

COVID-19 Test Options

Most health insurance plans cover tests for COVID-19 without a copay, coinsurance, or deductible. Many locations throughout the state including hospitals, pharmacies, primary care offices, urgent care centers and many other locations offer COVID-19 tests. Tests for active COVID-19 disease are available in locations across New Hampshire and include both the polymerase chain reaction (PCR) test and the rapid antigen test. The PCR test is for persons with or without symptoms of COVID-19. The rapid antigen test is for persons with symptoms and within a specific timeframe after onset of symptoms.

Persons who do not have insurance or have a health insurance plan that does not fully cover the cost of tests may have testing paid for by a New Hampshire Limited COVID-19 Testing Benefit. To apply online for the Testing Benefit, please visit NH EASY at <https://nheasy.nh.gov> and click on “COVID-19 Testing”. Additional information about other DHHS programs and benefits, including different Medicaid plans that cover more than COVID-19 testing services, are on the NH EASY website.

Please call or visit the website of the individual providers below to schedule a COVID-19 test or to order an at-home test.

Table 1: COVID-19 Specimen Collection Sites for PCR Testing*

| Facility Name | Town/City | Contact Information |
