Aviso importante acerca de sus beneficios. Por favor llame a la Oficina del Distrito si tiene alguna duda o pregunta. También puede solicitar servicios gratuitos de un intérprete.

You still have health insurance coverage through Granite Advantage.

On July 29th, New Hampshire received a legal decision by the US District Court for the District of Columbia regarding the Work and Community Engagement requirement under the Granite Advantage Health Care Program. This decision prohibits the Department of Health and Human Services (DHHS) from implementing the Work and Community Engagement requirement at this time.

This means that you no longer have to comply with the 100-hour participation work requirement or request any type of exemption to keep your Medicaid coverage. You will continue to have the same coverage and benefits under the Granite Advantage Health Care Program at this time.

Please note all other eligibility conditions still continue to apply. Changes in your situation are to be reported within 10 calendar days to DHHS. This includes changes for both you and other people in your household, such as if someone moves, if someone's income changes, or if your household changes.

Please remember that we are in Open Enrollment for the month of August and you can either keep your current health care management plan or select a new plan. If you choose to keep your current plan you do not need to do anything; if you want to select a new plan please contact the New Hampshire Medicaid Service Center at **1-888-901-4999**, or visit a DHHS District Office.
