

Review of DSRIP Performance/Outcome Measures

January 11, 2017

Introductions

- Andrew Chalsma
 - Director of Data Analytics and Reporting
 - andrew.chalsma@dhhs.nh.gov
- Doris Lotz, MD, MPH
 - Chief Medical Officer
 - doris.lotz@dhhs.nh.gov
- SIGN IN PLEASE

Agenda

- Introductions
- Opening Remarks/Goals for Today
- DSRIP Measures Review
 - Measures for Discussion January 11, 2017
 - Measures for Discussion TBD/Next Meeting
 - Finalized Measures
- Questions and Answers
- Next Steps

Today's Goals

- Feedback on Communications
 - DSRIP Quality Website
 - Email/Users Group
- Review selected DSRIP measures
 - Answer questions about the measures
 - Discuss and hear feedback
- Next meeting

Building Capacity for Transformation: New Hampshire DSRIP Waiver Program

By providing funding to support delivery system transformation—rather than to cover the costs of specific services rendered by providers—the waiver will enable health care providers and community partners within a region to form relationships focused on transforming care. This funding will also provide prompt resources for combatting the opioid crisis and strengthening the state's strained mental health delivery system.

DSRIP Quality Performance

The goal of the NH DSRIP demonstration is to support the development and implementation of integrated delivery networks (IDNs) to improve the physical and behavioral health of Medicaid beneficiaries and reduce health care costs. The DSRIP Quality Performance measures will track project implementation, clinical quality, utilization indicators, validate IDN performance for incentive payments, and allow progress toward Alternative Payment Models. Funding in the fourth and fifth year will be entirely based on these performance measures. The DSRIP Quality Performance program is administered by the Office of Quality Assurance and Improvement in close conjunction with the Office of Medicaid Services and the DSRIP project team.

Documents below are overview presentations regarding the DSRIP Quality Performance measures and the most current version of measure specifications and other information as needed for IDNs, stakeholders, and the public to understand quality and performance monitoring for the program. The DSRIP processes and outcomes have been approved by CMS and are part of the DSRIP Planning Protocols.

Measures for Discussion Today,

1 of 2

- **ASSESS_SCREEN.01** Use of Comprehensive Core Standardized Assessment by Medicaid Billing IDN Providers
- **ASSESS_SCREEN.03** Recommended U.S. Preventive Services Task Force (USPSTF) A&B Services Provided for Behavioral Health Population by IDN Providers

Measures for Discussion Today,

2 of 2

- **CARE.03_Sub_A** Physical Health-Focused HEDIS Measures for Behavioral Health Population: Controlling High Blood Pressure (Subcomponent of CARE.03)
- **CARE.03_Sub_B** Physical Health-Focused HEDIS Measures for Behavioral Health Population: Comprehensive Diabetes Care - HbA1c Testing (Subcomponent of CARE.03)
- **CARE.03_Sub_C** Physical Health-Focused HEDIS Measures for Behavioral Health Population: Comprehensive Diabetes Care - HbA1c Control <8.0% (Subcomponent of CARE.03)
- **CARE.03_Sub_D** Physical Health-Focused HEDIS Measures for Behavioral Health Population: Comprehensive Diabetes Care - Eye Examine (Subcomponent of CARE.03)
- **CARE.03_Sub_E** Physical Health-Focused HEDIS Measures for Behavioral Health Population: Comprehensive Diabetes Care - Nephropathy (Subcomponent of CARE.03)

Measures for Discussion at Next Meeting

- **ASSESS_SCREEN.02** Appropriate Follow-Up by Medicaid Billing IDN Providers for Positive Screenings for Potential Substance Use Disorder and/or Depression
- **CARE.01** Mental Health-Focused HEDIS Measures: Summary Score
- **CARE.03** Physical Health-Focused HEDIS Measures for Behavioral Health Population: Summary Score
- **EXPERIENCE.01** Experience of Care Survey: Summary Score
- **HOSP_INP.01** Readmission to Any Hospital for Any Cause by Adult Behavioral Health Population Within 30 Days
- **HOSP_INP.02** Timely Transmission of Transition Record After Hospital Discharge

