

# 2023 Youth Risk Behavior Survey Winnepesaukee Region Results

## New Hampshire High School Survey

### Introduction

The 2023 Youth Risk Behavior Survey (YRBS) report presents data on health-risk behaviors of New Hampshire high school students by demographic characteristics. We hope this report is useful in understanding regional student behaviors and assists you in developing educational programs, curriculum and communication tools to encourage and support healthy behaviors among students in your communities.

### State and Regional Estimates

State and regional estimates are calculated from a random sample developed using scientific survey methods<sup>1</sup>. These methods use weighting to account for student, classroom, school, and regional factors in order to ensure the respondents are representative of students in the region and in the state. Surveys that have a sample selected according to CDC's randomization protocol, appropriate documentation of school and classroom selection, and an overall response rate of  $\geq 60\%$ <sup>2</sup> are weighted.

### Help and Assistance

Questions on this report:  
Health Statistics and Data Management  
NH Division of Public Health Services  
NH.YouthRiskBehaviorSurvey@dhhs.nh.gov

This report is produced in a partnership with the NH Department of Education and the NH Department of Health and Human Services.

### Footnotes

<sup>1</sup>For more details on the YRBS methodology see "Overview and Methods for the Youth Risk Behavior Surveillance System — United States, 2021" available at <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC10156160/>

<sup>2</sup>Overall response rate is computed as (number of participating schools/number of eligible sampled schools) X (number of usable questionnaires/number of eligible students sampled in participating schools), rounded to the nearest integer

## Categories

- Drug Use - Behaviors
- Drug Use - Perceptions
- Alcohol Use - Behaviors
- Alcohol Use - Perceptions
- Sexual and Dating Violence
- Sexual Risk - Behaviors
- Suicide, Sadness and Helplessness
- Tobacco Use - Behaviors
- Vehicle and Bicycle Safety
- Physical Inactivity and Unhealthy Dietary Behaviors
- Bullying, Electronic Bullying and Fighting
- Other Health Risks
- Other life experience

## Category: Drug Use - Behaviors

- Percent of students who tried marijuana for the first time before age 13 years (page 3)
- Percent of students who currently used marijuana (one or more times) during the past 30 days (page 4)
- Percent of students who ever took prescription pain medicine without a doctor's prescription or differently than how a doctor told them to use it (page 5)
- Percent of students who used cocaine (any form of cocaine, such as powder, crack, or freebase) one or more times during the past 30 days (page 6)
- Percent of students who ever used inhalants (sniffed glue, breathed the contents of aerosol spray cans, or inhaled any paints or sprays to get high) one or more times during their life (page 7)
- Percent of students who ever used heroin (also called smack, junk, or China White) one or more times during their life (page 8)
- Percent of students who ever used methamphetamines (also called speed, crystal meth, crank, ice, or meth) one or more times during their life (page 9)
- Percent of students who ever used ecstasy (also called "MDMA" or "Molly," one or more times during their life) (page 10)
- Percent of students who ever used synthetic marijuana (also called Spice, fake weed, K2, or Black Mamba) one or more times during their life (page 11)
- Percent of students who currently took a prescription drug without a doctor's prescription (such as OxyContin, Percocet, Vicodin, codeine, Adderall, Ritalin, or Xanax, one or more times) during the past 30 days (page 12)
- Percent of students who were offered, sold, or given an illegal drug on school property during the past 12 months (page 13)

**Drug Use - Behaviors: Percent of students who tried marijuana for the first time before age 13 years**

- Suppressed following the National Center for Health Statistics Data Presentation Standards for Proportions.

<sup>1</sup> Hispanic/Latino includes all races. All other race groups are non-Hispanic only.

<sup>2</sup> Includes students who responded 'I describe my sexual identity some other way' or 'I am not sure about my sexual identity (questioning)'.

**Notes:**

How the question was actually asked: During your life, with how many people have you had sexual intercourse?

Response values: a: I have never had sexual intercourse; b: 1 person; c: 2 people; d: 3 people; e: 4 people; f: 5 people; g: 6 or more people

Definition: Numerator: efg; denominator: abcdefg

Question number: 2023Q65; 2021Q61; 2019Q56; 2017Q56. Note: These are the New Hampshire question numbers, they may differ from the CDC standard question numbers.

Question type: CDC standard question.

## Category: Suicide, Sadness and Helplessness

- Percent of students who ever felt sad or hopeless (almost every day for two or more weeks in a row so that they stopped doing some usual activities) during the past 12 months (page 45)
- Percent of students who ever seriously considered attempting suicide during the past 12 months (page 46)
- Percent of students who made a plan about how they would attempt suicide during the past 12 months (page 47)
- Percent of students who attempted suicide (one or more times) during the past 12 months (page 48)
- Percent of students who had a suicide attempt that resulted in an injury, poisoning, or overdose that had to be treated by a doctor or nurse during the past 12 months (page 49)
- Percent of students who never or rarely got help they need when they felt sad, empty, hopeless, angry, or anxious (page 50)
- Percent of students who asked for help from someone before their suicide attempt (such as a doctor, counselor, or hotline, during the 12 months before the survey, among students who attempted suicide during the 12 months before the survey) (page 51)
- Percent of students who asked for help before attempting suicide (among students who attempted suicide during the 12 months before the survey) (page 52)

Question type: CDC standard question.

