2.5.5.1. The New Hampshire Department of Health and Human Services is committed to reducing health disparities in New Hampshire and recognizes that culture and language can have a considerable impact on how individuals access and respond to health and human services. Culturally and linguistically diverse populations experience barriers in their efforts to access services. As a result, the Department is strongly committed to providing culturally and linguistically competent programs and services for its clients, and as a means of ensuring access to quality care for all. As part of that commitment, the Department continuously strives to improve existing programs and services, and to bring them in line with current best practices.

2.5.5.2. The Department requires all contractors and sub-recipients to provide culturally and linguistically appropriate programs and services in compliance with all applicable federal civil rights laws, which may include: Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and the Rehabilitation Act of 1973. Collectively, these laws prohibit discrimination on the grounds of race, color, national origin, disability, age, sex, and religion.

2.5.5.3. There are numerous resources available to help recipients increase their ability to meet the needs of culturally, racially and linguistically diverse clients. Some of the main information sources are listed in the Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Section of the RFP, and, in the Vendor/RFP section of the Department's website.

- 2.5.5.4. A key Title VI guidance is the National Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards), developed by the U.S. Department of Health and Human Services in 2000. The CLAS Standards provide specific steps that organizations may take to make their services more culturally and linguistically appropriate. The enhanced CLAS standards, released in 2013, promote effective communication not only with persons with Limited English Proficiency, but also with persons who have other communication needs. The enhanced Standards provide a framework for organizations to best serve the nation's increasingly diverse communities.
- 2.5.5.5. Applicants are expected to consider the need for language services for individuals with Limited English Proficiency as well as other communication needs, served or likely to be encountered in the eligible service population, both in developing their budgets and in conducting their programs and activities.
- 2.5.5.6. Successful Applicants will be:
 - 2.5.5.6.1. Required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within ten (10) days of the date the contract is approved by Governor and Council; and
 - 2.5.5.6.2. Monitored on their Federal civil rights compliance using the Federal Civil Rights Compliance Checklist, which can be found in the Vendor/RFP section of the Department's website.
- 2.5.5.7. The guidance that accompanies Title VI of the Civil Rights Act of 1964 requires recipients to take reasonable steps to ensure meaningful access to their programs and services by persons with Limited English Proficiency (LEP persons). The extent of an organization's obligation to provide LEP services is based on an individualized assessment involving the balancing of four factors:

- 2.5.5.7.1. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program or services (this includes minor children served by the program who have LEP parent(s) or guardian(s) in need of language assistance);
 - 2.5.5.7.2. The frequency with which LEP individuals come in contact with the program, activity or service;
 - 2.5.5.7.3. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service; and
 - 2.5.5.7.4. The resources available to the organization to provide language assistance.
- 2.5.5.8. **Applicants are required to complete the TWO (2) steps listed in the Appendix C to this RFA, as part of their Application.** Completion of these two items is required not only because the provision of language and/or communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Applicants' program design, which in turn, will allow Applicants to put forth the best possible Application.
- 2.5.5.9. For guidance on completing the two steps in Appendix C, please refer to Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFA, which is posted on the Department's website. <http://www.dhhs.nh.gov/business/forms.htm>.
- 2.5.6. Audit Requirements
- 2.5.6.1. The Contractor must email an annual audit to dhhs.act@dhhs.nh.gov if **any** of the following conditions exist:
 - 2.5.6.1.1. Condition A - The Contractor expended \$750,000 or more in federal funds received as a subrecipient pursuant to 2 CFR Part 200, during the most recently completed fiscal year.
 - 2.5.6.1.2. Condition B - The Contractor is subject to audit pursuant to the requirements of NH RSA 7:28, III-

b, pertaining to charitable organizations receiving support of \$1,000,000 or more.

2.5.6.1.3. Condition C - The Contractor is a public company and required by Security and Exchange Commission (SEC) regulations to submit an annual financial audit.

2.5.6.2. If Condition A exists, the Contractor shall submit an annual **single audit** performed by an independent Certified Public Accountant (CPA) to the Department within 120 days after the close of the Contractor's fiscal year, conducted in accordance with the requirements of 2 CFR Part 200, Subpart F of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal awards.

2.5.6.3. If Condition B or Condition C exists, the Contractor shall submit an annual **financial audit** performed by an independent CPA within 120 days after the close of the Contractor's fiscal year.

2.5.6.4. Any Contractor that receives an amount equal to or greater than \$250,000 from the Department during a single fiscal year, regardless of the funding source, may be required, at a minimum, to submit annual financial audits performed by an independent CPA if the Department's risk assessment determination indicates the Contractor is high-risk.

2.5.6.5. In addition to, and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department all payments made under the Contract to which exception has been taken, or which have been disallowed because of such an exception.

2.6. Non-Collusion

The Applicant's required signature on the Transmittal Cover Letter for an Application submitted in response to this RFA guarantees that the prices, terms and conditions, and services have been established without collusion with other Applicants and without effort to preclude Department from obtaining the best possible Application.

