend its Proposal in intent or substance. Key personnel shall be available for interviews.

#### **6.17. Oral Presentations and Discussions**

DHHS reserves the right to require some or all Bidders to make oral presentations of their Proposal. Any and all costs associated with an oral presentation shall be borne entirely by the Bidder. Bidders may be requested to provide demonstrations of any proposed automated systems. Such a request will be in writing and will not provide a Bidder with an opportunity to change, extend, or otherwise amend its proposal in intent or substance.

#### **6.18. Contract Negotiations and Unsuccessful Bidder Notice**

If a Bidder(s) is selected, the State will notify the Successful Bidder(s) in writing of their selection and the State's desire to enter into contract negotiations. Until the State successfully completes negotiations with the selected Bidder(s), all submitted Proposals remain eligible for selection by the State. In the event contract negotiations are unsuccessful with the selected Bidder(s), the evaluation team may recommend another Bidder(s).

In order to protect the integrity of the bidding process, notwithstanding RSA 91-A:4, no information shall be available to the public, or to the members of the general court or its staff, concerning specific responses to requests for bids (RFBs), requests for proposals (RFPs), requests for applications (RFAs), or similar requests for submission for the purpose of procuring goods or services or awarding contracts from the time the request is made public until the closing date for responses except that information specifically allowed by RSA 21-G:37.

#### **6.19. Scope of Award and Contract Award Notice**

DHHS reserves the right to award a service, part of a service, group of services, or total Proposal and to reject any and all Proposals in whole or in part. The notice of the intended contract award will be sent by certified mail or overnight mail to the selected Bidder. A contract award is contingent on approval by the Governor and Executive Council.

If a contract is awarded, the Bidder must obtain written consent from the State before any public announcement or news release is issued pertaining to any contract award.

#### **6.20. Site Visits**

The Department may, at its sole discretion, at any time prior to contract award, conduct a site visit at the bidder's location or at any other location deemed appropriate by the Department, in order to determine the bidder's capacity to satisfy the terms of this RFP/RFB/RFA. The Department may also require the bidder to produce additional documents, records, or materials relevant to determining the bidder's capacity to satisfy the terms of this RFP/RFB/RFA. Any and all costs associated with any site visit or requests for documents shall be borne entirely by the bidder.

#### **6.21. Protest of Intended Award**

Any challenge of an award made or otherwise related to this RFP shall be governed by RSA 21-G:37, and the procedures and terms of this RFP. The procedure set forth in RSA 21-G:37, IV, shall be the sole remedy available to challenge any award resulting from this RFP. In the event that any legal action is brought challenging this RFP and selection process, outside of the review process identified in RSA 21-G:37, IV, and in the event that the State of New Hampshire prevails, the challenger agrees to pay all expenses of such action, including attorney's fees and costs at all stages of litigation.

The Contractor acknowledges and agrees that any failure to achieve required performance levels by the Contractor will more than likely substantially delay and disrupt the Department's operations. Therefore the parties agree that liquidated damages shall be determined as part of the contract specifications.

Assessment of liquidated damages shall be in addition to, and not in lieu of, such other remedies as may be available to the Department. Except and to the extent expressly provided herein, the Department shall be entitled to recover liquidated damages applicable to any given incident.

The Department will determine compliance and assessment of liquidated damages as often as it deems reasonable necessary to ensure required performance standards are met. Amounts due the State as liquidated damages may be deducted by the State from any fees payable to the Contractor and any amount outstanding over and above the amounts deducted from the invoice will be promptly tendered by check from the Contractor to the State.

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

## APPENDIX C

### Addendum to Culturally and Linguistically Appropriate Services (CLAS) Section of RFP for Purpose of Documenting Title VI Compliance

**All DHHS bidders are required to complete the following two (2) steps as part of their proposal:**

- (1) Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;
- (2) Taking into account the outcome of the four-factor analysis, respond to the questions below.

#### **Background:**

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure **meaningful access** by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The **key** to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The **starting point** for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients **does not diminish** the obligation covered entities have to address those needs.

## APPENDIX C

Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person's limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as then there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

### **BIDDER STEP #1 – Individualized Assessment Using Four-Factor Analysis**

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

- (1) The **number** or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
- (2) The **frequency** with which LEP individuals come in contact with the program, activity or service;
- (3) The **importance** or impact of the contact upon the lives of the person(s) served by the program, activity or service;
- (4) The **resources** available to the organization to provide effective language assistance.

This addendum was created to facilitate bidders' application of the four-factor analysis to the services they provide. At this stage, bidders are not required to submit their four-factor analysis as part of their proposal. **However, successful bidders will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council.** For further guidance, please see the Bidder's Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFP, which is available in the Vendor/RFP Section of the DHHS website.

## APPENDIX C

### Important Items to Consider When Evaluating the Four Factors.

#### **Factor #1 The number or proportion of LEP persons served or encountered in the population that is eligible for the program.**

##### Considerations:

- The eligible population is specific to the program, activity or service. It includes LEP persons serviced by the program, as well as those directly affected by the program, activity or service.
- Organizations are required not only to examine data on LEP persons served by their program, but also those in the community who are **eligible** for the program (but who are not currently served or participating in the program due to existing language barriers).
- Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.
- Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.
- An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.
- It is important to remember that the **focus** of the analysis is on the lack of English proficiency, not the ability to speak more than one language.

#### **Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.**

- The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily.
- Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program.
- The resulting plan may be as simple as being prepared to use a telephone interpreter service.
- The key is to have a plan in place.

## APPENDIX C

<b>Factor #3 The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.</b>
<ul style="list-style-type: none"><li>• The more important a recipient's activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.</li><li>• When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient's health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time.</li></ul>
<b>Factor #4 The resources available to the organization to provide effective language assistance.</b>
<ul style="list-style-type: none"><li>• A recipient's level of resources and the costs of providing language assistance services is another factor to consider in the analysis.</li><li>• Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;</li><li>• Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations.</li></ul>

## APPENDIX C

### **BIDDER STEP #2 - Required Questions Relating to Language Assistance Measures**

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (**Do not** attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

<b>1. IDENTIFICATION OF LEP PERSONS SERVED OR LIKELY TO BE ENCOUNTERED IN YOUR PROGRAM</b>		
<b>a. Do you make an effort to identify LEP persons served in your program?</b> (One way to identify LEP persons served in your program is to collect data on ethnicity, race, and/or preferred language.)	Yes	No
