REQUEST FOR APPLICATIONS

1. Request for Services

1.1. Purpose and Overview

1.1.1. Purpose

This Request for Applications (RFA) is published to solicit applications from Vendors to provide statewide school-based health clinic primary care and mental health services.

The Department of Health and Human Services, Division of Public Health Services, Bureau of Maternal and Child Health (Department) anticipates awarding one (1) or more contracts for the services in this RFA.

1.1.2. Overview

Since the start of the COVID-19 pandemic, there has been an increased need for both health and behavioral health services for New Hampshire K-12 students. Many students have missed crucial well child visits and immunizations, and many have developed increased symptoms of anxiety and depression.

Student mental health continues to be drastically affected by the COVID-19 pandemic. In December 2021, the U.S. Surgeon General, Dr. Vivek Murthy issued a Surgeon General's Advisory to highlight the urgent need to address the nation’s youth mental health crisis. This advisory provided recommendations that individuals, families, community organizations, governments, and others can take to improve the mental health of children, adolescents and young adults. One key recommendation is to expand the school-based mental health workforce.

Through collaboration with the Centers for Disease Control and Prevention (CDC), the Department will provide funding to sponsor school-based health clinics aimed to expand behavioral health and/or physical health services in NH K-12 schools.

Eligible Applicants must have applied to or currently be a Vendor for the NH DHHS Maternal and Child Health Care in the Integrated Primary Care Setting grant. Applicants must be able to start providing services and implement the proposed work plan following anticipated Governor and Council approval in the Fall of 2022.

The Department will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. The Contractor shall not reproduce any materials produced under the contract without prior written approval from the Department.

2.5.5. Culturally and Linguistically Appropriate Services

2.5.5.1. The New Hampshire Department of Health and Human Services is committed to reducing health disparities in New Hampshire and recognizes that culture and language can have a considerable impact on how individuals access and respond to health and human services. Culturally and linguistically diverse populations experience barriers in their efforts to access services. As a result, the Department is strongly committed to providing culturally and linguistically competent programs and services for its clients, and as a means of ensuring access to quality care for all. As part of that commitment, the Department continuously strives to improve existing programs and services, and to bring them in line with current best practices.

2.5.5.2. The Department requires all contractors and sub-recipients to provide culturally and linguistically appropriate programs and services in compliance with all applicable federal civil rights laws, which may include: Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and the Rehabilitation Act of 1973. Collectively, these laws prohibit discrimination on the grounds of race, color, national origin, disability, age, sex, and religion.

2.5.5.3. There are numerous resources available to help recipients increase their ability to meet the needs of culturally, racially and linguistically diverse clients. Some of the main information sources are listed in the Bidder’s Reference Guide for Completing the Culturally and Linguistically Appropriate Services Section of the RFP, and, in the Vendor/RFP section of the Department’s website.

2.5.5.4. A key Title VI guidance is the National Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards), developed by the U.S. Department of Health and Human Services in 2000. The CLAS Standards provide specific steps that organizations may take to make their services more culturally and linguistically appropriate. The enhanced CLAS standards, released in 2013, promote effective communication not only with persons with Limited English Proficiency, but also with persons who have other communication needs. The
enhanced Standards provide a framework for organizations to best serve the nation’s increasingly diverse communities.

2.5.5.5. Applicants are expected to consider the need for language services for individuals with Limited English Proficiency as well as other communication needs, served or likely to be encountered in the eligible service population, both in developing their budgets and in conducting their programs and activities.

2.5.5.6. Successful Applicants will be:

2.5.5.6.1. Required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within ten (10) days of the date the contract is approved by Governor and Council; and

2.5.5.6.2. Monitored on their Federal civil rights compliance using the Federal Civil Rights Compliance Checklist, which can be found in the Vendor/RFP section of the Department’s website.

