Subject: Override of timely filing requirements for Medicaid to Schools claims

The NH Division of Medicaid Services and the Program Integrity Unit have instructed Conduent to override the one-year timely filing claims exception for claims submitted from School Provider Type 050 with dates of service beginning June 1, 2019 through December 31, 2019. For claims with dates of service during the identified period that were denied because of the timely filing exception, Conduent will adjust those claims and force the timely filing exception on the adjustments. For any new claims that providers need to submit for these dates of service, Conduent will override the timely filing exception.

All claims with dates of service beginning June 1, 2019 through December 2019 must be submitted by 12/31/2020, as the override to the timely filing exemption will expire at that time.

For any other exceptions that cause claims to be denied, it will remain the School District or its Billing Agent's responsibility to review and follow up with Conduent as usual.
