## REQUEST FOR APPLICATIONS

### 1. Request for Services

#### 1.1. Purpose and Overview

##### 1.1.1. Purpose

This Request for Applications (RFA) is published to solicit applications from vendors to provide a broad range of early childhood health support services including, but not limited to:

- Developing and implementing training programs and education materials.
- Completing needs assessment and gap analysis.
- Increasing health provider engagement in care coordination strategies.
- Increasing Health Provider utilization of Plan of Safe Care.

Services provided must increase the capacity of local, regional and state level early childhood health practitioners to provide equitable high quality early childhood health services and referral coordination to families with children prenatal to age three (3) years who have experienced in utero substance exposure, statewide.

The Department of Health and Human Services (Department) anticipates awarding one (1) contract for the services in this RFA.

##### 1.1.2. Overview

The Department's mission is to join communities and families in providing opportunities for citizens to achieve health and independence.

The Division of Public Health Services' (DPHS) mission is to assure the health and well-being of communities and populations in NH by protecting and promoting the physical, mental and environmental health of its citizens, and by preventing disease, injury and disability.

The Department recognizes that the increasing needs among the state's most vulnerable young children, require intentional collaboration at the local, regional, and state levels. With the support of Center for Disease Control and Prevention (CDC) Health Disparities grant, the Department will strengthen communication, cooperation, and service coordination among program partners and the families they serve through Early Childhood Comprehensive Systems Health Integration activities.

The Departments' Early Childhood Comprehensive Systems: Health Integration Prenatal-to-Three (ECCS) initiative, within the Maternal and Child Health Section, Bureau of Population Health and Community Services, Division of Public Health Services, will enhance the existing maternal and early childhood systems of care by developing and

implementing equitable, comprehensive, and inclusive strategies. This strengthened maternal and early childhood health system aims to increase access to family-centered care among the prenatal-to-3-year-old (P-3) population especially those who have experienced in utero substance exposure.

New Hampshire has ranked number four (4) among the top 10 states impacted by the national opioid crisis, with Manchester and the Lakes Region identified as the hardest-hit areas. Concurrent with the rise in opioid use, there was a significant increase in child abuse and neglect founded investigations for the zero to age three (3) population; close to half of all child maltreatment assessments have involved substance use disorder as a risk factor.

Since 2002, NH has experienced closures of 10 labor and delivery hospitals, which has significantly reduced access to care for many high-risk families.

In 2020, approximately 7% of all infants born in NH hospitals were monitored for effects of in-utero substance exposure. Among infants affected by substance misuse, more than 90% required a Plan of Safe Care (POSC). The percentage of infants with Neonatal Abstinence Syndrome has risen significantly over the past decade, a challenge that could be reduced by increasing effectiveness of prenatal care and immediate identification by well-trained healthcare professionals.

## 2.6. Non-Collusion

The Applicant's required signature on the Transmittal Cover Letter for an Application submitted in response to this RFA guarantees that the prices, terms and conditions, and services have been established without collusion with other Applicants and without effort to preclude Department from obtaining the best possible Application.

No later than five (5) business days prior to submission of a contract to the Department of Administrative Services pursuant to this RFA, the Department will post the name, rank or score of each Applicant. Applicant's disclosure or distribution of the contents of its Application, other than to the State, will be grounds for disqualification at the State's sole discretion.

- 2.8.3. Insofar as an Applicant seeks to maintain the confidentiality of its confidential commercial, financial or personnel information, the Applicant must clearly identify in writing the information it claims to be confidential and explain the reasons such information should be considered confidential. This must be done by separate letter identifying by page number and Application section the specific information the Applicant claims to be exempt from public disclosure pursuant to RSA 91-A:5. **The Applicant is strongly encouraged to provide a redacted copy of their application.**
- 2.8.4. Each Applicant acknowledges that the Department is subject to the Right-to-Know Law New Hampshire RSA Chapter 91-A. The Department shall maintain the confidentiality of the identified confidential information insofar as it is consistent with applicable laws or regulations, including but not limited to New Hampshire RSA Chapter 91-A. In the event the Department receives a request for the information identified by an Applicant as confidential, the Department shall notify the Applicant and specify the date the Department intends to release the requested information. Any effort to prohibit or enjoin the release of the information shall be the Applicant's responsibility and at the Applicant's sole expense. ## **2.10. Request for Additional Information or Materials**

The Department may ask any Applicant to provide additional information or materials needed to clarify information presented in the Application. ## **2.11. Liability**

By submitting an Application in response to this RFA, an Applicant agrees that in no event shall the State be either responsible for or held liable for any costs incurred by an Applicant in the preparation or submittal of or otherwise in connection with an Application, or for work performed prior to the Effective Date of a resulting contract.

## **2.12. Oral Presentations and Discussions**

The Department reserves the right to require some or all Applicants to make oral presentations of their Application. The purpose of the oral presentation is to clarify and expound upon information provided in the written application. The Department will use the information gained from oral presentations to refine the technical review scores. Any and all costs associated with an oral presentation shall be borne entirely by the Applicant.

## **2.13. Successful Applicant Notice and Contract Negotiations**

2.13.1. If an Applicant(s) is selected, the Department will notify the successful Applicant(s) in writing of their selection and the State's desire to enter into contract negotiations. In the event contract negotiations are unsuccessful with the selected Applicant(s), the evaluation team may recommend another Applicant(s). The Department will not contact Applicant(s) that are not initially selected to enter into contract negotiations.

## **2.14. Scope of Award and Contract Award Notice**

The Department may also require the applicant to produce additional documents, records, or materials relevant to determining the Applicant's capacity to satisfy the terms of this RFA. Any and all costs associated with any site visit or requests for documents shall be borne entirely by the Applicant.

## **2.16. Protest of Intended Award**

Any challenge of an award made or otherwise related to this RFA shall be governed by RSA 21-G:37, and the procedures and terms of this RFA. The procedure set forth in RSA 21-G:37, IV, shall be the sole remedy available to challenge any award resulting from this RFA. In the event that any legal action is brought challenging this RFA and selection process, outside of the review process identified in RSA 21-G:37, IV, and in the event that the State of New Hampshire prevails, the challenger agrees to pay all expenses of such action, including attorney's fees and costs at all stages of litigation.

## **2.17. Contingency**

Aspects of the award may be contingent upon changes to state or federal laws and regulations.

## **2.18. Ethical Requirements**

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals.
