

## ADDENDUM #4

NH DHHS – RFP 2022-022

### Electronic Infectious Disease Surveillance System

(Changes are reflected in ***bold, underlined and italicized text*** below to enable vendors to quickly recognize changes.)

On March 2, 2022, the New Hampshire Department of Health and Human Services published a Request for Proposals (RFP), seeking a vendor to develop and maintain a new electronic infectious disease surveillance system (with associated user interface) to modernize disease reporting, surveillance and management.

The infectious disease surveillance system is critical to the State's capacity to monitor and control the spread of infectious diseases, detect outbreaks of infectious diseases, to respond in a timely manner to control their spread, and to report data to the Centers for Disease Control and Prevention as required.

The Department is publishing this addendum to:

1. Modify RFP, Appendix C – Topics for Mandatory Responses, by deleting it in its entirety and replacing with *Addendum #4 – Attachment 1, Appendix C – Topics for Mandatory Responses*, published on the RFP web page at [NH DHHS - RFP 2022-022](#).

***Note: No changes to mandatory topic questions – only corrections to topic subsection numbering to align with Table C, Topics.***

2. Modify RFP, Attachment 1, Business and Technical Requirements Workbook, by deleting Tab 4, Activities/Deliverables/Milestones/Pricing Worksheet, in its entirety.  
***Please use Appendix E – Pricing (editable Word doc) published on the RFP's web page at NH DHHS - RFP 2022-022.***
3. Modify RFP, Attachment 1, Business and Technical Requirements Workbook, Tab 3, Application Requirements, Project Management, by ***deleting P1.12 in its entirety.***
