**APPLICATION FOR ACCESS TO CONFIDENTIAL CANCER DATA
FOR HEALTH RELATED RESEARCH**

New Hampshire Cancer Registry data are available for health related research purposes only by application to, and approval of the New Hampshire Department of Health and Human Services (NH DHHS) for the release of the Cancer Registry data set. The NH DHHS is referred to as the "Approving Authority" in this application.

This **Application for Access to Confidential Cancer Data For Health-Related Research** form provides the information the Approving Authority requires to make a decision about whether or not to grant the request for data. The Approving Authority will consider your request only upon receipt of a completed application. Any areas of this application left blank without explanation will delay the review of this request, so please take the time to review your completed application carefully. Please provide responses to the questions in the application in this document only.

This data application is permissible pursuant to NH RSA 141-B:9 and NH Administrative Rule He-P 304.08, He-P 304.09, and He-P 304.10.

This data release process involves the following steps:

- (i) We recommend that you discuss the data with our staff before completing this form to understand the strengths and limitations of registry data and receive help in selecting the best variables for your study. Please email Cathleen.A.Geiger@dartmouth.edu, Registry Manager, New Hampshire State Cancer Registry, who will arrange for one of our staff to contact you.
- (ii) Review regulations concerning use of public health datasets in the **Guidelines for the Public Release of Public Health Data**:
<https://www.dhhs.nh.gov/dphs/hsdm/documents/publichealthdata.pdf>
- (iii) Complete, sign and submit this **Application for Access to Confidential Cancer Data For Health-Related Research** form:
<https://www.dhhs.nh.gov/dphs/hsdm/cancer/documents/confidential.pdf>
- (iv) Submit the approval letter from your Institutional Review Board along with the approved protocol and related materials (e.g. consent forms, questionnaires). If the approval letter is pending, you may submit the other materials and forward the approval letter once obtained.
- (v) The approval process generally takes approximately four to eight weeks from the time a completed application is received by the Approving Authority. Prior to receipt of data, applicants will be notified of any fees that may be required in order to receive the requested data.

If the Approving Authority ascertains that part or all of a request can be accomplished through receipt of aggregate data, public use data sets, or creation of proxy variables, it reserves the right to deny the request and redirect the applicant to the appropriate agency to obtain the information required.

The Approving Authority reserves the right to independently validate anything contained in this application and may at its discretion contact any Institutional Review Board that has purview over the research project for which data is requested.

- (vi) On receipt of confirmation of your approval to receive data, submit the **Data Sharing Agreement (DSA) along with End User Agreement**, completed and signed to DHHS.HealthStatistic@dhhs.nh.gov; and email Cathleen.A.Geiger@dartmouth.edu, Data Manager, New Hampshire State Cancer Registry, to arrange transfer of the data.
- (vii) For ongoing use of the data, submit renewal approval letters from your IRB every year or as needed to demonstrate ongoing IRB approval.
- (viii) Prior to publication of research articles using NH DHHS data, a copy of the manuscript must be emailed to DHHS.HealthStatistic@dhhs.nh.gov. The article will be reviewed to ensure that the policies outlined in the **DSA** are maintained. You will be notified once approval is granted, generally within one week of submission.
- (ix) All published articles should include the following acknowledgement:
“This project was supported in part by the Centers for Disease Control and Prevention's National Program of Cancer Registries, cooperative agreement 5U58DP003930 awarded to the New Hampshire Department of Health and Human Services, Division of Public Health Services, Bureau of Public Health Statistics and Informatics. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Centers for Disease Control and Prevention or New Hampshire Department of Health and Human Services.”
- (x) We would appreciate receiving citations of published work for our records: please email those to DHHS.HealthStatistic@dhhs.nh.gov. This helps in our applications for funding to continue collecting data.
- (xi) For termination of the study, submit the **Notice of Termination of Use of Confidential Cancer Data Form**: <https://www.dhhs.nh.gov/dphs/hsdm/cancer/documents/cancer-termination.pdf>
- (xii) If you modify your study protocol, submit those changes to us for review/approval prior to initiation of them along with proof of your IRB's approval of those changes.
- (xiii) On or before the retention date, destruction of the data must be conducted according to the terms of the DSA, and notarized confirmation provided to NH DHHS.
- (xiv) If you need to use the data beyond your specified retention date, submit the **Request for Continued Use of Confidential Cancer Data Form**: <https://www.dhhs.nh.gov/dphs/hsdm/cancer/documents/cancer-continuation.pdf>.

Please send completed application materials to the following address:

NH State Cancer Registry Data for Health Related Research
Bureau of Public Health Statistics and Informatics
Division of Public Health Services
Department of Health and Human Services
29 Hazen Drive
Concord, NH 03301-6504

For questions, please e-mail to DHHS.HealthStatistic@dhhs.nh.gov.

Part I: Request for Data with Personal Identification Information

All information provided in these sections and in the separate data variable forms is required. This information will serve as criteria for the Approving Authority's decision regarding release of confidential data.

Section A: Individual and Organization Requestor Information

Contact Person's Name and Title (name of person who will receive the data):
Organization:
Address:
Telephone Number:
Fax Number:
E-mail Address:
Principal Investigator or Overall Responsible Party's Name and Title:
Principal Investigator or Overall Responsible Party's Telephone Number:
Application Date:

Section B: Summary of Research Study Protocol or Project Activities:

Please submit a copy of your research/study/project protocol. Use as much space as you need below to answer the questions. If you are not using this electronic document, attach a separate document with numbered answers.