2.7. Applicant Withdrawal

Prior to the Closing Date for receipt of Applications, an Application may be withdrawn by submitting a written request for its withdrawal to Contract Specialist identified in Paragraph 3.3.2.

2.8. Public Disclosure

- 2.8.1. Pursuant to RSA 21-G:37, the content of responses to this RFA must remain confidential until the Governor and Executive Council have awarded a contract. At the time of receipt of Applications, the Department will publish the number of responses received with no further information. No later than five (5) business days prior to submission of a contract to the Department of Administrative Services pursuant to this RFA, the Department will post the name, rank or score of each Applicant. Applicant's disclosure or distribution of the contents of its Application, other than to the State, will be grounds for disqualification at the State's sole discretion.
- 2.8.2. The content of each Application and addenda thereto will become public information once the Governor and Executive Council have approved a contract. Any information submitted as part of an Application in response to this RFA may be subject to public disclosure under RSA 91-A. In addition, in accordance with RSA 9-F:1, any contract entered into as a result of this RFA will be made accessible to the public online via the website Transparent NH (www.nh.gov/transparentnh/). Accordingly, business financial information and proprietary information such as trade secrets, business and financials models and forecasts, and proprietary formulas may be exempt from public disclosure under RSA 91-A:5, IV.
- 2.8.3. Insofar as an Applicant seeks to maintain the confidentiality of its confidential commercial, financial or personnel information, the Applicant must clearly identify in writing the information it claims to be confidential and explain the reasons such information should be considered confidential. This must be done by separate letter identifying by page number and Application section the specific information the Applicant claims to be exempt from public disclosure pursuant to RSA 91-A:5. **The Applicant is strongly encouraged to provide a redacted copy of their application.**
- 2.8.4. Each Applicant acknowledges that the Department is subject to the Right-to-Know Law New Hampshire RSA Chapter 91-A. The Department shall maintain the confidentiality of the identified confidential information insofar as it is consistent with applicable laws or regulations, including but not limited to New Hampshire RSA Chapter 91-A. In the event the Department receives a request for the information identified by an Applicant as confidential, the Department shall notify the Applicant and specify the date the Department intends to release the requested

information. Any effort to prohibit or enjoin the release of the information shall be the Applicant's responsibility and at the Applicant's sole expense. If the Applicant fails to obtain a court order enjoining the disclosure, the Department may release the information on the date the Department specified in its notice to the Applicant without incurring any liability to the Applicant.

2.9. Non-Commitment

Notwithstanding any other provision of this RFA, this RFA does not commit the Department to award a Contract. The Department reserves the right to reject any and all Applications or any portions thereof, at any time and to cancel this RFA and to solicit new Applications under a new Application process.

2.10. Request for Additional Information or Materials

The Department may ask any Applicant to provide additional information or materials needed to clarify information presented in the Application. Such a request will be issued in writing and will not provide an Applicant with an opportunity to change, extend, or otherwise amend its Application in intent or substance.

2.11. Liability

By submitting an Application in response to this RFA, an Applicant agrees that in no event shall the State be either responsible for or held liable for any costs incurred by an Applicant in the preparation or submittal of or otherwise in connection with an Application, or for work performed prior to the Effective Date of a resulting contract.

2.12. Oral Presentations and Discussions

The Department reserves the right to require some or all Applicants to make oral presentations of their Application. The purpose of the oral presentation is to clarify and expound upon information provided in the written application. Applicants are prohibited from altering the original substance of their Applications during the oral presentations. The Department will use the information gained from oral presentations to refine the technical review scores. Any and all costs associated with an oral presentation shall be borne entirely by the Applicant.

2.13. Successful Applicant Notice and Contract Negotiations

- 2.13.1. If an Applicant(s) is selected, the Department will notify the successful Applicant(s) in writing of their selection and the State's desire to enter into contract negotiations. Until the Department successfully completes negotiations with the selected Applicant(s), all submitted Applications remain eligible for selection by the Department. In the event contract negotiations are unsuccessful with the selected Applicant(s), the evaluation team may recommend another Applicant(s). The Department will not contact Applicant(s) that are not initially selected to enter into contract negotiations.

2.14. Scope of Award and Contract Award Notice

- 2.14.1. The Department reserves the right to award a service, part of a service, group of services, or total services and to reject any and all Applications in whole or in part. A contract award is contingent on approval by the Governor and Executive Council.
- 2.14.2. If a contract is awarded, the Applicant must obtain written consent from the Department before any public announcement or news release is issued pertaining to any contract award.

2.15. Site Visits

The Department may, at its sole discretion, at any time prior to contract award, conduct a site visit at the Applicant's location or at any other location deemed appropriate by the Department, to determine the Applicant's capacity to satisfy the terms of this RFA. The Department may also require the applicant to produce additional documents, records, or materials relevant to determining the Applicant's capacity to satisfy the terms of this RFA. Any and all costs associated with any site visit or requests for documents shall be borne entirely by the Applicant.

