Definitions:

- * A **Lead Inspector** can perform full lead inspections, preliminary inspections, and dust wipes. A lead inspector **cannot** issue certificates of compliance or lead safe.
- * A **Risk Assessor** can perform full lead inspections, preliminary inspections, clearance inspections and issue certificates of lead safe and certificates of compliance for abatement and interim controls. Risk Assessors can also write and approve Lead Hazard Reduction Work Plans.
- * An **Order of Lead Hazard Reduction** requires a full lead inspection of the interior, exterior, common areas, any out buildings and soil, a clearance inspection after the completion of work, and a certificate of compliance.
- * A **Certificate of Lead Safe** requires a full inspection of the property and dust wipes.
