Recovery is possible.

Recovery Community Organizations (RCOs) are peer-led and peer-run agencies that provide services to support people in their recovery from substance misuse. All recovery centers throughout the state of New Hampshire are low barrier and no cost for services; the only requirement is a desire to focus on your recovery.

RCOs support multiple pathways to recovery and offer peer recovery coaching, telephone support, mutual aid groups, and family support programs. Most centers include services in harm reduction, system navigation, and advocacy. Please contact the recovery organizations on their website for a full list of services and resources.

Recovery Community Organizations are listed by location for convenience, you are welcome to visit recovery centers anywhere throughout the state.
