Valued School Partners:

The New Hampshire Department of Health and Human Services is seeking your input on upcoming changes to the Medicaid to Schools rule, [He-W #589](#), as we move forward with implementing changes to the rule in 2022. We recognize that those stakeholders who work directly with and within the school systems have invaluable insights on services provided through schools and can offer opportunities for improvement and clarification to the rule that will ensure Medicaid recipients will receive all the benefits they are entitled to in a school setting.

Any feedback you are able to provide is greatly appreciated and can be directed to the John Snow Institute (JSI) through the contact information below. JSI will gather your input and then forward it to a dedicated Medicaid to Schools team at the Department who will incorporate them into revisions to the rule as appropriate. To ensure clear communication, please indicate the specific section of the rule referenced in your feedback (e.g. He-W 589.03 [Student Eligibility](#)) and be as specific as possible as to the request. Please provide comments by 1/14/2021 to allow time for evaluation.

We look forward to hearing from you and thank you for your ongoing commitment to serving our New Hampshire Medicaid Students.

Please direct all feedback on the rule to JSI, with subject "ATTN: MTS Rule Feedback," at:
