

The New Hampshire (NH) Cancer Partnership is a state-wide cancer coalition seeking healthcare providers, community-based organizations, community members, and other partners to join us in addressing cancer in New Hampshire.

We integrate, connect, and strengthen cancer partnerships in the Granite State by focusing on:

- Improving access to quality care for everyone
- Reducing cancer risk
- Promoting early detection through screening
- Reducing the burden of cancer
- Improving quality of life for survivors

PURPOSE

To work across the cancer continuum to improve the lives of all people living in New Hampshire, regardless of age, income, race, ethnicity, educational attainment, gender identity, sexual orientation, or geographic status.

HOW

- Collaboration
- Education
- Environmental & Systems Change
- Evidence-Based Interventions
