

**ADDENDUM #3**

RFP-2022-OCOM-02-COMPR

Comprehensive Healthcare Information System

On October 26, 2021, the New Hampshire Department of Health and Human Services published a Request for Proposal, soliciting to procure a System and associated services for the de-identification of direct identifiers, collection, quality assurance, consolidation, secure storage, and access to, via development of analytic-ready data sets, all payer health insurance claims data as part of the New Hampshire Comprehensive Healthcare Information System (“CHIS”), which is a joint project of DHHS and the New Hampshire Insurance Department (“NHID”).

The Department is publishing this addendum to:

1. **Delete and replace Section 1, Overview and Schedule of Events, Subsection 1.2, Schedule of Events with the following:**
