NOTICE ABOUT WORKERS’ COMPENSATION COVERAGE

FOR INDIVIDUALS IN THE NH EMPLOYMENT PROGRAM’S (NHEP) WORK EXPERIENCE PROGRAM (WEP)

The Work Experience Program (WEP) helps NHEP participants gain real work experience.

People in the WEP activity will be in actual work settings. Every effort is made to make the NHEP WEP placement a safe and positive experience for both the participant and the Host Site. The WEP participant and the Host Site Supervisor both get this information about Workers’ Compensation coverage from the Department of Health & Human Services (DHHS).

No matter how careful people are, accidents can still happen in the workplace. The NHEP must give Workers’ Compensation coverage for its participants, per state law. If you are injured while working in an approved WEP placement, you may be able to get Workers’ Compensation benefits.

This Notice gives you and the WEP Host Site Supervisor steps to follow if you are injured while working at a WEP placement.

NHEP WEP PARTICIPANT INSTRUCTIONS

IN ANY MEDICAL EMERGENCY, SEEK MEDICAL ATTENTION IMMEDIATELY!

If you are injured while working in a WEP placement, you must:

♦ You must also complete, sign and return a DHHS form, Notice of Accidental Injury or Occupational Illness. You must add or attach your date of birth (DOB), home address and telephone number to this form. You must complete this form and return it within 48 HOURS of calling the DHHS Workers’ Compensation agent. Your NHEP Representative will help you get this form.
