A. DCYF authorizes payment for child care services, based on a court order or a non court-ordered agreement between DCYF and the family.

B. The CPSW completes the initial service authorization (Form 2110) and re-authorizes service every 6 months. Re-authorization for child care services beyond the initial 6 months requires the approval of the Supervisor. The need for child care services, authorizations, and approvals must be documented in the "Case Plan."

C. Children in foster care must be placed with licensed child care providers.

D. Child care for employment reasons administered by the Division of Family Assistance must be used if the foster parents are eligible.

III. Providers of child care services must be certified and enrolled on NH Bridges.

IV. The child care provider must receive a completed copy of the “Service Authorization” (Form 2110) from the CPSW at the time the child is enrolled or re-determined. Reimbursement is not made for services prior to or after the authorized dates of service.

V. DCYF must give the provider 14 days notice when a child’s service is to be terminated. Notice may be verbal and must be followed in writing by Form 2110 terminating the service. Licensed providers are entitled to bill for these 2 weeks whether the child actually attends, unless another child fills the child’s space.

**Payment Procedures**

I. Bills may be submitted monthly or bi-monthly.

C. If a child is enrolled part time, attendance must be recorded to the nearest 1/4 hour. Hours attended during a week must be added and the total rounded to the nearest full hour. Billing must be for whole units only.

V. Requirements for Billing Absent Units

A. Other providers may bill DCYF for time that the child was enrolled but did not attend provided that:

   1. Other families are billed for absent units;

   2. Attendance records show time attended and records are available for DCYF review upon request; and

   3. The day care facility is open for business.

B. If a child is enrolled part time, the number of units billed for an absent day must be the number of hours the child was scheduled for that day.

C. If a child is absent 3 consecutive school days or 3 school days in any week, the provider needs to notify the CPSW and document the notification in the child’s record.

D. If a child is absent 5 or more consecutive school days in any month, for reasons other than verified illness or a family trip, the provider must notify the CPSW. The CPSW must then determine continued service status.