Finalized Measures

- **CARE.01_Sub_A** Mental Health-Focused HEDIS Measures: Antidepressant Medication Management - Continuation Phase (Subcomponent of CARE.01)
- **CARE.01_Sub_B** Mental Health-Focused HEDIS Measures: Adherence to Antipsychotic Medication for Individuals with Schizophrenia (Subcomponent of CARE.01)
- **CARE.01_Sub_C** Mental Health-Focused HEDIS Measures: Use of First-Line Psychosocial Care for Children and Adolescents on Antipsychotics (Subcomponent of CARE.01)
- **CARE.01_Sub_D** Mental Health-Focused HEDIS Measures: Metabolic Monitoring for Children and Adolescents on Antipsychotics (Subcomponent of CARE.01)
- **CARE.01_Sub_E** Mental Health-Focused HEDIS Measures: Diabetes Screening for People with Schizophrenia or Bipolar Disorder Who are Using Antipsychotic medications (Subcomponent of CARE.01)
- **CARE.01_Sub_F** Mental Health-Focused HEDIS Measures: Diabetes Monitoring for People with Diabetes and Schizophrenia (Subcomponent of CARE.01)

Finalized Measures, *continued*

- **CARE.02** Adolescent (Age 12-21) Well-Care Visits
- **CARE.03_Sub_F** Physical Health-Focused HEDIS Measures for Behavioral Health Population: Pharmacotherapy Management of COPD Exacerbation - Systemic Corticosteroid (Subcomponent of CARE.03)
- **CARE.03_Sub_G** Physical Health-Focused HEDIS Measures for Behavioral Health Population: Medication Management for People with Asthma (Subcomponent of CARE.03)
- **CARE.04** Initiation of Alcohol and Other Drug Dependence Treatment
- **CARE.05** Engagement of Alcohol and Other Drug Dependence Treatment
- **CMHC.01** Community Mental Health Center Intake Appointment Timeliness
- **CMHC.02** Community Mental Health Center First Follow-up Visit Timeliness
- **CMHC.03** Community Mental Health Center First Psychiatrist Visit Timeliness
- **OPIOIDRX.01** Extended Daily Dosage of Opioids Greater Than 120mg Morphine Equivalent Dose

Finalized Measures, *continued*

- **EXPERIENCE.01_Sub_A** Experience of Care Survey: Getting Needed Care Composite Score (Subcomponent of EXPERIENCE.01)
- **EXPERIENCE.01_Sub_B** Experience of Care Survey: Getting Care Quickly Composite Score (Subcomponent of EXPERIENCE.01)
- **EXPERIENCE.01_Sub_C** Experience of Care Survey: Care Coordination Composite Score (Subcomponent of EXPERIENCE.01)
- **EXPERIENCE.01_Sub_D** Experience of Care Survey: Behavioral Health Composite Score (Subcomponent of EXPERIENCE.01)
- **HOSP_ED.01** Frequent (4+ per year) Emergency Department Use in the Behavioral Health Population
- **HOSP_ED.02** Potentially Avoidable Emergency Department Visits
- **HOSP_ED.03** Follow-up After Emergency Department Visit for Mental Illness Within 30 Days
- **HOSP_ED.04** Follow-up After Emergency Department Visit for Alcohol and Other Drug Dependence Within 30 Days
- **HOSP_INP.03** Follow-up After Hospitalization for Mental Illness Within 7 Days
- **HOSP_INP.04** Follow-up After Hospitalization for Mental Illness Within 30 Days

Questions and Comments

Next Steps

- Next Meeting Preliminary Agenda
 - Additional Measure Discussion
 - Composite Measure Weighting and Calculation
- Next Meeting: February 8, 10:00 am -12:00 pm
