Recently, DHHS sent you a letter explaining the Community Engagement requirement under the Granite Advantage Health Program and indicating your **participation status as Mandatory**. As you may be aware, people covered by Medicaid through Granite Advantage typically must complete 100 hours of Community Engagement activities each month to maintain medical coverage unless they are exempted from this requirement.

As a reminder, your Mandatory participation status means that you will need to start participating in qualifying activities on **June 01, 2019** unless you are approved for an exemption before then. If you do not meet the 100 monthly hour requirement and you are not exempt, your Medicaid eligibility could be suspended.

Your participation status and current hours shown below are based on the eligibility information that you have provided us. These hours will be automatically credited on the first of each month toward your community engagement requirement as long as the information remains valid. Please contact DHHS Customer Service at the number above if you think that the information is incorrect or if there is other information we should consider.

Since your participation start date is **June 01, 2019**, you will need to complete 100 hours of qualifying activities between then and June 30, 2019, to be reported by July 07, 2019. Your hours for each month thereafter must be reported to the department by the 7th of the month following the one in which you completed the activities.

- Report your hours that do not require documentation by calling DHHS at 1-844-275-3447 or in person at your local District Office.

Where to find Medical Frailty, Exemption and Good Cause Forms

The Medical Frailty, Exemption and Good Cause forms (and the Reporting forms as noted above) can be found online at NH EASY, by calling DHHS at 1-844-275-3447 and use the self-service option to ask that the form be sent to you, or contact your local district office by phone or in-person. Completed forms can be submitted online through your NH EASY account, by mail, by fax or dropped off at your local district office.

Good Cause

If something out of the ordinary happens to you during the month that prevents you from completing your community engagement hours requirement such as a family emergency, your car breaks down, or you or someone in your household has a serious illness, you may submit a good cause request that can cover some or all of your missing hours. You can find more information about good cause on NH EASY.

The best way to manage your Community Engagement is through NH EASY

To create your account, go to NH EASY by entering the following URL into your internet browser: <https://nheasy.nh.gov>. Here is your **NH EASY PIN L1375**. Keep this in a safe place where no one else can see it.

Notice of right to receive reasonable modification

If you have a disability that impacts your ability to participate in the community engagement requirement, you are entitled to reasonable modification of the program requirements so that you can participate.

If you are unable to do some or all of the 100 hours because of your disability, we can modify the number of hours that you are required to participate in or, if you qualify for an exemption, we can exempt you entirely from the community engagement requirement.

We can also assist you with understanding the Granite Advantage program by explaining departmental notices, eligibility requirements, exemption requirements, how to apply for an exemption or to request good cause, program benefits, how to establish eligibility, how to meet and report community engagement activities, and how to appeal a suspension or disenrollment.

If you think we made a mistake: Your Right to an Administrative Appeal (“Hearing”)

You can appeal our decision. For example, you can appeal if you think there is an error on your participation status, suspension, or termination of your benefits. If you have any questions about the action we took, please contact Customer Service at 1-844-275-3447.

Only call the Administrative Appeals Unit if you want to ask for an appeal or if you have questions about a current appeal. You can contact the Appeals Unit directly at 1-800-852-3345, extension 4292. You can also write your own letter to ask for an appeal. Send your written request to the address at the top of the first page of this Notice. You must ask for an appeal within 30 days of the date of this notice. If you are already getting benefits and you ask for an appeal, you can also ask to keep getting the same benefits while you wait for the decision on your appeal. If you want to do this, you must ask for your benefits to continue within 15 days of the date of this notice of the action you are appealing.

Once you ask for an appeal, we will try to fix the problem over the phone or by meeting with you. If a phone call or meeting does not fix the problem, you can schedule a hearing. A hearing is a meeting between you, someone from DHHS, and an appeals officer. At the hearing, you can explain why you think we made a mistake. To get ready for your hearing, you can:

- Ask for a copy of your file before the hearing.
- Bring someone with you to the hearing, like a friend, relative, or lawyer, or, come by yourself. DHHS will **not** pay for the cost of any legal services you may want. However, there are free and reduced cost legal services available in NH.

- Bring documents, information, or witnesses to show us where you think we made a mistake.
