**Subject:** 2024 Opioid Litigation Settlement Fund Distribution

Good Afternoon Lori,

Strafford County will receive the 15% share of the Opioid Abatement Trust Fund Distribution which totals \$303,298.77 in 2024. According to RSA 126-A:84, we are required to provide a report to NH DHHS on how we spent these funds by 9/1/2024. Strafford County used \$303,298.77 of our distribution for the purpose of the Medication Assisted Treatment (MAT) within our House of Corrections. My understanding is that this report will be uploaded to the NH Opioid Abatement Trust Fund website. Please let me know if there is any additional information that you need.

Thank you,

Diane A. Legere
