

UNDERAGE OFFENDERS

Underage offenders must schedule a substance use disorder (SUD) evaluation within 30 days of conviction, complete the evaluation within 60 days of conviction and comply with their service plans.

OUT-OF-STATE OFFENDERS

Out-of-state offenders must contact a NH Impaired Driver Care Management Program (IDCMP) to conduct a registration, intake, and to provide required documentation. You will then be informed of your options. If you chose to do any portion of your requirements in your home state, you must pay the NH IDCMP out-of-state fee in addition to applicable IDCMP fees.

Out-of-state education programs must be provided by your home states approved providers. Clinical services must be provided by an International Certification & Reciprocity Consortium (IC&RC) credentialed clinician.

1st OFFENSE

To receive a reduction in your driving suspension sentence, first-time, non-aggravated DUI offenders must comply with all IDCMP requirements.

If your screening is negative, you are required to successfully complete a 20-hour Impaired Driver Education Program (IDEP) or Weekend Impaired Driver Education Program (WIDEP).

If your screening is positive, you are required to complete a substance use disorder (SUD) evaluation at an IDCMP within 30 days of sentencing.

If the SUD evaluation is negative, you must complete an IDEP or WIDEP in order to be eligible for license restoration.

If the SUD evaluation is positive, you must complete an IDEP or WIDEP along with the IDCMP service plan which will outline all clinical services that must be completed in order to be in compliance.

AGGRAVATED & SUBSEQUENT OFFENDERS

Aggravated/subsequent offenders must schedule a SUD evaluation with the IDCMP within 30 days of release from the HOC and complete the evaluation within 60 days of release from the HOC in order to have a reduction in your HOC sentence.

If you do not comply with the above, a Motion to Impose will be filed with the court and you could be subject to additional penalties. If you have not completed an educational program within the past 5 years from the date of your conviction, you must complete an IDEP or WIDEP.
