WRITTEN CERTIFICATION For the Therapeutic Use of Cannabis

INSTRUCTIONS FOR MEDICAL PROVIDERS

Information about the Therapeutic Cannabis Program, including the law (RSA 126-X), the rules (He-C 400), all required forms, and the "Medical Provider Information Sheet," is available on Program's website at:

http://www.dhhs.nh.gov/tcp

- 1. The medical provider must complete ALL information on this Written Certification. Failure to complete this form in its entirety will cause your patient's application to be incomplete and the Written Certification to be returned to you.
- 2. Give the completed Written Certification to your patient to submit to the Program. <u>DO NOT send the form directly to the Program</u>; it should accompany the Patient Application.
- 3. Your patient will need to submit the following items to the Program:
 - (1) A completed Written Certification;
 - (2) A completed Patient Application;
 - (3) A \$50 application fee; and
 - (4) Proof of NH residency.
- 4. The Program will notify you in writing once a determination has been made regarding your patient's application.
- 5. In order to certify a patient for the Program, you must be a "provider" as defined in NH law:
 - (1) A NH physician licensed to prescribe drugs to humans under RSA 329;
 - (2) A NH advanced practice registered nurse (APRN) licensed to prescribe drugs to humans under RSA 326-B:18;
 - (3) A NH physician assistant (PA) licensed under RSA 328-D, with the express consent of the supervising physician; or
 - (4) A physician or APRN licensed to prescribe drugs to humans under state licensing laws in Maine, Massachusetts, or Vermont, <u>and</u> who is primarily responsible for the patient's care related to the patient's qualifying medical condition.

All providers must have an active registration from the US DEA to prescribe controlled substances.

- 6. Your patient must have a "qualifying medical condition" as defined in NH law. See page 2 for a complete list of qualifying medical conditions.
- 7. You must have a "provider-patient relationship" with your patient. See page 3 for a description of the requirements of a provider-patient relationship.
- 8. The Program will accept a Written Certification up to 6 months from the date of your signature.
- 9. You may send dispensing instructions/recommendations to the Alternative Treatment Centers (ATCs). The ATCs must comply with any such instructions. See the "Medical Provider Information Sheet" for more information.

PROVIDER'S CERTIFICATION OF A PROVIDER-PATIENT RELATIONSHIP

A *provider-patient relationship* is a medical relationship between a licensed provider and a patient during which the provider has conducted a full assessment of the patient's medical history and current medical condition.

Per He-C 401.06(b)(4), a *full assessment* shall include an in-person physical examination of the patient; a medical history of the patient, including a prescription history; a review of laboratory testing, imaging, and other relevant tests; appropriate consultations; a documented diagnosis of the patient's current medical condition; and the development or documentation of a treatment plan for the patient appropriate for the provider's specialty.

Autism Spectrum Disorder Certification for Patients Under Age 21 (if applicable). I certify that I have consulted with a certified provider of child and/or adolescent psychiatry, developmental pediatrics, or pediatric neurology, who has confirmed that the autism spectrum disorder has not responded to previously prescribed medication or for which other treatment options produced serious side effects, and who supports certification for the therapeutic use of cannabis.

I certify that:

I have completed a full assessment of my patient's medical history and current medical condition in accordance with He-C 401.06(b)(4) made in the course of a provider-patient relationship.

I certify that:

I have explained the potential health effects of the therapeutic use of cannabis to my patient.

If my patient is a minor, I have explained to my patient's custodial parent or legal guardian with responsibility for health care decisions for the patient both the potential health effects and the potential risks and benefits of the therapeutic use of cannabis.

If my patient is a woman of child-bearing age, I have counseled my patient (and the custodial parent or legal guardian if a minor) about the risks of cannabis use during pregnancy and while breastfeeding.

If my patient is an adolescent 25 years of age or less, I have counseled my patient (and the custodial parent or legal guardian if a minor) about the risks of cannabis use in adolescence.

I certify that I am:

A physician, an APRN, or a PA <u>licensed in New Hampshire</u> to prescribe drugs to humans under RSA 329, 326-B:18, or 328-D, respectively, and who possesses an active registration from the US DEA to prescribe controlled substances

OR

A physician or an APRN licensed in Maine, Massachusetts, or Vermont to prescribe drugs to humans under the relevant state licensing laws, who possesses an active registration from the US DEA to prescribe controlled substances, and who is primarily responsible for my patient's care related to my patient's qualifying medical condition.

I certify that

I possess an active license in good standing with the State of New Hampshire, or the State of Maine, Massachusetts, or Vermont, and the facts as stated in this Written Certification are accurate to the best of my knowledge and belief. I understand that false statements made on this Written Certification are punishable as unsworn falsification under RSA 641:3.

	vider's nature	Date						
<u>Telemedicine</u> . Per He-C 401.06(b)(4)a., the <i>in-person physical examination</i> of the patient shall <u>not</u> be via telemedicine for the initial certification. Telemedicine is allowed for follow-up visits and for recertifications by the same provider. YOU <u>MUST</u> CHECK ONE BUTTON BELOW.								
	This Certification is based on an <u>in-person</u> physical exami	nation. (Required for initial certification.)						
	This Certification is based on an examination conducted via	telemedicine. (Allowed for recertification b	y the same provider.)					

DURATION OF WRITTEN CERTIFICATION

Your patient's Registry ID Card will be effective for 12 months from the effective date of the card. If the patient's card should be valid for a period shorter than 12 months, or longer (up to a maximum of 36 months), indicate the number of months the card shall remain valid.

The Registry ID Card shall remain valid for the following duration:

	3 months	6 months	12 months (default)	18 months	24 months	36 months (maximum)
