Community Mental Health Agreement Quarterly Data Report

New Hampshire Department of Health and Human Services

Publication Date: October 14, 2020

Reporting Period: 4/1/2020 – 6/30/2020

Notes for Quarter

- On March 13, 2020, Governor Christopher T. Sununu issued Executive Order 2020-04, declaring a State of Emergency due to the Novel Coronavirus (COVID-19). On March 26, 2020, Governor Sununu issued related Emergency Order #17, implementing a stay-at-home, shelter in place of residence requirement, effective March 27, 2020 at 11:59 PM. Although the stay-at-home order expired June 15, 2020, the State of Emergency declared through Executive Order 2020-04 has been extended (Executive Order 2020-18, dated September 18, 2020, contains the latest extension). The data in this report regards service provision throughout the emergency period.
- Table 1f. Community Mental Health Center Services: Assertive Community Treatment – Reasons Not Accepted to ACT at New Hampshire Hospital Discharge Referral now includes supplemental notes to reflect additional information collected to document resolution occurred.
- Tables 5a-f. Designated Receiving Facilities (DRF) – Some DRF sites made temporary adjustments to capacity to comply with CDC guidelines regarding COVID-19. Elliot adjusted its DRF bed allocations as needed. For example, the Geriatric Psychiatric Unit capacity was reduced and the Pathways adult unit admitted up to 4 geriatric patients. Cypress Center’s reduced its capacity to enable single-occupancy.
- Tables 5a-f. Designated Receiving Facilities (DRF) – In November and December 2019, Portsmouth Regional Hospital and Parkland Memorial Center (respectively) received approval for four (4) new DRF beds, for a total increase of eight (8) DRF beds. Reporting for Portsmouth’s new beds are included in this report. Parkland’s data reporting has not been fully implemented during this reporting period.
- Tables 11a-c. Mobile Crisis Services and Supports for Adults – several data elements reported as zero (0), or otherwise lower than normal volume, reflects the direct impact of the State of Emergency declared in response to COVID-19, such as a lack of school referrals after schools were closed, and lack of crisis apartment use due to distancing protocols or initial lack of appropriate personal protective equipment (PPE), virus testing supplies, etc.
