

COVID-19 PCR Testing Options

Most health insurance plans cover testing for COVID-19 without a copay, coinsurance, or deductible. Many locations throughout the state including hospitals, pharmacies, primary care offices, urgent care centers and many other locations offer COVID-19 testing.

Persons who do not have insurance or have a health insurance plan that does not fully cover the cost of testing may have access to cover the costs of testing via a New Hampshire Medicaid Limited COVID-19 Testing Benefit. To apply online for the Testing Benefit, please visit NH EASY at <https://nheasy.nh.gov> and click on “COVID-19 Testing”. Additional information about other DHHS programs and benefits, including different Medicaid plans that cover more than COVID-19 testing services, are on the NH EASY website.

Please call or visit the website of the individual testing providers below to schedule a COVID-19 test.

Table 1: COVID-19 Specimen Collection Sites for PCR Testing*

Facility Name	Town/City	Contact Information
