Vision

- ❖ The Department must provide high-quality, cost-effective, accessible inpatient behavioral health services for children (ages 5-17) and young adults (ages 18-25).
- ❖ For inpatient and residential care, the Department envisions a system in which all children requiring residential treatment receive tailored services that rapidly stabilize their behaviors, treat their symptoms, and promptly return them to family-based settings.

Goals of RFI

- ❖ Department is seeking stakeholder input on future vision for HHRTF.
- ❖ Goal is to enhance the current service array and service delivery through the design of an efficient and effective operational model;