2.16. Protest of Intended Award

Any challenge of an award made or otherwise related to this RFA shall be governed by RSA 21-G:37, and the procedures and terms of this RFA. The procedure set forth in RSA 21-G:37, IV, shall be the sole remedy available to challenge any award resulting from this RFA. In the event that any legal action is brought challenging this RFA and selection process, outside of the review process identified in RSA 21-G:37, IV, and in the event that the State of New Hampshire prevails, the challenger agrees to pay all expenses of such action, including attorney's fees and costs at all stages of litigation.

2.17. Contingency

Aspects of the award may be contingent upon changes to state or federal laws and regulations.

2.18. Ethical Requirements

From the time this RFA is published until a contract is awarded, no Applicant shall offer or give, directly or indirectly, any gift, expense reimbursement, or honorarium, as defined by RSA 15-B, to any elected official, public official, public employee, constitutional official, or family member of any such official or employee who will or has selected, evaluated, or awarded an RFP, or similar submission. Any Applicant that violates RSA 21-G:38 shall be subject to prosecution for an offense under RSA 640:2. Any Applicant who has been convicted of an offense based on conduct in violation of this section, which has not been annulled, or who is subject to a pending criminal charge for such an offense, shall be disqualified from submitting an Application to this RFA, or similar request for submission and every such Applicant shall be disqualified from submitting any Applicant or similar request for submission

issued by any state agency. An Applicant that was disqualified under this section because of a pending criminal charge which is subsequently dismissed, results in an acquittal, or is annulled, may notify the Department of Administrative Services, which shall note that information on the list maintained on the state's internal intranet system, except in the case of annulment, the information, shall be deleted from the list.

APPENDIX C

Addendum to CLAS Section of RFP for Purpose of Documenting Title VI Compliance

All DHHS applicants are required to complete the following two (2) steps as part of their application:

- (1) Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;
- (2) Taking into account the outcome of the four-factor analysis, respond to the questions below.

Background:

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure **meaningful access** by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The **key** to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The **starting point** for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients **does not diminish** the obligation covered entities have to address those needs.

APPENDIX C

Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person's limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as when there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

Applicant STEP #1 – Individualized Assessment Using Four-Factor Analysis

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

- (1) The **number** or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
- (2) The **frequency** with which LEP individuals come in contact with the program, activity or service;
- (3) The **importance** or impact of the contact upon the lives of the person(s) served by the program, activity or service;
- (4) The **resources** available to the organization to provide effective language assistance.

This addendum was created to facilitate an applicant's application of the four-factor analysis to the services they provide. At this stage, applicants are not required to submit their four-factor analysis as part of their application. **However, successful applicants will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council.** For further guidance, please see the Bidder's Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFP, which is available in the Vendor/RFP Section of the DHHS website.

APPENDIX C

Important Items to Consider When Evaluating the Four Factors.

Factor #1 The number or proportion of LEP persons served or encountered in the population that is eligible for the program.

Considerations:

- The eligible population is specific to the program, activity or service. It includes LEP persons serviced by the program, as well as those directly affected by the program, activity or service.
- Organizations are required not only to examine data on LEP persons served by their program, but also those in the community who are **eligible** for the program (but who are not currently served or participating in the program due to existing language barriers).
- Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.
- Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.
- An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.
- It is important to remember that the **focus** of the analysis is on the lack of English proficiency, not the ability to speak more than one language.

Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.

- The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily.
- Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program.
- The resulting plan may be as simple as being prepared to use a telephone interpreter service.
- The key is to have a plan in place.

APPENDIX C

Factor #3 The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.

- The more important a recipient's activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.
- When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient's health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time.

Factor #4 The resources available to the organization to provide effective language assistance.

- A recipient's level of resources and the costs of providing language assistance services is another factor to consider in the analysis.
- Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;
- Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations.

APPENDIX C

Applicant STEP #2 - Required Questions Relating to Language Assistance Measures

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (**Do not** attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

1. IDENTIFICATION OF LEP PERSONS SERVED OR LIKELY TO BE ENCOUNTERED IN YOUR PROGRAM		
a. Do you make an effort to identify LEP persons served in your program? (One way to identify LEP persons served in your program is to collect data on ethnicity, race, and/or preferred language.)	Yes	No

5. ENSURING COMPETENCY OF INTERPRETERS USED IN PROGRAM AND THE ACCURACY OF TRANSLATED MATERIALS			
a. Do you make effort to assess the language fluency of all interpreters used in your program to determine their level of competence in their specific field of service? (Note: A way to fulfill this requirement is to use certified interpreters only.)	Yes	No	
b. As a general rule, does your organization avoid the use of family members, friends, and other untested individual to provide interpretation services?	Yes	No
