

## Intensive Treatment Services (ITS) Summit – FOLLOW UP

*A partnership between the New Hampshire Bureau of Developmental Services (BDS) and  
Community Support Network Incorporated (CSNI)*

This is the third session which is a follow up to September 27<sup>th</sup>, 2017.

In March, 2017 Stakeholders from across the State of NH came together to discuss planning and implementation of ITS services for individuals with developmental disabilities and acquired brain disorder.

Several action steps were established from this Summit. Seven workgroups were developed, and have been meeting monthly since the Summit.

At this Summit follow up, the following workgroups will offer an update:

Training Workgroup  
Trauma Informed Care  
Operational Standards  
START Center  
Capacity Development

We will also have the opportunity to hear from Behavioral and Mental Health state agencies on collaborative methods and how to apply them in service delivery.

You are invited to attend this Summit Follow Up. Your support and contribution is much appreciated!
