

X. MONITORING AND AUDITS

(Please indicate) **State Agency:** New Hampshire for **FY** 2022

Monitoring and Audits involves State agency efforts to review local agency/clinic activities on an ongoing and timely basis, and to track all audits involving WIC Program activity.

During a disaster or public health emergency, the State agency may request to implement existing WIC regulatory and programmatic flexibilities to support the continuation of Program benefits and services. State agencies should consider the over arching authority, i.e. Stafford Act or provision(s) authorized by Congress before developing a policy and procedure. The State agency must provide a detailed description of how it plans to operationalize the flexibility through their procedure manual where applicable. Please note that State Plans Guidance is not intended to [include/capture] a description of waivers authorized by Congress with separate [reporting requirements and times frames/terms and conditions],i.e., the Families First Coronavirus Response Act (P.L. 116-127).

A. *Monitoring-[246.19\(b\)](#)*: requires State agencies to establish a management evaluation system.

B. *Audits-Subpart F to 2 CFR Part 200, as applicable*: describe State agency audit responsibilities.
