This policy establishes DCYF’s response when a child is reported missing (including runaway, abduction, or having escaped/absconded from parole), regardless of placement status.

Required Practices
Any deviations to the following information must be documented with Supervisory Approval.

I. When a report is received that a child is missing, it must immediately be determined:

   A. If the child was possibly abducted;

   B. If law enforcement has been contacted; and

   C. If the child is currently involved with DCYF.

II. If law enforcement has not been notified, essential facts will be gathered and the reporter will be directed to contact law enforcement immediately.

   A. When there are concerns that the child has been abducted, there must be timely follow-up with law enforcement to ensure a report was made.

III. If DCYF is not currently involved with the child, no further action shall be required.

IV. The Supervisor and Field Administrator must be notified immediately of any report that a child involved with DCYF is thought to have been abducted, in accordance with policy 1099 Critical Incident Reporting-Case Specific.

V. Any assigned CPSW/JPPO and Supervisor must be notified as soon as possible regarding any child on their workload who is thought to be missing (including runaway, abduction, or having escaped/absconded from parole).
VI. The CPSW/JPPO must follow-up with law enforcement prior to submitting the Missing Child Report (Form 1558), and no later than 24 hours from notification of the missing child, to:

A. Ensure continuity of information and coordinate efforts as applicable;

B. Ask that the child be entered into NCIC if not already done; and

C. Obtain the police report and NCIC numbers.

1. If law enforcement declines to take a missing child report or enter a child into NCIC, the CPSW/JPPO must clarify the reason why and immediately consult with a Supervisor to determine next steps.

VII. The reporter will be interviewed to obtain critical details as soon as possible once they have contacted law enforcement.

VIII. Upon notification that a committed youth (JJS specific) who is on administrative release or parole is reported missing from home or a placement facility, the JPPO must immediately notify their Supervisor and the Administrator/Supervisor On-Duty at SYSC.

A. SYSC will contact the State Police in accordance with policy 2068 Escape and Abscond.

B. The JPPO must notify the Juvenile Parole Board when an absconded child on parole is missing for more than 30 days.

IX. Unless there are mitigating circumstances, the CPSW/JPPO or their Supervisor must contact the parents/guardians before the end of their workday.

X. The CPSW/JPPO must complete Form 1558 and email it to the “Youth Runaway Group” before the end of their workday. The following must also be attached:

A. The most recent picture of the child (if available);

B. The plan for placement when found (as applicable);

C. The Parent/Guardian Authorization for Medical Dental and Psychiatric Treatment (if the child is going to placement); and

D. Any court orders regarding custody or placement.

XI. Upon notification that a child who has been placed through DCYF or who is on parole or furlough is missing, the Human Trafficking Specialist (or designee) will notify the National Center for Missing and Exploited Children (NCMEC) within 24 hours of the child being reported missing and provide all requested information.
A. If the child is involved with DCYF, but no legal relationship has been established between the child, family, and the Division, the CPSW/JPPO will work with the parents/guardians to ensure NCMEC is notified.

XII. Upon notification that a child in placement through DCYF is missing, the Fiscal Specialist Unit (FSU) will refer to policy 2671 Authorization and Payments for Hospital Stays and Runaways.

A. The CPSW/JPPO will work with FSU to make sure all necessary authorizations and documentation are in place.

C. Direct the reporter to call the appropriate on-call line for CPS (1-603-271-6556 or 1-800-894-5533) or JJS (1-603-625-5471 or 1-888-230-0606).

801- If there are concerns the child has been abducted, the reporter must be directed to call law enforcement immediately and the CPSW/JPPO will contact the CPS On-Call Supervisor/JJS On-Call staff, who will immediately contact the appropriate Administrator (see policy 1099 Critical Incident Reporting-Case Specific).

802- For all other instances related to a child involved with CPS, the CPS On-Call Supervisor will contact the appropriate Field Administrator, who will make the report to NCMEC as necessary to meet the 24-hour time frame and process the report according to intake policy.

803- For all other instances related to a child involved with JJS, JJS On-Call staff will make a report directly to NCMEC as necessary to meet the 24-hour time frame.

804- The CPS On-Call Supervisor/JJS On-Call staff will notify the assigned CPSW/JPPO and their Supervisor of any report of a missing child by 8:00 am the next business day.

805- The assigned CPSW/JPPO or Supervisor will complete and submit the Form 1558 as soon as possible, but no later than the end of the business day.

XIV. The CPSW/JPPO must make ongoing concerted efforts to locate the child until they are located or the assessment/case closes.

XV. Once a child has been located, the CPSW/JPPO must:
A. Notify law enforcement (as applicable) and the parents/guardians (unless otherwise directed by law enforcement) immediately;

B. Notify the ICJ Compact Administrator (or designee) before the end of the workday if the child is from another state, but found in NH or if a NH child is found in another state;
