IMPORTANT! Please read this entire letter about the Granite Advantage Health Care Program Community Engagement requirements. If you need help with reading or understanding this letter, please contact the Department of Health and Human Services Customer Service Line at 1-844-275-3447 (1-844-ASK DHHS.)

Recently DHHS sent you a letter explaining the Community Engagement requirement under the Granite Advantage Health Program and indicating your participation status as Mandatory. As you may be aware, people covered by Medicaid through Granite Advantage typically must complete 100 hours of Community Engagement activities each month to maintain medical coverage unless they are exempted.

You told us previously that you are Medically Frail. To be exempt from the Community Engagement requirement due to medical frailty, you need to provide documentation from a licensed medical professional of your frailty. **This letter is a friendly reminder that we have not yet received your medical frailty form signed by your licensed medical provider. Therefore, your Participation Status remains as Mandatory unless we receive your signed Medical Frailty form.** We encourage you to complete the enclosed authorization form and have a licensed medical professional sign the certification of your medical frailty.

Please note we need your completed Medical Frailty form by June 01, 2019 in order to exempt you from the Community Engagement requirement. You may send us your form after June 01, 2019 as well, however your status will be mandatory until we get the Medical Frailty form. If you do not meet the hours requirement and you are not exempt, your Medicaid eligibility could be suspended after two consecutive months of non-compliance.

If your Participation Status remains mandatory, you must complete 100 hours of Community Engagement activities per month. You can report hours throughout the month, but you must report all hours by the 7th day of the next month. For example, if your Participation Start Date is June 01, 2019, you need to report 100 hours of activities completed between June 01, 2019 and June 30, 2019 by July 07, 2019.

Your right to receive reasonable modification
If you have a disability that impacts your ability to meet the Community Engagement requirement, you are entitled to reasonable modification of the program requirements so that you can participate. We can help you with applying for an exemption or good cause, getting information about appealing a suspension or disenrollment, reporting your Community Engagement hours, and reading our letters and program rules. If you are unable to do some or all of the 100 hours because of your disability, we can reduce the number of hours that you are required to participate in or, if you qualify for an exemption, we can exempt you entirely from the Community Engagement requirement.

We are happy to provide you with additional services such as assistance with understanding the Granite Advantage program. Some examples of things we can explain include, but are not limited to, departmental letters, eligibility requirements, exemption requirements, how to apply for an ADA exemption, program benefits, how to establish eligibility, and how to meet and report Community Engagement activities to maintain eligibility.