2.5.5.7. The guidance that accompanies Title VI of the Civil Rights Act of 1964 requires recipients to take reasonable steps to ensure meaningful access to their programs and services by persons with Limited English Proficiency (LEP persons). The extent of an organization’s obligation to provide LEP services is based on an individualized assessment involving the balancing of four factors:

2.5.5.7.1. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program or services (this includes minor children served by the program who have LEP parent(s) or guardian(s) in need of language assistance);

2.5.5.7.2. The frequency with which LEP individuals come in contact with the program, activity or service;

2.5.5.7.3. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service; and

2.5.5.7.4. The resources available to the organization to provide language assistance.

2.5.5.8. Applicants are required to complete the TWO (2) steps listed in the Appendix C to this RFA, as part of their
Application. Completion of these two items is required not only because the provision of language and/or communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Applicants’ program design, which in turn, will allow Applicants to put forth the best possible Application.

2.5.5.9. For guidance on completing the two steps in Appendix C, please refer to Bidder’s Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFA, which is posted on the Department’s website. http://www.dhhs.nh.gov/business/forms.htm.

2.5.6. Audit Requirements

2.5.6.1. The Contractor must email an annual audit to dhhs.act@dhhs.nh.gov if any of the following conditions exist:

2.5.6.1.1. Condition A - The Contractor expended $750,000 or more in federal funds received as a subrecipient pursuant to 2 CFR Part 200, during the most recently completed fiscal year.

2.5.6.1.2. Condition B - The Contractor is subject to audit pursuant to the requirements of NH RSA 7:28, III-b, pertaining to charitable organizations receiving support of $1,000,000 or more.

2.5.6.1.3. Condition C - The Contractor is a public company and required by Security and Exchange Commission (SEC) regulations to submit an annual financial audit.

2.5.6.2. If Condition A exists, the Contractor shall submit an annual single audit performed by an independent Certified Public Accountant (CPA) to the Department within 120 days after the close of the Contractor’s fiscal year, conducted in accordance with the requirements of 2 CFR Part 200, Subpart F of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal awards.

2.5.6.3. If Condition B or Condition C exists, the Contractor shall submit an annual financial audit performed by an independent CPA within 120 days after the close of the Contractor’s fiscal year.

2.5.6.4. Any Contractor that receives an amount equal to or greater than $250,000 from the Department during a single fiscal year, regardless of the funding source, may be required, at a minimum, to submit annual financial audits performed by an
independent CPA if the Department’s risk assessment
determination indicates the Contractor is high-risk.

2.5.6.5. In addition to, and not in any way in limitation of obligations of
the Contract, it is understood and agreed by the Contractor that
the Contractor shall be held liable for any state or federal audit
exceptions and shall return to the Department all payments
made under the Contract to which exception has been taken, or
which have been disallowed because of such an exception.

2.6. Non-Collusion

The Applicant’s required signature on the Transmittal Cover Letter for an Application
submitted in response to this RFA guarantees that the prices, terms and conditions,
and services have been established without collusion with other Applicants and
without effort to preclude Department from obtaining the best possible Application.

Prior to the Closing Date for receipt of Applications, an Application may be withdrawn
by submitting a written request for its withdrawal to Contract Specialist identified in
Paragraph 3.3.2.

the number of responses received with no further information. No later than
five (5) business days prior to submission of a contract to the Department
of Administrative Services pursuant to this RFA, the Department will post
the name, rank or score of each Applicant. Applicant’s disclosure or
distribution of the contents of its Application, other than to the State, will be
grounds for disqualification at the State’s sole discretion.