## Category: Other Health Risks

- Percent of students who had a concussion from playing a sport or being physically active (one or more times) during the past 12 months (page 80)
- Percent of students who were tested for a sexually transmitted disease (STD) other than HIV, such as chlamydia or gonorrhea during the past 12 months (page 81)
- Percent of students who saw a dentist (for a check-up, exam, teeth cleaning, or other dental work) during the past 12 months (page 82)
- Percent of students who reported that their mental health was most of the time or always not good (page 83)
- Percent of students who experienced unstable housing (during the 30 days before the survey) (page 84)
- Percent of students who described their grades in school as mostly A's or B's during the past 12 months (page 85)
- Percent of students who always or most of the time went hungry because there was not enough food in their home during the past 30 days (page 86)
- Percent of students who have ever slept away from their parents or guardians because they were kicked out, ran away, or were abandoned during the past 30 days (page 87)
- Percent of students who had ever been told by a doctor or nurse that they had asthma (page 88)
- Percent of students who currently have asthma (page 89)
- Percent of students who strongly agree or agree that in their community they feel like they matter to people (page 90)
- Percent of students who do not believe that students help decide what happens in their school (page 91)
- Percent of students who never saw a dentist (for a check-up, exam, teeth cleaning, or other dental work) (page 92)
- Percent of students who would feel comfortable seeking help from one or more adults besides their parents if they had an important question affecting their life (page 93)

C's	14.8	(8.9 - 22.6)	16.5	(14.4 - 18.7)
D's/F's	31.2	(20.5 - 43.5)	27.0	(22.8 - 31.5)
<b>Sexual identity</b>				
Gay, lesbian or bisexual	20.7	(14.1 - 28.5)	22.0	(19.7 - 24.5)
Heterosexual	11.2	(8.6 - 14.4)	10.7	(10.0 - 11.6)
Other/questioning <sup>2</sup>	17.8	(9.5 - 29.0)	15.7	(13.3 - 18.4)

- Suppressed following the National Center for Health Statistics Data Presentation Standards for Proportions.

<sup>1</sup> Hispanic/Latino includes all races. All other race groups are non-Hispanic only.

<sup>2</sup> Includes students who responded 'I describe my sexual identity some other way' or 'I am not sure about my sexual identity (questioning)'.

**Notes:**

How the question was actually asked: During the past 12 months, how many times did someone do sexual things to you that you did not want to do by pressuring you, lying to you, making promises about the future, threatening to end your relationship, or threatening to spread rumors about you?

Response values: a: 0 times; b: 1 time; c: 2 or 3 times; d: 4 or 5 times; e: 6 or more times

Definition: Numerator: bcde; denominator: abcde

Question number: 2023Q25. Note: These are the New Hampshire question numbers, they may differ from the CDC standard question numbers.

Question type: NH state-added question.

**Sexual and Dating Violence: Percent of students who purposely tried to control or emotionally hurt someone they were dating or going out with one or more times (such things as telling them who they could and could not spend time with, humiliating them in front of others, or threatening them if they did not do what you wanted, during the 12 months before the survey, among students who dated or went out with someone during the 12 months before the survey)**

C's	27.6	(16.0 - 41.9)	25.9	(21.6 - 30.5)
D's/F's	-	-	26.2	(19.5 - 33.9)
<b>Sexual identity</b>				
Gay, lesbian or bisexual	30.2	(18.3 - 44.5)	33.9	(29.5 - 38.4)
Heterosexual	20.5	(14.7 - 27.3)	21.6	(19.6 - 23.7)
Other/questioning <sup>2</sup>	-	-	36.2	(29.5 - 43.5)

- Suppressed following the National Center for Health Statistics Data Presentation Standards for Proportions.

<sup>1</sup> Hispanic/Latino includes all races. All other race groups are non-Hispanic only.

<sup>2</sup> Includes students who responded 'I describe my sexual identity some other way' or 'I am not sure about my sexual identity (questioning)'.

**Notes:**

How the question was actually asked: During the past 12 months, have you used a guide or list of places to find sexual health services, such as birth control, condoms, or HIV or other sexually transmitted disease (STD) testing or treatment?

Response values: a: I did not need to find a place to get sexual health services during the past 12 months; b: Yes; c: No

Definition: Numerator: b; denominator: bc

Question number: 2023Q70. Note: These are the New Hampshire question numbers, they may differ from the CDC standard question numbers.

Question type: NH state-added question.

**Sexual Risk - Behaviors: Percent of students who verbally asked for consent the last time they had sexual contact (among students who had ever had sexual contact)**
