

2019 NH TrACE Study Participating Medical Facilities

The facilities listed below are the only locations you can have your blood and urine samples collected. There are specific hours they will be available to collect your samples for this study. Please be mindful of the hours for the facility you choose.

*You do not pay for this.

*You do not need to fast. Please drink water and do not use the restroom just before arriving at the facility for your collection.

*You must have your blood drawn and urine collected within 3 weeks of receiving your collection kit.

*Some facilities may require you to register first.