2.8.2. The content of each Application and addenda thereto will become public
information once the Governor and Executive Council have approved a
contract. Any information submitted as part of an Application in response to
this RFA may be subject to public disclosure under RSA 91-A. In addition,
in accordance with RSA 9-F:1, any contract entered into as a result of this
RFA will be made accessible to the public online via the website

explain the reasons such information should be considered confidential.
This must be done by separate letter identifying by page number and Application section the specific information the Applicant claims to be exempt from public disclosure pursuant to RSA 91-A:5. **The Applicant is strongly encouraged to provide a redacted copy of their application.**

2.8.4. Each Applicant acknowledges that the Department is subject to the Right-to-Know Law New Hampshire RSA Chapter 91-A. The Department shall maintain the confidentiality of the identified confidential information insofar as it is consistent with applicable laws or regulations, including but not limited to New Hampshire RSA Chapter 91-A. In the event the Department receives a request for the information identified by an Applicant as confidential, the Department shall notify the Applicant and specify the date the Department intends to release the requested information. Any effort to prohibit or enjoin the release of the information shall be the Applicant's responsibility and at the Applicant's sole expense. If the Applicant fails to obtain a court order enjoining the disclosure, the Department may release the information on the date the Department specified in its notice to the Applicant without incurring any liability to the Applicant.

2.9. **Non-Commitment**

Notwithstanding any other provision of this RFA, this RFA does not commit the Department to award a Contract. The Department reserves the right to reject any and all Applications or any portions thereof, at any time and to cancel this RFA and to solicit new Applications under a new Application process.

2.10. **Request for Additional Information or Materials**

The Department may ask any Applicant to provide additional information or materials needed to clarify information presented in the Application. CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS

The Vendor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor’s representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services’ (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participant,” “person,” “primary covered transaction,” “principal,” “proposal,” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.

6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions,” provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and
information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS
11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification; and

11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS
13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

APPENDIX C

Addendum to CLAS Section of RFA for Purpose of Documenting Title VI Compliance

All DHHS applicants are required to complete the following two (2) steps as part of their application:

(1) Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;

(2) Taking into account the outcome of the four-factor analysis, respond to the questions below.

Background:

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure meaningful access by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The key to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The starting point for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients does not diminish the obligation covered entities have to address those needs.
Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person’s limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as then there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

**Applicant STEP #1 – Individualized Assessment Using Four-Factor Analysis**

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

1. **The number** or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
2. **The frequency** with which LEP individuals come in contact with the program, activity or service;
3. **The importance** or impact of the contact upon the lives of the person(s) served by the program, activity or service;
4. **The resources** available to the organization to provide effective language assistance.

This addendum was created to facilitate an applicant’s application of the four-factor analysis to the services they provide. At this stage, applicants are not required to submit their four-factor analysis as part of their application. **However, successful applicants will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council.** For further guidance, please see the Bidder’s Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFA, which is available in the Vendor/RFP Section of the DHHS website.
**Important Items to Consider When Evaluating the Four Factors.**

**Factor #1 The number or proportion of LEP persons served or encountered in the population that is eligible for the program.**

**Considerations:**
- The eligible population is specific to the program, activity or service. It includes LEP persons serviced by the program, as well as those directly affected by the program, activity or service.
- Organizations are required not only to examine data on LEP persons served by their program, but also those in the community who are *eligible* for the program (but who are not currently served or participating in the program due to existing language barriers).
- Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.
- Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.
- An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.
- It is important to remember that the focus of the analysis is on the lack of English proficiency, not the ability to speak more than one language.

**Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.**

- The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily.
- Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program.
- The resulting plan may be as simple as being prepared to use a telephone interpreter service.
- The key is to have a plan in place.
<table>
<thead>
<tr>
<th>Factor #3</th>
<th>The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>•</strong></td>
<td>The more important a recipient’s activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.</td>
</tr>
<tr>
<td><strong>•</strong></td>
<td>When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient’s health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Factor #4</th>
<th>The resources available to the organization to provide effective language assistance.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>•</strong></td>
<td>A recipient’s level of resources and the costs of providing language assistance services is another factor to consider in the analysis.</td>
</tr>
<tr>
<td><strong>•</strong></td>
<td>Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;</td>
</tr>
<tr>
<td><strong>•</strong></td>
<td>Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations.</td>
</tr>
</tbody>
</table>
Applicant STEP #2 - Required Questions Relating to Language Assistance Measures

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (Do not attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

language assistance: (1) oral interpretation and (2) translation of
