DEPARTMENT OF HEALTH AND HUMAN SERVICES

129 PLEASANT STREET, CONCORD, NH 03301-3857  
603-271-9200 FAX: 603-271-4912 TDD ACCESS: RELAY NH 1-800-735-2964

JEFFREY A. MEYERS  
COMMISSIONER

October 24, 2018

The Honorable Neal M. Kurk, Chairman  
Fiscal Committee of the General Court  
Room 210, Legislative Office Building  
Concord, NH 03301

***Re: INFORMATIONAL ITEM: Health and Human Services Dashboard SFY19***

## **Information**

The Department of Health and Human Services (DHHS) hereby submits as an informational item the Department's monthly dashboard in order to inform the legislature and the public on the current status of the utilization of the Department's programs and services and the related implications for the Department's budget. Please note that caseload information contained herein is current through September 30, 2018 (SFY 19).

## **Financial Status**

At this time, the only watch list item for FY 2019 is a potential disallowance of \$2,550,000 from the Centers of Medicare and Medicaid Services related to an audit of the Medicaid to Schools Program for the period of school years 2006 to 2008. We received notice of the final disallowance amount on October 24, 2018. We have a period of 60 days in which to file an appeal and are currently assessing an appeal.

The Finance Division will be completing a "Mock Closing" for DHHS for the first quarter of the fiscal year in the coming weeks and will present the results of that exercise to the Fiscal Committee in January unless there is a December 2018 Fiscal Committee meeting.

## **10 Year Plan for Mental Health**

DHHS held 5 public forums across the State in September and October to give individuals, families and community members the opportunity to provide input into the development of the new 10 Year Plan for Mental Health. The establishment of new Plan was required in House Bill 400 (2017). Issues raised in the stakeholder process, including focus groups, workgroups and the forums have included, but not limited to access to services through a coordinated portal, funding, the need for a full continuum of services, workforce and importance of peer support. A draft of the Plan will be issued shortly and a public hearing held on the plan in mid-November. The plan will be finalized in early December and submitted to the Governor and legislative leadership.

### **State Opioid Response Funding**

With the new State Opioid Response Funds provided by the federal government, the Department has been issuing Requests for Proposals, establishing contracts and amending contracts for various components of a coordinated system of care for individuals in need of opioid use disorder services. The comprehensive plan includes the establishment of 9 regional Hubs that will provide clinical services, care coordination and distribute naloxone as well as work with the so-called “spokes,” which are the specialty and community service providers in the regions. The new system is scheduled to begin in January. The DHHS and Hubs will be holding forums in the 9 regions throughout December to talk about how the new system will be operationalized.

### **Transformation Waiver/Integrated Delivery Networks (IDNs)**

Semi-annual reviews for process milestones are in the final stages of review with completion scheduled for mid-November. December 2018 is the goal for all primary care and behavioral health provider partners to achieve the SAMHSA Integrated Care framework. IDNs that do not achieve this milestone by December of 2018 will have two subsequent reporting periods to do so. IDNs will be moving to 100% performance payments in January of 2019, which means all incentive payments will be tied to the achievement of specific gap to goal metrics. As part of the integration framework and Health Information Technology Initiative up to 15 hospitals in New Hampshire are participating in the sharing of the admission, discharge and transfer notification system with an anticipated participation of up to 21 hospitals. This initiative will allow for real time alerts upon admission and discharge with hospitals and providers.

### **Adolescent Substance Use Disorder Treatment Center in Manchester**

On October 24 and 25, DHHS and Granite Pathways held an open house for the new 36-bed substance use residential treatment center for adolescents ages 12 to 18 in a repurposed, renovated section of the Sununu Youth Services Center. The center, which will begin services the first week of November, will provide low and medium intensity residential treatment services, representing the only in-state beds for this level of service for adolescents.

### **Developmental Disability Services**

As of September 30, 2018, there were 76 people on the Developmental Disability Wait List. Of the 76 people waiting, 68 are those people that have some level of service, but are in need of additional services. In comparison, for September 30, 2017, the Wait List was 141 people. In October, funds were released to allocate funds for those waiting as of September 30th. To meet this most recent need, the Department used a combination of funds from the FY 2018 carryforward, the approved September transfer, and vacancy dollars. For the current biennium, funds have been allocated to 885 people who were either on the Wait List or leaving the school system. The resources allocated through SB 590 and the ability for the Department to carry forward funds that would otherwise lapse

The Honorable Neal M. Kurk, Chairman  
Fiscal Committee of the General Court  
October 24, 2018  
Page 3 of 3

to be greatly gave us the ability to allocate ongoing funding to an additional 477 people who otherwise would have been waiting for services. The Department anticipates that an additional fifty people will be requiring services this year and we will continue to work with the Area Agencies regarding those that may be waiting.

Respectfully submitted,

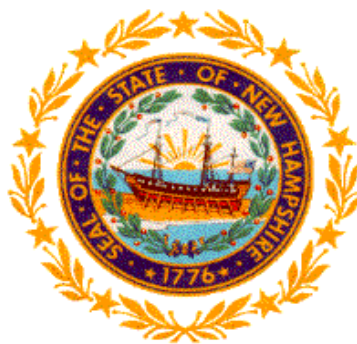

Jeffrey A. Meyers  
Commissioner