- 1. Title of study or project:**

- 2. Purpose of the study or project.** What is the hypothesis? How will this study benefit New Hampshire residents and/or contribute to general knowledge?

- 3. Requestor and Principal Investigator's qualifications and affiliation** (*briefly describe and attach resumes*)

- 4. Personnel.** Please describe all research and other staff who will have access to the confidential data. These include personnel, subcontractors, and affiliated agencies.

- 5. Source of funds.** Please describe the source(s) and duration of all funding for the study (including in-kind contributions). Identification should include the name, address, and a contact number for the agency directly responsible for the funding, as well as identifying links to any umbrella organization.

- 6. Study background and design.** Please address the following points (you may also attach an existing research protocol as an additional reference, although, please note, an attached protocol shall not serve as a replacement for providing answers to the questions below, or any other information requested in this application):
 - What are the specific aims of your project? Specifically state the goal(s) of the research. This should be as focused and detailed as possible.
 - Based on the study goal(s) and design of the information to be collected, provide a logical outline of the study, intended start and completion dates, and sampling or data collection methodology.
 - Describe the study's case definition (demographics, medical criteria, geographic location, and other appropriate descriptions).
 - Describe the method of data analysis and software programs you anticipate using.
 - If you intend to link data to other databases, resulting in the determination of additional individuals' identification, please describe the process and provide for IRB approval to conduct this research (indicating procedures for gaining consent). Include any copies of informed consent forms.

7. IRB approval. If applicable, please include the current documentation of the Institutional Review Board approval for the study. The IRB of record shall be in compliance with the requirements of the U.S. Department of Health and Human Services Code of Federal Regulations for Protection of Human Subjects (45 CFR 46). If not applicable, please state below.

8. Dataset requested. Please check the time period you require for your project.

Years Required for Project				
<input type="checkbox"/> 1995	<input type="checkbox"/> 2000	<input type="checkbox"/> 2005	<input type="checkbox"/> 2010	<input type="checkbox"/> 2015
<input type="checkbox"/> 1996	<input type="checkbox"/> 2001	<input type="checkbox"/> 2006	<input type="checkbox"/> 2011	<input type="checkbox"/> 2016
<input type="checkbox"/> 1997	<input type="checkbox"/> 2002	<input type="checkbox"/> 2007	<input type="checkbox"/> 2012	<input type="checkbox"/> 2017
<input type="checkbox"/> 1998	<input type="checkbox"/> 2003	<input type="checkbox"/> 2008	<input type="checkbox"/> 2013	<input type="checkbox"/> 2018
<input type="checkbox"/> 1999	<input type="checkbox"/> 2004	<input type="checkbox"/> 2009	<input type="checkbox"/> 2014	<input type="checkbox"/> _____

Note: If your study anticipates requesting records into the future, please indicate final year that will be needed. Cancer Registry data are not considered complete until 24 months after date of diagnosis, and we do not release incomplete data except in special circumstances (e.g. studies that require early identification of cases). To request years prior to 1995 (1987-1994), or to request early access to data, please contact Cathleen.A.Geiger@dartmouth.edu, Data Manager, New Hampshire State Cancer Registry, to discuss limitations of these data.

9. Please complete the variable list form (**Part II of this application**) for each dataset requested; the variable list form requires justification for all confidential data variables requested.

10. Data will be provided in a password-protected encrypted file. Please indicate how you would like to receive the data (check only one box):

<input checked="" type="checkbox"/> File Format
<input type="checkbox"/> CSV or Pipe Delimited File
<input type="checkbox"/> Fixed Format File
<input type="checkbox"/> SAS Data set

11. Contact with human subjects. Will the study or project activities involve contact with any persons identified *within* the requested data records? Please explain the need for and the nature of the expected contact.

12. Data management and security. Please describe, in detail, the methods used to store the confidential data and how confidentiality of the data will be maintained.

13. Reporting of results. What will be the format of your results (e.g., publication, grant application, poster, presentation, brochure, Web page, etc.)? What will be the lowest geographical level of analysis of data that will be released for publication or presentation (e.g., state level, county level, zip code, etc.)?

I have reviewed the request form. All statements made in the request form are true, complete, and correct to the best of my knowledge, and I agree to abide by the aforementioned stipulations.

Name of person requesting data:	Name of overall responsible party / Principal Investigator:
Title:	Title:
Organization:	Organization:
Signature: Date:	Signature: Date:

Part II: Data Set Variable Selection and Justification of NH State Cancer Registry Data

- Specify below a justification for variables that could potentially be direct or indirect identifiers. Variables may be denied if your application does not adequately justify your explicit need. Variables requested to verify the content of other variables or to calculate new information may be denied.

- Specify any sub-selection or filtering of records. We will only release the minimum set of records needed for your study. Please provide any selection criteria for the records you are specifically interested in (e.g., if you are specifically interested in stage 1 and 2 of breast cancers, be sure to indicate that here).

- Specify any grouping of values for a variable. Where relevant, we will provide data variables pre-grouped. Please indicate any grouping that is needed for your study (e.g., if you only need to know the patient's county of residence, indicate that, and we will supply the county instead of the town of residence. Another common example is grouping the patient's age).

Part II: Data Set Variable Selection and Justification of NH State Cancer Registry Data**Instructions for using the following checklists:**

- On the following pages, find the variable listings for the selected datasets.
- On the form(s), indicate variables requested by placing a ✓ in the select box.
- Select only those variables needed for your study.
- For Cancer Data Dictionary- Please visit <http://datadictionary.naaccr.org/?c=10>

Note: The table below must be completed even if the information is also described in your protocol.
