Other/questioning <sup>2</sup>	-	-	40.1	(31.9 - 48.7)

- Suppressed following the National Center for Health Statistics Data Presentation Standards for Proportions.

<sup>1</sup> Hispanic/Latino includes all races. All other race groups are non-Hispanic only.

<sup>2</sup> Includes students who responded 'I describe my sexual identity some other way' or 'I am not sure about my sexual identity (questioning)'.

*Notes:*

How the question was actually asked: During the past 30 days, how did you usually get the alcohol you drank?  
 Response values: a: I did not drink alcohol during the past 30 days; b: I bought it in a store such as a liquor store, convenience store, supermarket, discount store, or gas station; c: I bought it at a restaurant, bar, or club; d: I bought it at a public event such as a concert or sporting event; e: I gave someone else money to buy it for me; f: Someone gave it to me; g: I took it from a store or family member; h: I got it some other way  
 Definition: Numerator: f; denominator: bcdefgh; Additional criteria: reported "yes" to "Currently Drank Alcohol (At Least One Drink Of Alcohol, On At Least 1 Day) During The Past 30 Days"

Question number: 2021Q48; 2019Q43; 2017Q43. Note: These are the New Hampshire question numbers, they may differ from the CDC standard question numbers.

Question type: CDC standard question.

## Category: Alcohol Use - Perceptions

- Percent of students who reported that their friends feel it would be wrong or very wrong for them to have one or two drinks of an alcoholic beverage nearly every day (beer, wine, or liquor) (page 28)
- Percent of students who approve or strongly approve of someone their age having one or two drinks of alcohol nearly every day (beer, wine, or liquor) (page 29)
- Percent of students who reported that their parents feel it would be wrong or very wrong for them to have one or two drinks of an alcoholic beverage nearly every day (beer, wine or liquor) (page 30)
- Percent of students who think it would be very easy for them to get some alcohol if they wanted to (beer, wine, or liquor) (page 31)

**Alcohol Use - Perceptions: Percent of students who reported that their friends feel it would be wrong or very wrong for them to have one or two drinks of an alcoholic beverage nearly every day (beer, wine, or liquor)**

## Category: Physical Inactivity and Unhealthy Dietary Behaviors

- Percent of students who described themselves as slightly or very overweight (page 74)
- Percent of students who were trying to lose weight (page 75)
- Percent of students who did not drink a can, bottle, or glass of soda or pop (such as Coke, Pepsi, or Sprite, not counting diet soda or diet pop) during the past 7 days (page 76)
- Percent of students who did not eat breakfast during the past 7 days (page 77)
- Percent of students who were physically active at least 60 minutes per day on 5 or more days during the past 7 days (page 78)
- Percent of students who spent 3 or more hours per day on screen time (page 79)
- Percent of students who did not drink a bottle or glass of plain water during the past 7 days (page 80)
- Percent of students who drank a can, bottle, or glass of a sugar-sweetened beverage (such as sports drinks, energy drinks, lemonade, sweetened tea or coffee drinks, flavored milk, Snapple, or Sunny Delight, not counting soda or pop, one or more times per day) during the past 7 days (page 81)
- Percent of students who ate breakfast on all 7 days (page 82)
- Percent of students who had obesity (page 83)
- Percent of students who were overweight (page 84)
- Percent of students who did not participate in at least 60 minutes of physical activity on at least 1 day (in any kind of physical activity that increased their heart rate and made them breathe hard some of the time) (page 85)
- Percent of students who were physically active at least 60 minutes per day on all 7 days (in any kind of physical activity that increased their heart rate and made them breathe hard some of the time) (page 86)
- Percent of students who drank a can, bottle, or glass of soda or pop one or more times per day (such as Coke, Pepsi, or Sprite, not counting diet soda or diet pop) (page 87)
- Percent of students who drank a can, bottle, or glass of soda or pop two or more times per day (such as Coke, Pepsi, or Sprite, not counting diet soda or diet pop) (page 88)
- Percent of students who drank a bottle or glass of plain water one or more times per day (counting tap, bottled, and unflavored sparkling water) (page 89)
- Percent of students who drank a bottle or glass of plain water two or more times per day (counting tap, bottled, and unflavored sparkling water) (page 90)
- Percent of students who drank a bottle or glass of plain water three or more times per day (counting tap, bottled, and unflavored sparkling water) (page 91)

## Category: Other Health Risks

- Percent of students who were tested for a sexually transmitted disease (STD) other than HIV, such as chlamydia or gonorrhea during the past 12 months (page 104)
- Percent of students who saw a dentist (for a check-up, exam, teeth cleaning, or other dental work) during the past 12 months (page 105)
- Percent of students who reported that their mental health was most of the time or always not good (page 106)
- Percent of students who got 8 or more hours of sleep on an average school night (page 107)
- Percent of students who usually did not sleep in their parent's or guardian's home (page 108)
- Percent of students who described their grades in school as mostly A's or B's during the past 12 months (page 109)
- Percent of students who saw a doctor or nurse (for a check-up or physical exam when they were not sick or injured) during the past 12 months (page 110)
- Percent of students who had ever been told by a doctor or nurse that they had asthma (page 111)
- Percent of students who have ever slept away from their parents or guardians because they were kicked out, ran away, or were abandoned during the past 30 days (page 112)
- Percent of students who had never or rarely been made sure the basic needs were met by an adult in the household (page 113)
- Percent of students who always or most of the time went hungry because there was not enough food in their home during the past 30 days (page 114)
- Percent of students who were ever injured on the paid job badly enough that needed to go to a nurse, doctor or hospital (page 115)
- Percent of students who do not believe that students help decide what happens in their school (page 116)
- Percent of students who never saw a dentist (for a check-up, exam, teeth cleaning, or other dental work) (page 117)

Other/questioning <sup>2</sup>	0.0	-	1.2	(0.6 - 2.0)

- Suppressed following the National Center for Health Statistics Data Presentation Standards for Proportions.

<sup>1</sup> Hispanic/Latino includes all races. All other race groups are non-Hispanic only.

<sup>2</sup> Includes students who responded 'I describe my sexual identity some other way' or 'I am not sure about my sexual identity (questioning)'.

*Notes:*

Definition: Numerator: d for 2021Q78; Denominator: abcde for 2021Q78

Question name: QNNODNT

Question type: standard high school YRBS supplemental (QNword) variable.

## Category: Other life experience

- Percent of students who were most of the time or always sworn at, insulted or put down by a parent or other adult in the home (page 119)
- Percent of students who were most of the time or always hit, beat, kicked or physically hurt by a parent or other adult in the home (page 120)
- Percent of students who most of the time or always had parents or other adults slapped, hit, kicked, punched or beat each other up in the home (page 121)
- Percent of students who had parents or adults in their family serving in the military (page 122)
- Percent of students who had ever lived with someone who was having a problem with alcohol or drug use (page 123)
- Percent of students who had ever lived with someone who was depressed, mentally ill, or suicidal (page 124)
- Percent of students who had ever been separated from a parent or guardian because they went to jail, prison, or a detention center (page 125)
- Percent of students who never or rarely felt able to talk to an adult in the family or another caring adult about their feelings (page 126)
- Percent of students who had ever seen pornography, also called porn, either on purpose or by accident (page 127)
- Percent of students who had ever been forced to work or do something illegal by someone who got money or something of value for what they did (page 128)
